3	as contained in this section is enacted into law and entered into on behalf of the state
4	with all other states and jurisdictions legally joining it in a form substantially as
5	follows:
6	ARTICLE I
7	Findings and Declaration of Purpose
8	(a) The legislature finds that:
9	(1) The health and safety of the public are affected by the degree of
10	compliance with and the effectiveness of enforcement activities related to state nurse
11	licensure laws;
12	(2) Violations of nurse licensure and other laws regulating the practice
13	of nursing may result in injury or harm to the public;
14	(3) The expanded mobility of nurses and the use of advanced
15	communication technologies as part of our nation's health care delivery system require
16	greater coordination and cooperation among states in the areas of nurse licensure and
17	regulation;
18	(4) New practice modalities and technology make compliance with
19	individual state nurse licensure laws difficult and complex;
20	(5) The current system of duplicative licensure for nurses practicing in
21	multiple states is cumbersome and redundant for both nurses and states; and
22	(6) Uniformity of nurse licensure requirements throughout the states
23	promotes public safety and public health benefits.
24	(b) The general purposes of this Compact are to:
25	(1) Facilitate the states' responsibility to protect the public's health and
26	safety;
27	(2) Ensure and encourage the cooperation of party states in the areas of
28	nurse licensure and regulation;
29	(3) Facilitate the exchange of information between party states in the
30	areas of nurse regulation, investigation and adverse actions;
31	(4) Promote compliance with the laws governing the practice of

1	nursing in each jurisdiction;
2	(5) Invest all party states with the authority to hold a nurse accountable
3	for meeting all state practice laws in the state in which the patient is located at the time
4	care is rendered through the mutual recognition of party state licenses;
5	(6) Decrease redundancies in the consideration and issuance of nurse
6	licenses; and
7	(7) Provide opportunities for interstate practice by nurses who meet
8	uniform licensure requirements.
9	ARTICLE II
10	Definitions
11	As used in this compact, unless the context clearly requires a different construction,

26	(A) Investigative information that a licensing board, after a
27	preliminary inquiry that includes notification and an opportunity for the nurse
28	to respond, if required by state law, has reason to believe is not groundless and,
29	if proved true, would indicate more than a minor infraction; or
30	(B) Investigative information that indicates that the nurse
31	represents an immediate threat to public health and safety regardless of

1	whether the nurse has been notified and had an opportunity to respond.
2	(5) "Encumbrance" means a revocation or suspension of, or any
3	limitation on, the full and unrestricted practice of nursing imposed by a licensing
4	board.
5	(6) "Home state" means the party state which is the nurse's primary
6	state of residence.
7	(7) "Licensing board" means a party state's regulatory body
8	responsible for issuing nurse licenses.
9	(8) "Multistate license" means a license to practice as a registered or a
10	licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board
11	that authorizes the licensed nurse to practice in all party states under a multistate
12	licensure privilege.
13	(9) "Multistate licensure privilege" means a legal authorization
14	associated with a multistate license permitting the practice of nursing as either a
15	registered nurse (RN) or LPN/VN in a remote state.
16	(10) "Nurse" means RN or LPN/VN, as those terms are defined by
17	each party state's practice laws.
18	(11) "Party state" means any state that has adopted this Compact.
19	(12) "Remote state" means a party state, other than the home state.
20	(13) "Single-state license" means a nurse license issued by a party state
21	that authorizes practice only within the issuing state and does not include a multistate
22	licensure privilege to practice in any other party state.
23	(14) "State" means a state, territory or possession of the United States
24	and the District of Columbia.
25	(15) "State practice laws" means a party state's laws, rules and
26	regulations that govern the practice of nursing, define the scope of nursing practice,
27	and create the methods and grounds for imposing discipline. "State practice laws" do
28	not include requirements necessary to obtain and retain a license, except for
29	qualifications or requirements of the home state.
30	ARTICLE III
31	General Provisions and Jurisdiction

1 (a) A multistate license to practice registered or licensed practical/vocational 2 nursing issued by a home state to a resident in that state will be recognized by each 3 party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed 4 practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each 5 party state.

