18 with all other states and jurisdictions legally joining it in a form substantially as  
19 follows:

20 **ARTICLE I**

21 **Findings and Declaration of Purpose**

22 (a) The legislature finds that:

23 (1) The health and safety of the public are affected by the degree of  
24 compliance with and the effectiveness of enforcement activities related to state nurse  
25 licensure laws;

26 (2) Violations of nurse licensure and other laws regulating the practice  
27 of nursing may result in injury or harm to the public;

28 (3) The expanded mobility of nurses and the use of advanced  
29 communication technologies as part of our nation's health care delivery system require  
30 greater coordination and cooperation among states in the areas of nurse licensure and  
31 regulation;

1 (4) New practice modalities and technology make compliance with  
2 individual state nurse licensure laws difficult and complex;

3 (5) The current system of duplicative licensure for nurses practicing in  
4 multiple states is cumbersome and redundant for both nurses and states; and

5 (6) Uniformity of nurse licensure requirements throughout the states  
6 promotes public safety and public health benefits.

7 (b) The general purposes of this Compact are to:

8 (1) Facilitate the states' responsibility to protect the public's health and  
9 safety;

10 (2) Ensure and encourage the cooperation of party states in the areas of  
11 nurse licensure and regulation;

12 (3) Facilitate the exchange of information between party states in the  
13 areas of nurse regulation, investigation and adverse actions;

14 (4) Promote compliance with the laws governing the practice of  
15 nursing in each jurisdiction;

16 (5) Invest all party states with the authority to hold a nurse accountable  
17 for meeting all state practice laws in the state in which the patient is located at the time  
18 care is rendered through the mutual recognition of party state licenses;

19 (6) Decrease redundancies in the consideration and issuance of nurse  
20 licenses; and

21 (7) Provide opportunities for interstate practice by nurses who meet  
22 uniform licensure requirements.

## 23 ARTICLE II

31 licensure affecting a nurse's authorization to practice, including issuance of a cease

1 and desist action.

3 program approved by a licensing board.

9 (A) Investigative information that a licensing board, after a  
10 preliminary inquiry that includes notification and an opportunity for the nurse  
11 to respond, if required by state law, has reason to believe is not groundless and,  
12 if proved true, would indicate more than a minor infraction; or

13 (B) Investigative information that indicates that the nurse  
14 represents an immediate threat to public health and safety regardless of  
15 whether the nurse has been notified and had an opportunity to respond.

16 (5) "Encumbrance" means a revocation or suspension of, or any  
17 limitation on, the full and unrestricted practice of nursing imposed by a licensing  
18 board.

19 (6) "Home state" means the party state which is the nurse's primary  
20 state of residence.

21 (7) "Licensing board" means a party state's regulatory body  
22 responsible for issuing nurse licenses.

23 (8) "Multistate license" means a license to practice as a registered or a  
24 licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board  
25 that authorizes the licensed nurse to practice in all party states under a multistate  
26 licensure privilege.

27 (9) "Multistate licensure privilege" means a legal authorization  
28 associated with a multistate license permitting the practice of nursing as either a  
29 registered nurse (RN) or LPN/VN in a remote state.

30 (10) "Nurse" means RN or LPN/VN, as those terms are defined by  
31 each party state's practice laws.

1 (11) "Party state" means any state that has adopted this Compact.

2 (12) "Remote state" means a party state, other than the home state.

3 (13) "Single-state license" means a nurse license issued by a party state  
4 that authorizes practice only within the issuing state and does not include a multistate  
5 licensure privilege to practice in any other party state.

6 (14) "State" means a state, territory or possession of the United States  
7 and the District of Columbia.

8 (15) "State practice laws" means a party state's laws, rules and  
9 regulations that govern the practice of nursing, define the scope of nursing practice,  
10 and create the methods and grounds for imposing discipline. "State practice laws" do  
11 not include requirements necessary to obtain and retain a license, except for  
12 qualifications or requirements of the home state.

18 (8) Has not been convicted or found guilty, or has entered into an  
19 agreed disposition, of a misdemeanor offense related to the practice of nursing as  
20 determined on a case-by-case basis;

21 (9) Is not currently enrolled in an alternative program;

22 (10) Is subject to self-disclosure requirements regarding current  
23 participation in an alternative program; and

24 (11) Has a valid United States Social Security number.

25 (d) All party states shall be authorized, in accordance with existing state due  
26 process law, to take adverse action against a nurse's multistate licensure privilege such  
27 as revocation, suspension, probation or any other action that affects a nurse's  
28 authorization to practice under a multistate licensure privilege, including cease and  
29 desist actions. If a party state takes such action, it shall promptly notify the  
30 administrator of the coordinated licensure information system. The administrator of  
31 the coordinated licensure information system shall promptly notify the home state of

1 any such actions by remote states.

