18 (b) Prior to the issuance of bonds authorized under (a) of this section, the  
19 committee shall send notice of the issuance to the legislature.

6 fund is established in the general fund to receive the proceeds of the sale of bonds

9 and Public Facilities shall use money in the construction fund to pay the cost of  
10 acquiring, constructing, and equipping the Knik Arm bridge and appurtenant facilities.  
11 To the extent allowed by the bond resolution, money in the construction fund may also  
12 be used for the payment of interest on the bonds during the time of construction.  
13 Money in the construction fund may be transferred to the bond redemption fund, as  
14 permitted by the bond resolution.

15 (b) The bond resolution may provide for the investment of money in the  
16 construction fund as the committee determines. The interest earned on the investment  
17 of money in the fund shall be retained in the fund.

18 **Sec. 37.15.235. Toll bridge revenue bond limit.** The total unpaid principal

11 **Sec. 37.15.245. Toll bridge revenue bond redemption fund.** (a) The toll  
12 bridge revenue bond redemption fund is established as a special fund of the state. The  
13 bond redemption fund is a trust fund for paying and securing the payment of the  
14 principal of and interest and redemption premium, if any, on the bonds and shall be at  
15 all times completely segregated and set apart from all other funds of the state. The  
16 bond redemption fund shall be drawn on only for the purpose of paying the principal  
17 of and interest and redemption premium, if any, on the bonds, together with related  
18 trustee fees, if any.

19 (b) Money in the bond redemption fund may be invested in the same manner  
20 and on the same conditions as permitted for investment of money belonging to the  
21 state or held in the treasury under AS 37.10.070; however, the committee may agree  
22 with the bondholders to further limit these investments. Earnings on investments must  
23 be retained in the bond redemption fund or a designated account in the bond  
24 redemption fund.

12 safeguarding payment of the bonds and relating to the funding of projects as found  
13 necessary by the committee or the committee's delegated representative.

14 (c) If the committee or the committee's delegated representative finds it  
15 reasonably necessary, the committee or the committee's delegated representative may  
16 select a trustee or trustees for the holders of the bonds, or any series of them, for the  
17 safeguarding and disbursement of any of the money in the bond redemption fund, or

19 registration of the bonds as the committee may determine. The committee or the  
20 committee's delegated representative shall fix the rights, duties, powers, and

2 representative, subject to parameters set by the committee, may fix the principal  
3 amount, denominations, date, maturities, manner of sale, place or places of payment,

5 each series of bonds.

15 applied solely to the payment of the interest on and principal of bonds authorized  
16 under AS 37.15.225 - 37.15.290 as the interest and principal become due and payable  
17 to the retirement of bonds. Money may not be withdrawn if a withdrawal would  
18 reduce the amount in the reserve fund to an amount less than the required debt service  
19 reserve except for payment of interest then due and payable on bonds and the principal  
20 of bonds then maturing and payable and for the retirement of bonds in accordance  
21 with the terms of the bond resolution or trust agreement and for which payment is not  
22 then available.

23 (c) Money in the reserve fund in excess of the required debt service reserve as  
24 defined in (b) of this section, whether because of investment or otherwise, may be  
25 withdrawn at any time or may be transferred to the bond redemption fund subject to  
26 (h) of this section.

27 (d) Money in the reserve fund may be invested in the same manner and on the  
28 same conditions as permitted for investment of funds belonging to the state or held in  
29 the treasury under AS 37.10.070; however, the committee or the committee's  
30 delegated representative may agree with the bondholders to further limit these  
31 investments.

1 (e) For purposes of valuation, investments in the reserve fund shall be valued  
2 at par or, if purchased at less than par, at cost, unless otherwise provided by resolution  
3 of the committee. Valuation on a particular date shall include the amount of interest  
4 then earned or accrued to that date on the money or investments in the reserve fund.

5 (f) Notwithstanding any other provision of AS 37.15.225 - 37.15.290, bonds  
6 may not be issued under a trust agreement, indenture, or bond resolution unless there  
7 is in the reserve fund the required debt service reserve for all bonds then issued under  
8 a trust agreement, indenture, or bond resolution and outstanding and for the bonds to  
9 be issued; however, the committee may satisfy this requirement by depositing as much  
10 of the proceeds of the bonds to be issued, on their issuance, as is needed to meet the  
11 required debt service reserve. The committee may, at any time, issue bonds or notes  
12 for the purpose of increasing the amount in the reserve fund to the required debt  
13 service reserve, or to meet whatever higher or additional reserve that may be fixed by  
14 a bond resolution or trust agreement with respect to the fund.