6 (b) A state must implement procedures for considering the criminal history 7 records of applicants for initial multistate license or licensure by endorsement. Such 8 procedures shall include the submission of fingerprints or other biometric-based 9 information by applicants for the purpose of obtaining an applicant's criminal history 10 record information from the Federal Bureau of Investigation and the agency 11 responsible for retaining that state's criminal records.

12 13 (c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

14 (1) Meets the home state's qualifications for licensure or renewal of
15 licensure, as well as, all other applicable state laws;

16 (2) Has graduated or is eligible to graduate from a licensing board-17 approved RN or LPN/VN prelicensure education program; or has graduated from a 18 foreign RN or LPN/VN prelicensure education program that (a) has been approved by 19 the authorized accrediting body in the applicable country and (b) has been verified by 20 an independent credentials review agency to be comparable to a licensing board-21 approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not
taught in English or if English is not the individual's native language, successfully
passed an English proficiency examination that includes the components of reading,
speaking, writing and listening;

26 (4) Has successfully passed an NCLEX-RN or NCLEX-PN
27 Examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial
licensure or licensure by endorsement, fingerprints or other biometric data for the
purpose of obtaining criminal history record information from the Federal Bureau of

- Investigation and the agency responsible for retaining that state's criminal records;
 - (7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

8 (10) Is subject to self-disclosure requirements regarding current 9 participation in an alternative program; and

10

(11) Has a valid United States Social Security number.

11 (d) All party states shall be authorized, in accordance with existing state due 12 process law, to take adverse action against a nurse's multistate licensure privilege such 13 as revocation, suspension, probation or any other action that affects a nurse's 14 authorization to practice under a multistate licensure privilege, including cease and 15 desist actions. If a party state takes such action, it shall promptly notify the 16 administrator of the coordinated licensure information system. The administrator of 17 the coordinated licensure information system shall promptly notify the home state of 18 any such actions by remote states.

- (e) A nurse practicing in a party state must comply with the state practice laws
 of the state in which the client is located at the time service is provided. The practice
 of nursing is not limited to patient care, but shall include all nursing practice as
 defined by the state practice laws of the party state in which the client is located. The
 practice of nursing in a party state under a multistate licensure privilege will subject a
 nurse to the jurisdiction of the licensing board, the courts and the laws of the party
 state in which the client is located at the time service is provided.
- (f) Individuals not residing in a party state shall continue to be able to apply
 for a party state's single-state license as provided under the laws of each party state.
 However, the single-state license granted to these individuals will not be recognized as
 granting the privilege to practice nursing in any other party state. Nothing in this
 Compact shall affect the requirements established by a party state for the issuance of a
 single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's thencurrent home state, provided that:

(1) A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III.c. requirements to obtain a multistate license from a new home state.

7 (2) A nurse who fails to satisfy the multistate licensure requirements in 8 Article III.c. due to a disqualifying event occurring after this Compact's effective date 9 shall be ineligible to retain or renew a multistate license, and the nurse's multistate 10 license shall be revoked or deactivated in accordance with applicable rules adopted by 11 Commission of Nurse Licensure the Interstate Compact Administrators 12 ("Commission").

ARTICLE IV

Applications for Licensure in a Party State

(a) Upon application for a multistate license, the licensing board in the issuing
party state shall ascertain, through the coordinated licensure information system,
whether the applicant has ever held, or is the holder of, a license issued by any other
state, whether there are any encumbrances on any license or multistate licensure
privilege held by the applicant, whether any adverse action has been taken against any
license or multistate licensure privilege held by the applicant and whether the
applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in onlyone party state at a time.

(c) If a nurse changes primary state of residence by moving between two party
states, the nurse must apply for licensure in the new home state, and the multistate
license issued by the prior home state will be deactivated in accordance with
applicable rules adopted by the Commission.

(1) The nurse may apply for licensure in advance of a change in
primary state of residence.

