### *Analysis by the Legislative Reference Bureau*

This bill requires the Department of Justice, in consultation with the Technical College System Board, the Department of Safety and Professional Services, and the Cosmetology Examining Board, to identify and establish industry specific materials for use in providing instruction to students in schools of barbering, schools of cosmetology, and specialty schools in the recognition and reporting of human trafficking. Specialty schools are establishments that offer instruction in aesthetics, electrology, or manicuring. Further, under the bill, DSPS and the Cosmetology Examining Board must require that schools of barbering, schools of cosmetology, and specialty schools provide instruction on the dynamics of exploitation including vulnerabilities that put people at risk of being trafficked and how to recognize and report suspected human trafficking as identified by DOJ under the bill.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