2 (e) A nurse practicing in a party state must comply with the state practice laws  
3 of the state in which the client is located at the time service is provided. The practice  
4 of nursing is not limited to patient care, but shall include all nursing practice as  
5 defined by the state practice laws of the party state in which the client is located. The  
6 practice of nursing in a party state under a multistate licensure privilege will subject a  
7 nurse to the jurisdiction of the licensing board, the courts and the laws of the party  
8 state in which the client is located at the time service is provided.

9 (f) Individuals not residing in a party state shall continue to be able to apply  
10 for a party state's single-state license as provided under the laws of each party state.  
11 However, the single-state license granted to these individuals will not be recognized as  
12 granting the privilege to practice nursing in any other party state. Nothing in this  
13 Compact shall affect the requirements established by a party state for the issuance of a  
14 single-state license.

15 (g) Any nurse holding a home state multistate license, on the effective date of  
16 this Compact, may retain and renew the multistate license issued by the nurse's then-  
17 current home state, provided that:

18 (1) A nurse, who changes primary state of residence after this  
19 Compact's effective date, must meet all applicable Article III.c. requirements to obtain  
20 a multistate license from a new home state.

21 (2) A nurse who fails to satisfy the multistate licensure requirements in  
22 Article III.c. due to a disqualifying event occurring after this Compact's effective date  
23 shall be ineligible to retain or renew a multistate license, and the nurse's multistate  
24 license shall be revoked or deactivated in accordance with applicable rules adopted by  
25 the Interstate Commission of Nurse Licensure Compact Administrators  
26 ("Commission").

#### 27 ARTICLE IV

##### 28 Applications for Licensure in a Party State

29 (a) Upon application for a multistate license, the licensing board in the issuing  
30 party state shall ascertain, through the coordinated licensure information system,  
31 whether the applicant has ever held, or is the holder of, a license issued by any other

1 state, whether there are any encumbrances on any license or multistate licensure  
 2 privilege held by the applicant, whether any adverse action has been taken against any  
 3 license or multistate licensure privilege held by the applicant and whether the  
 4 applicant is currently participating in an alternative program.

5 (b) A nurse may hold a multistate license, issued by the home state, in only  
 6 one party state at a time.

7 (c) If a nurse changes primary state of residence by moving between two party  
 8 states, the nurse must apply for licensure in the new home state, and the multistate  
 9 license issued by the prior home state will be deactivated in accordance with  
 10 applicable rules adopted by the Commission.

11 (1) The nurse may apply for licensure in advance of a change in  
 12 primary state of residence.

13 (2) A multistate license shall not be issued by the new home state until  
 14 the nurse provides satisfactory evidence of a change in primary state of residence to  
 15 the new home state and satisfies all applicable requirements to obtain a multistate  
 16 license from the new home state.

17 (d) If a nurse changes primary state of residence by moving from a party state  
 18 to a non-party state, the multistate license issued by the prior home state will convert  
 19 to a single-state license, valid only in the former home state.

## 20 ARTICLE V

### 21 Additional Authorities Invested in Party State Licensing Boards

22 (a) In addition to the other powers conferred by state law, a licensing board  
 23 shall have the authority to:

24 (1) Take adverse action against a nurse's multistate licensure privilege  
 25 to practice within that party state.

26 (A) Only the home state shall have the power to take adverse  
 27 action against a nurse's license issued by the home state.

28 (B) For purposes of taking adverse action, the home state  
 29 licensing board shall give the same priority and effect to reported conduct  
 30 received from a remote state as it would if such conduct had occurred within  
 31 the home state. In so doing, the home state shall apply its own state laws to

1 determine appropriate action.

2 (2) Issue cease and desist orders or impose an encumbrance on a  
3 nurse's authority to practice within that party state.

4 (3) Complete any pending investigations of a nurse who changes  
5 primary state of residence during the course of such investigations. The licensing  
6 board shall also have the authority to take appropriate action(s) and shall promptly  
7 report the conclusions of such investigations to the administrator of the coordinated  
8 licensure information system. The administrator of the coordinated licensure  
9 information system shall promptly notify the new home state of any such actions.

10 (4) Issue subpoenas for both hearings and investigations that require  
11 the attendance and testimony of witnesses, as well as, the production of evidence.  
12 Subpoenas issued by a licensing board in a party state for the attendance and  
13 testimony of witnesses or the production of evidence from another party state shall be  
14 enforced in the latter state by any court of competent jurisdiction, according to the  
15 practice and procedure of that court applicable to subpoenas issued in proceedings  
16 pending before it. The issuing authority shall pay any witness fees, travel expenses,  
17 mileage and other fees required by the service statutes of the state in which the  
18 witnesses or evidence are located.

19 (5) Obtain and submit, for each nurse licensure applicant, fingerprint  
20 or other biometric-based information to the Federal Bureau of Investigation for  
21 criminal background checks, receive the results of the Federal Bureau of Investigation  
22 record search on criminal background checks and use the results in making licensure  
23 decisions.