30 (2) A multistate license shall not be issued by the new home state until
31 the nurse provides satisfactory evidence of a change in primary state of residence to

1	the new home state and satisfies all applicable requirements to obtain a multistate
2	license from the new home state.
3	(d) If a nurse changes primary state of residence by moving from a party state
4	to a non-party state, the multistate license issued by the prior home state will convert
5	to a single-state license, valid only in the former home state.
6	ARTICLE V
7	Additional Authorities Invested in Party State Licensing Boards
8	(a) In addition to the other powers conferred by state law, a licensing board
9	shall have the authority to:
10	(1) Take adverse action against a nurse's multistate licensure privilege
11	to practice within that party state.
12	(A) Only the home state shall have the power to take adverse
13	action against a nurse's license issued by the home state.
14	(B) For purposes of taking adverse action, the home state
15	licensing board shall give the same priority and effect to reported conduct
16	received from a remote state as it would if such conduct had occurred within
17	the home state. In so doing, the home state shall apply its own state laws to
18	determine appropriate action.
19	(2) Issue cease and desist orders or impose an encumbrance on a
20	nurse's authority to practice within that party state.
21	(3) Complete any pending investigations of a nurse who changes
22	primary state of residence during the course of such investigations. The licensing
23	board shall also have the authority to take appropriate action(s) and shall promptly
24	report the conclusions of such investigations to the administrator of the coordinated
25	licensure information system. The administrator of the coordinated licensure
26	information system shall promptly notify the new home state of any such actions.
27	(4) Issue subpoenas for both hearings and investigations that require
28	the attendance and testimony of witnesses, as well as, the production of evidence.
29	Subpoenas issued by a licensing board in a party state for the attendance and
30	testimony of witnesses or the production of evidence from another party state shall be
31	enforced in the latter state by any court of competent jurisdiction, according to the

practice and procedure of that court applicable to subpoenas issued in proceedings
 pending before it. The issuing authority shall pay any witness fees, travel expenses,
 mileage and other fees required by the service statutes of the state in which the
 witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

10 (6) If otherwise permitted by state law, recover from the affected nurse
11 the costs of investigations and disposition of cases resulting from any adverse action
12 taken against that nurse.

13 (7) Take adverse action based on the factual findings of the remote
14 state, provided that the licensing board follows its own procedures for taking such
15 adverse action.

16 (b) If adverse action is taken by the home state against a nurse's multistate 17 license, the nurse's multistate licensure privilege to practice in all other party states 18 shall be deactivated until all encumbrances have been removed from the multistate 19 license. All home state disciplinary orders that impose adverse action against a nurse's 20 multistate license shall include a statement that the nurse's multistate licensure 21 privilege is deactivated in all party states during the pendency of the order. Nothing in 22 this Compact shall override a party state's decision that participation in an alternative 23 program may be used in lieu of adverse action. The home state licensing board shall 24 deactivate the multistate licensure privilege under the multistate license of any nurse 25 for the duration of the nurse's participation in an alternative program.

 history of each nurse, as submitted by party states, to assist in the coordination of

(d) Current significant investigative information and participation in nonpublic
 or confidential alternative programs shall be transmitted through the coordinated
 licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards
 contributing information to the coordinated licensure information system may
 designate information that may not be shared with non-party states or disclosed to
 other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated
licensure information system by a party state licensing board shall not be shared with
non-party states or disclosed to other entities or individuals except to the extent
permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information
 system that is subsequently required to be expunged by the laws of the party state
 contributing that information shall also be expunged from the coordinated licensure
 information system.

