LAWS OF ALASKA

2018

Chapter No.

AN ACT

Relating to the duties of the commissioner of natural resources; relating to agriculture; relating to the noncommercial transfer of seed; and relating to community seed libraries.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1

Enrolled HB 197

AN ACT

Relating to the duties of the commissioner of natural resources; relating to agriculture; 1 2 relating to the noncommercial transfer of seed; and relating to community seed libraries. 3 4 * Section 1. AS 03.05.010(a) is amended to read: 5 (a) The commissioner of natural resources shall 6 (1) direct, administer, and supervise promotional and experimental 7 work, extension services, and agricultural projects for the purpose of promoting and 8 developing commercial and noncommercial [THE] agricultural industry in [WITHIN] the state, including [SUCH FIELDS AS] horticulture, dairying, cattle 9 raising, fur farming, grain production, vegetable production, and [DEVELOPMENT 10 11 OF OTHER] agricultural products; 12 (2) procure and preserve all information pertaining to <u>developing</u> the 13 [DEVELOPMENT OF THE] agricultural industry in the state and disseminate that 1 information to the public;

2 (3) assist prospective settlers and others [DESIRING] to engage in the 3 agricultural industry in the state by providing [WITH] information about 4 [CONCERNING AREAS SUITABLE FOR AGRICULTURE AND OTHER] 5 activities and programs essential to **developing** the [DEVELOPMENT OF THE] 6 agricultural industry and areas in the state that are suitable for agriculture; 7 (4) review the marketing, financing, transportation, and development 8 of agricultural products in [INSIDE] the state [INCLUDING TRANSPORTATION], 9 with special emphasis on [UPON] local production, and negotiate for the marketing of 10 agricultural products of the state with federal and state agencies operating in the state; 11 (5) regulate and control the entry in [INTO] the state and the 12 transportation, sale, or use in [INSIDE] the state of plants, seeds, vegetables, shell 13 eggs, fruits and berries, nursery stock, animal feeds, remedies and mineral 14 supplements, fertilizers, and agricultural chemicals [IN ORDER] to prevent the spread 15 of pests, diseases, or toxic substances injurious to the public interest [,] and [TO] 16 protect the agricultural industry against fraud, deception, and misrepresentation; for 17 purposes of this paragraph, [IN THIS CONNECTION] the commissioner may 18 require registration, inspection, and testing, and **may** establish procedures and fees; 19 (6) regulate the farming of elk in a manner similar to the manner in 20 which the commissioner regulates domestic animals and livestock, to the extent that is 21 appropriate; 22 (7) regulate the labeling of seed that does not comply with the 23 requirements of AS 03.20.130 [REPEALED]. 24 * Sec. 2. AS 03.05.030 is amended to read: 25 Sec. 03.05.030. Rules for grading and classification of agricultural 26 products. Subject to (b) of this section, the [THE] commissioner may adopt rules, 27 regulations, and procedures requiring the classification, grading, and inspection of 28 agricultural products before the products are sold or offered for sale for general 29 consumption [BEFORE THEY ARE SOLD], and requiring the marking or labeling of 30 **<u>a</u>** [ANY] sack, box, carton, or other container of <u>**an**</u> agricultural <u>**product**</u> 31 [PRODUCTS] to show the kind, grade, or other prescribed classification of the