15 (g) To ensure the required debt service reserve is maintained in the reserve  
16 fund, the legislature may appropriate annually for deposit in the fund the sum, certified  
17 by the commissioner of revenue to the governor and to the legislature, that is  
18 necessary to restore the fund to an amount equal to the required debt service reserve.  
19 The commissioner of revenue annually, before January 30, shall make and deliver to  
20 the governor and to the legislature a certificate stating the sum required to restore the  
21 fund to that amount, and the certified sum may be appropriated during the then current  
22 state fiscal year. Nothing in this subsection creates a debt or liability of the state.

23 (h) All amounts received because of money appropriated to the reserve fund  
24 shall be held and applied in accordance with (b) of this section.

25 (i) All references to the reserve fund in this section include special accounts  
26 within the reserve fund that may be created by resolution or trust agreement to secure  
27 the payment of particular bonds.

28 (j) The commissioner of revenue may, subject to appropriation, lend surplus  
29 money in the general fund for deposit to an account in the reserve fund in an amount  
30 equal to the required debt service reserve. The loans shall be made on the terms and  
31 conditions that may be agreed on by the commissioner of revenue and the trustee,

1 including, without limitation, terms and conditions providing that the loans need not  
2 be repaid until the obligations of the state secured and to be secured by the account in  
3 the reserve fund are no longer outstanding.

4 (k) In this section, "required debt service reserve" means, on the date of  
5 computation, the amount required to be on deposit in the reserve fund as provided by  
6 resolution of the committee.

7 **Sec. 37.15.265. Enforcement by bond owner.** The holder of any bonds or the  
8 trustee for the holders of the bonds or any series of them, may, by appropriate  
9 proceedings in the superior court, compel the transfer, setting aside, and payment of  
10 money and the enforcement of all of the terms, conditions, and covenants as required  
11 and provided for in AS 37.15.225 - 37.15.290 and in the bond resolution or trust  
12 agreement.

13 **Sec. 37.15.270. Amounts required for payments.** The committee shall,  
14 before June 30 of each year or from time to time within the year, as appropriate,  
15 commencing with the year in which the bonds are issued, certify to the commissioners  
16 of revenue and administration the amounts required in the current fiscal year and the  
17 next ensuing fiscal year by the bond resolution or resolutions or trust agreements to be  
18 paid out of toll bridge revenue or capitalized amounts into the bond redemption fund  
19 and to be paid into and maintained in any reserve fund or account or other fund or  
20 account created by the bond resolution or resolutions. The committee shall also certify  
21 to the commissioners the last date or dates on which payments may be made.

22 **Sec. 37.15.275. Refunding.** (a) The committee may refund the bonds or any  
23 part of the bonds at or before their maturity or redemption dates by issuing refunding  
24 revenue bonds of the state if the committee determines the refunding to be  
25 advantageous to and in the best interest of the state.

26 (b) The issuance of refunding bonds need not be authorized by the voters of  
27 the state or by an act of the legislature. The committee shall adopt the resolution or  
28 resolutions and prepare all other documents and proceedings necessary for the  
29 issuance, exchange or sale, and delivery of the refunding bonds. All provisions of  
30 AS 37.15.225 - 37.15.290 applicable to revenue bonds are applicable to the refunding  
31 bonds and to the issuance, sale, or exchange of the refunding bonds, except as

1 otherwise provided in this section.

2 (c) The committee may issue refunding bonds in a principal amount sufficient  
3 to provide money for the advance or current refunding of all bonds to be refunded and  
4 interest on the refunded bonds and to pay the costs of issuance and administration of  
5 the refunding bonds. These expenses also include the difference in amount between  
6 the par value of the refunding bonds and any amount less than par for which the  
7 refunding bonds are sold; the premium, if any, necessary to be paid in order to call or  
8 retire the outstanding bonds and the interest accruing on them to the date of the call or  
9 retirement; and other costs. The committee is authorized to incur the expenses.

10 (d) The committee or the committee's delegated representative may contract  
11 with a refunding trustee to hold the proceeds of refunding bonds in trust until the  
12 proceeds, together with earnings on the proceeds, are applied to pay the principal of,  
13 premium, if any, and interest on the bonds to be refunded. Until the refunding bond  
14 proceeds are applied, the proceeds may be invested in direct obligations of, or  
15 obligations guaranteed by, the United States or an agency or corporation of the United  
16 States whose obligations constitute direct obligations of, or obligations guaranteed by,  
17 the United States.

18 **Sec. 37.15.280. Bonds as legal investments.** The bonds are legal investments  
19 for all banks, trust companies, savings banks, savings and loan associations, and other  
20 persons carrying on a banking business, all insurance companies and other persons  
21 carrying on an insurance business, and all executors, administrators, trustees, and other  
22 fiduciaries. The bonds may be accepted as security for deposits of all money of the  
23 state and its political subdivisions.

24 **Sec. 37.15.285. Statutory construction.** AS 37.15.225 - 37.15.290 shall be
