The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Second General Court
(2021-2022)**

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth and for certain permanent improvements and to meet certain requirements of law, the sums set forth in this act, for the several purposes and subject to the conditions specified, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the laws regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2024. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and persons with a disability. All officials and employees of an agency, board, department, commission or division receiving funds under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government and in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission and division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all other terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section, by source, for the respective funds of the commonwealth for the fiscal year ending June 30, 2024 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for fiscal year 2024 as set forth and authorized in this act. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing those receipts with the projected receipts set forth in this section and shall include a full statement comparing the actual and projected receipts in the annual report for fiscal year 2024 pursuant to section 12 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2024 the distribution of unrestricted general government aid to cities and towns of the balance of the State Lottery and Gaming Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund and the Gaming Local Aid Fund, shall be \$1,270,595,794 and shall be apportioned to cities and towns in accordance with this section.

For fiscal year 2024 the total amounts to be distributed and paid to each city, town and regional school district from item 7061-0008 of section 2, shall be as set forth in the following lists. If there is conflict between the language of this section and the distribution listed below, the distribution below shall control. The specified amounts distributed from said item 7061-0008 of said section 2 shall be deemed in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2024, a district's school aid shall be calculated according to the provisions of said chapter 70, as most recently amended by Chapter 132 of the Acts of 2019, also known as the Student Opportunity Act. The foundation budget category of "low-income enrollment" for the purpose of calculating foundation enrollment shall be the higher of: (a) the number of students identified as economically-disadvantaged by qualifying as a match in the commonwealth's direct certification system, as maintained in the executive office of health and human services virtual gateway system: supplemental nutrition assistance program (SNAP), temporary assistance for needy families (TANF), Medicaid (MassHealth) and foster care, or (b) the district's fiscal year 2016 low-income percentage multiplied by its current foundation enrollment; provided further, that the assumed special education enrollment percentage for vocational school students shall be set at 4.90 per cent and the assumed special education enrollment percentage for non-vocational school students shall be set at 3.90 per cent.

The per-pupil rates for the employee benefits and fixed charges allotments shall be adjusted by the foundation employee benefits inflation rate and the per-pupil rates for all other foundation allotments shall be adjusted by the foundation inflation index. Foundation increments shall be the additional resources provided for the education of students designated as English learners or low-income; provided, however, that for low-income students the amount of the foundation increment shall be determined by the low-income group into which each district is assigned. Foundation budget rates for employee benefits and fixed charges, guidance and psychological services, special education out-of-district tuition, English learners and low-income students shall be increased by three-sixths of the gap between the rates used in fiscal year 2021 and the rates established in tables 1 and 2 of section 3 of said chapter 70, consistent with adjustments prescribed in said section 3 and set at the rates identified in the table below. Required local contributions shall be calculated pursuant to said chapter 70; provided, that municipal revenue growth factors shall be calculated in a manner consistent with calculations made in fiscal year 2023; provided further, that the total statewide target local contribution shall be 59 percent and the effort reduction percentage shall be 100 percent; and provided further that the minimum aid per pupil dollar amount shall be \$60.

Chapter 70 aid for fiscal year 2024 shall be the greater of: (i) foundation aid, or (ii) the sum of base aid and minimum aid. No non-operating district shall receive chapter 70 aid in an amount greater than the district’s foundation budget.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, however, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year’s annual financial reports submitted under section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.

243 section 12 of chapter 7A, the comptroller shall certify the amount of funds expended in the prior
244 fiscal year from the fund and designate each expenditure as transportation or education on the
245 basis of the department through which the expenditures were authorized.

246 Section 2CCCCC. (a) For the purposes of this section, “income surtax revenue” shall
247 mean income tax revenue from the additional 4 per cent income tax levied on annual taxable

257 said section 2BBBBBB. Amounts credited to the fund may be expended, subject to
258 appropriation, to offset the unforeseen and dramatic loss of revenues within a fiscal year, after
259 implementing all efficiencies and savings possible, to pay current liabilities of the Education and

260 Transportation Fund established in subsection (b) of said section 2BBBBBB. The account shall
261 not be subject to section 5C.

262 (c) The comptroller shall certify the balance of the fund at the end of each fiscal year.

263 Section 2DDDDDD. (a) For the purposes of this section, “income surtax revenue” shall
264 mean income tax revenue from the additional 4 per cent income tax levied on annual taxable

274 including, but not limited to, pay-go capital or other 1-time projects, related to quality public
275 education and affordable public colleges and universities and for the repair and maintenance of
276 roads, bridges and public transportation. Amounts credited to the fund shall be made available
277 for expenditure upon their certification pursuant to section 5I. The fund shall not be subject to
278 section 5C.

279 (c) The comptroller shall certify the balance of the fund at the end of each fiscal year.

285 additional 4 per cent tax was not in effect, the commissioner shall calculate the amount of
286 income that would have been subject to the taxes, adjusted for increases in the cost of living in

287 the same manner as described in Article XLIV of the Amendments to the Constitution of the
288 Commonwealth and set forth pursuant to paragraph (d) of section 4 of chapter 62.

289 SECTION 16. Section 5G of said chapter 29, as appearing in the 2020 Official Edition, is
290 hereby amended by adding the following paragraph:-

291 For the purposes of this section, income tax revenue collected from the additional 4 per

305 to September 30, inclusive.

306 (2) Each quarterly period certification under subsection (a) shall include, as necessary,
307 adjustments to estimates made with respect to prior quarters of the same fiscal year; provided,
308 however, that annually, not later than December 15, the commissioner shall issue to the

311 Amendments of the Constitution of the Commonwealth, plus adjustments as necessary for prior
312 fiscal years.

313 (3) Each quarterly period certification shall include the total balance, in the aggregate, of
314 the funds established in sections 2BBBBBB, 2CCCCC and 2DDDDDD.