(h) The Compact administrator of each party state shall furnish a uniform data

minimum:

1 who wishes to comment a fair and reasonable opportunity to comment orally or in 2 writing. All hearings will be recorded, and a copy will be made available upon request. 3 (2) Nothing in this section shall be construed as requiring a separate 4 hearing on each rule. Rules may be grouped for the convenience of the Commission at 5 hearings required by this section. 6 (h) If no one appears at the public hearing, the Commission may proceed with 7 promulgation of the proposed rule. 8 (i) Following the scheduled hearing date, or by the close of business on the 9 scheduled hearing date if the hearing was not held, the Commission shall consider all 10 written and oral comments received. 11 (i) The Commission shall, by majority vote of all administrators, take final 12 action on the proposed rule and shall determine the effective date of the rule, if any, 13 based on the rulemaking record and the full text of the rule. 14 Upon determination that an emergency exists, the Commission may (k) 15 consider and adopt an emergency rule without prior notice, opportunity for comment 16 or hearing, provided that the usual rulemaking procedures provided in this Compact 17 and in this section shall be retroactively applied to the rule as soon as reasonably 18 possible, in no event later than ninety (90) days after the effective date of the rule. For 19 the purposes of this provision, an emergency rule is one that must be adopted 20 immediately in order to: 21 (1) Meet an imminent threat to public health, safety or welfare; 22 (2) Prevent a loss of Commission or party state funds; or 23 (3) Meet a deadline for the promulgation of an administrative rule that 24 is required by federal law or rule. 25 (1) The Commission may direct revisions to a previously adopted rule or 26 amendment for purposes of correcting typographical errors, errors in format, errors in 27 consistency or grammatical errors. Public notice of any revisions shall be posted on 28 the website of the Commission. The revision shall be subject to challenge by any 29 person for a period of thirty (30) days after posting. A challenge 31 shall be made in writing, and delivered to the Commission, prior to the end of the

1 notice period. If no challenge is made, the revision will take effect without further 2 action. If the revision is challenged, the revision may not take effect without the 3 approval of the Commission. 4 ARTICLE IX 5 Oversight, Dispute Resolution and Enforcement 6 (a) Oversight 7 (1) Each party state shall enforce this Compact and take all actions 8 necessary and appropriate to effectuate this Compact's purposes and intent. 9 (2) The Commission shall be entitled to receive service of process in 10 any proceeding that may affect the powers, responsibilities or actions of the 11 Commission, and shall have standing to intervene in such a proceeding for all 12 purposes. Failure to provide service of process in such proceeding to the Commission 13 shall render a judgment or order void as to the Commission, this Compact or 14 promulgated rules. (b) Default, Technical Assistance and Termination 15 16 (1) If the Commission determines that a party state has defaulted in the 17 performance of its obligations or responsibilities under this Compact or the 18 promulgated rules, the Commission shall: 19 (A) Provide written notice to the defaulting state and other 20 party states of the nature of the default, the proposed means of curing the 21 default or any other action to be taken by the Commission; and 22 (B) Provide remedial training and specific technical assistance 23 regarding the default. 24 (2) If a state in default fails to cure the default, the defaulting state's 25 membership in this Compact may be terminated upon an affirmative vote of a majority 26 of the administrators, and all rights, privileges and benefits conferred by this Compact 27 may be terminated on the effective date of termination. A cure of the default does not 28 relieve the offending state of obligations or liabilities incurred during the period of 29 default 30 (3) Termination of membership in this Compact shall be imposed only 31 after all other means of securing compliance have been exhausted. Notice of intent to

suspend or terminate shall be given by the Commission to the governor of the
 defaulting state and to the executive officer of the defaulting state's licensing board
 and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8 (5) The Commission shall not bear any costs related to a state that is 9 found to be in default or whose membership in this Compact has been terminated 10 unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by
petitioning the U.S. District Court for the District of Columbia or the federal district in
which the Commission has its principal offices. The prevailing party shall be awarded
all costs of such litigation, including reasonable attorneys' fees.

(c) Dispute Resolution

16 (1) Upon request by a party state, the Commission shall attempt to
17 resolve disputes related to the Compact that arise among party states and between
18 party and non-party states.

19 (2) The Commission shall promulgate a rule providing for both20 mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the Commission cannot resolve disputes among party
 states arising under this Compact:

(A) The party states may submit the issues in dispute to an
arbitration panel, which will be comprised of individuals appointed by the
Compact administrator in each of the affected party states and an individual
mutually agreed upon by the Compact administrators of all the party states
