FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

-

Analysis

This legislation moves the scope of practice for physician assistants (PAs) from regulation under the State Medical Board to statute and expands that scope to allow PAs with more than 2,000 hours of practice experience to practice without a collaborative agreement with a physician. The proposed new scope of practice allows PAs to provide a variety of services, including writing medical orders, supervising, and delegating therapeutic and diagnostic measures to licensed and unlicensed professionals, and prescribe, dispense, order, and administer drugs and medical devices, including schedule II-V controlled substances (if they hold an active U.S. Drug Enforcement Agency registration number).

The Division of Corporations, Business, and Professional Licensing does not anticipate fiscal impact from this legislation.

Licensing fees for each occupation are set per AS 08.01.065. The total amount of revenue collected approximately equals each occupation’s actual regulatory costs. Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services – fund source 1156 Rcpt Svcs (DGF).