1 container's contents. 2 * Sec. 3. AS 03.05.030 is amended by adding a new subsection to read: 3 (b) A rule, regulation, or procedure adopted under (a) of this section does not 4 apply to the noncommercial transfer of seed under AS 03.20.110 or the giving or 5 exchanging of seed through a community seed library under AS 03.20.120(a), unless 6 the seed 7 (1) does not comply with requirements applicable under AS 03.20; 8 (2) contains seed of a patented, protected, or proprietary variety used 9 without permission of the patent or certificate holder of the intellectual property 10 associated with the variety; 11 (3) has been misrepresented as seed classified, graded, or inspected 12 under (a) of this section; or 13 (4) contains prohibited or restricted weed seed or seed from a species 14 the department has determined is noxious. 15 * Sec. 4. AS 03.20 is amended by adding new sections to read: 16 Article 1A. Noncommercial Transfer of Seed and Community Seed Libraries. 17 Sec. 03.20.110. Noncommercial transfer of seed. An individual may give to 18 or exchange with another individual for noncommercial use in the state seed that is 19 otherwise legal to possess in the state. 20 Sec. 03.20.120. Community seed libraries. (a) A person may establish a 21 community seed library for individual giving or exchanging of seed that is intended 22 for home, educational, charitable, or noncommercial use in the state and that is 23 harvested from a plant grown 24 (1) outside the state and imported into the state in compliance with 25 AS 03.05.010(a)(5); or 26 (2) in the state. 27 (b) A person may give seed to or exchange seed with another person through a 28 community seed library established under (a) of this section. 29 (c) Seed given, exchanged, or offered for giving or exchanging under (b) of 30 this section must be 31 (1) packaged either in the original package or repackaged; and

1	(2) except as provided in (d) of this section, labeled with the following
2	information on each package:
3	(A) the common name of the plant from which the seed
4	derives;
5	(B) the name and address of the community seed library;
6	(C) the statement "Not authorized for commercial use and not
7	classified, graded, or inspected by the State of Alaska"; and
8	(D) if treated with a toxic substance, the statement "Treated
9	seedNot for consumption."
10	(d) A person who is giving, exchanging, or offering a seed package at a
11	community seed library may satisfy the labeling requirement under (c)(2) of this
12	section by displaying a sign near the packaged seed that identifies the seed and clearly
13	states the information required under $(c)(2)$ of this section.
14	Sec. 03.20.130. Limitations. A person may not give seed to or exchange seed
15	with another person under AS 03.20.110 and 03.20.120 in an amount that, for each
16	person who receives the seed, exceeds 100 pounds.
17	Sec. 03.20.140. Online publication of noncommercial giving or exchanging
18	of seed. A person involved in noncommercial giving or exchanging of seed under
19	AS 03.20.110 and 03.20.120 may register online with the department under
20	AS 44.37.030(b) and submit to the department information, including the person's
21	name, telephone number, and electronic mail address, and the location where the
22	person gives or exchanges seed, for publication on the department's Internet website.
23	Sec. 03.20.150. Applicability of other laws. Nothing in AS 03.20.110 -
24	03.20.150 authorizes a person to
25	(1) violate 7 U.S.C. 2321 - 2582 (Plant Variety Protection Act of
26	1970);
27	(2) give, exchange, or receive a seed
28	(A) from a plant that is regulated as
29	(i) a controlled substance under AS 11.71 or a drug
30	under AS 17.20; or
31	(ii) marijuana under AS 17.38; or

-4-

2 1930); 3 (3) possess, give, or exchange seed that is considered to be noxious, invasive, or toxic under AS 03.05 or AS 44.37 or a regulation adopted under those chapters. * Sec. 5. AS 03.22.020 is amended to read: 7 Sec. 03.22.020. Purpose of center. The objectives of the plant materials center, in cooperation with the college or department of the University of Alaska responsible for the Agricultural and Forestry Experiment Station, are to 10 (1) assemble, evaluate, select, and increase plant materials needed in soil and water conservation, agriculture, and industry, and maintain genetic purity of these materials; 13 (2) increase promising plant materials for field scale testing; 14 (3) test the promising materials in field plantings on sites that represent soil and climatic conditions not found at the center; 16 (4) maintain and provide for increase of basic seed stocks of plant materials for agricultural and conservation interests; 18 (5) make seed and plant materials available, for a fee if necessary, in such a manner as to avoid monopolistic control of basic stocks of these materials and encourage the development of a seed industry, noncommercial transfer of seed, and encourage the development of a seed industry, noncommercial transfer of seed, and encourage the development of a seed industry, noncommercial transfer of seed, and community seed libraries established under AS 03.20.120; 22 (6) support but not duplicate activities carried on by state or federally funded research programs in the state; 23	1	(B) patented under 35 U.S.C. 161 - 164 (Plant Patent Act of
4 invasive, or toxic under AS 03.05 or AS 44.37 or a regulation adopted under those 5 chapters. 6 * Sec. 5. AS 03.22.020 is amended to read: 7 Sec. 03.22.020. Purpose of center. The objectives of the plant materials 8 center, in cooperation with the college or department of the University of Alaska 9 responsible for the Agricultural and Forestry Experiment Station, are to 10 (1) assemble, evaluate, select, and increase plant materials needed in 11 soil and water conservation, agriculture, and industry, and maintain genetic purity of 12 these materials; 13 (2) increase promising plant materials for field scale testing; 14 (3) test the promising materials in field plantings on sites that represent 15 soil and climatic conditions not found at the center; 16 (4) maintain and provide for increase of basic seed stocks of plant 17 materials for agricultural and conservation interests; 18 (5) make seed and plant materials available, for a fee if necessary, in 19 such a manner as to avoid monopolistic control of basic stocks of these materials and 20 consumunity seed libraries established under AS 03.20.120; 21 (6) support but not duplicate activities carrie	2	1930);
5 chapters. 6 * Sec. 5. AS 03.22.020 is amended to read: 7 Sec. 03.22.020. Purpose of center. The objectives of the plant materials 8 center, in cooperation with the college or department of the University of Alaska 9 (1) assemble, evaluate, select, and increase plant materials needed in 10 (1) assemble, evaluate, select, and increase plant materials needed in 11 soil and water conservation, agriculture, and industry, and maintain genetic purity of 12 these materials; 13 (2) increase promising plant materials for field scale testing; 14 (3) test the promising materials in field plantings on sites that represent 15 soil and climatic conditions not found at the center; 16 (4) maintain and provide for increase of basic seed stocks of plant 17 materials for agricultural and conservation interests; 18 (5) make seed and plant materials available, for a fee if necessary, in 19 such a manner as to avoid monopolistic control of basic stocks of these materials and 20 encourage the development of a seed industry, noncommercial transfer of seed, and 21 community seed libraries established under AS 03.20.120; 22 (6) support but not duplicate activities carried o	3	(3) possess, give, or exchange seed that is considered to be noxious,
 * Sec. 5. AS 03.22.020 is amended to read: Sec. 03.22.020. Purpose of center. The objectives of the plant materials center, in cooperation with the college or department of the University of Alaska responsible for the Agricultural and Forestry Experiment Station, are to (1) assemble, evaluate, select, and increase plant materials needed in soil and water conservation, agriculture, and industry, and maintain genetic purity of these materials; (2) increase promising plant materials for field scale testing; (3) test the promising materials in field plantings on sites that represent soil and climatic conditions not found at the center; (4) maintain and provide for increase of basic seed stocks of plant materials for agricultural and conservation interests; (5) make seed and plant materials available, for a fee if necessary, in such a manner as to avoid monopolistic control of basic stocks of these materials and encourage the development of a seed industry<u>noncommercial transfer of seed, and</u> community seed libraries established under AS 03.20.120; (6) support but not duplicate activities carried on by state or federally funded research programs in the state; (7) prepare, publish, and disseminate a summary report on all studies as they are completed. * Sec. 6. AS 44.37.030. Buties of department with respect to agriculture. The Department of Natural Resources shall (1) <u>obtain and publish</u> [GET AND DISTRIBUTE] information <u>electronically and in print</u> on subjects connected with agriculture, <u>including</u> 	4	invasive, or toxic under AS 03.05 or AS 44.37 or a regulation adopted under those