24 (6) If otherwise permitted by state law, recover from the affected nurse  
25 the costs of investigations and disposition of cases resulting from any adverse action  
26 taken against that nurse.

27 (7) Take adverse action based on the factual findings of the remote  
28 state, provided that the licensing board follows its own procedures for taking such  
29 adverse action.

30 (b) If adverse action is taken by the home state against a nurse's multistate  
31 license, the nurse's multistate licensure privilege to practice in all other party states

1 shall be deactivated until all encumbrances have been removed from the multistate  
2 license. All home state disciplinary orders that impose adverse action against a nurse's  
3 multistate license shall include a statement that the nurse's multistate licensure  
4 privilege is deactivated in all party states during the pendency of the order. Nothing in  
5 this Compact shall override a party state's decision that participation in an alternative  
6 program may be used in lieu of adverse action. The home state licensing board shall  
7 deactivate the multistate licensure privilege under the multistate license of any nurse  
8 for the duration of the nurse's participation in an alternative program.

#### 9 ARTICLE VI

##### 10 Coordinated Licensure Information System and Exchange of Information

11 (a) All party states shall participate in a coordinated licensure information  
12 system of all licensed registered nurses (RNs) and licensed practical/vocational nurses  
13 (LPNs/VNs). This system will include information on the licensure and disciplinary  
14 history of each nurse, as submitted by party states, to assist in the coordination of  
15 nurse licensure and enforcement efforts.

16 (b) The Commission, in consultation with the administrator of the coordinated  
17 licensure information system, shall formulate necessary and proper procedures for the  
18 identification, collection and exchange of information under this Compact.

19 (c) All licensing boards shall promptly report to the coordinated licensure  
20 information system any adverse action, any current significant investigative  
21 information, denials of applications (with the reasons for such denials) and nurse  
22 participation in alternative programs known to the licensing board regardless of  
23 whether such participation is deemed nonpublic or confidential under state law.

24 (d) Current significant investigative information and participation in nonpublic  
25 or confidential alternative programs shall be transmitted through the coordinated  
26 licensure information system only to party state licensing boards.

27 (e) Notwithstanding any other provision of law, all party state licensing boards  
28 contributing information to the coordinated licensure information system may  
29 designate information that may not be shared with non-party states or disclosed to  
30 other entities or individuals without the express permission of the contributing state.

31 (f) Any personally identifiable information obtained from the coordinated

1 licensure information system by a party state licensing board shall not be shared with  
 2 non-party states or disclosed to other entities or individuals except to the extent  
 3 permitted by the laws of the party state contributing the information.

4 (g) Any information contributed to the coordinated licensure information  
 5 system that is subsequently required to be expunged by the laws of the party state  
 6 contributing that information shall also be expunged from the coordinated licensure  
 7 information system.

8 (h) The Compact administrator of each party state shall furnish a uniform data  
 9 set to the Compact administrator of each other party state, which shall include, at a  
 10 minimum:

- 11 (1) Identifying information;
- 12 (2) Licensure data;
- 13 (3) Information related to alternative program participation; and
- 14 (4) Other information that may facilitate the administration of this  
 15 Compact, as determined by Commission rules.

16 (i) The Compact administrator of a party state shall provide all investigative  
 17 documents and information requested by another party state.

## 18 ARTICLE VII

### 19 Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

20 (a) The party states hereby create and establish a joint public entity known as  
 21 the Interstate Commission of Nurse Licensure Compact Administrators.

- 22 (1) The Commission is an instrumentality of the party states.
- 23 (2) Venue is proper, and judicial proceedings by or against the  
 24 Commission shall be brought solely and exclusively, in a court of competent  
 25 jurisdiction where the principal office of the Commission is located. The Commission  
 26 may waive venue and jurisdictional defenses to the extent it adopts or consents to  
 27 participate in alternative dispute resolution proceedings.

28 (3) Nothing in this Compact shall be construed to be a waiver of  
 29 sovereign immunity.

#### 30 (b) Membership, Voting and Meetings

- 31 (1) Each party state shall have and be limited to one administrator. The

1 head of the state licensing board or designee shall be the administrator of this Compact  
2 for each party state. Any administrator may be removed or suspended from office as  
3 provided by the law of the state from which the Administrator is appointed. Any  
4 vacancy occurring in the Commission shall be filled in accordance with the laws of the  
5 party state in which the vacancy exists.

6 (2) Each administrator shall be entitled to one (1) vote with regard to  
7 the promulgation of rules and creation of bylaws and shall otherwise have an  
8 opportunity to participate in the business and affairs of the Commission. An  
9 administrator shall vote in person or by such other means as provided in the bylaws.  
10 The bylaws may provide for an administrator's participation in meetings by telephone  
11 or other means of communication.

12 (3) The Commission shall meet at least once during each calendar  
13 year. Additional meetings shall be held as set forth in the bylaws or rules of the  
14 commission.

15 (4) All meetings shall be open to the public, and public notice of  
16 meetings shall be given in the same manner as required under the rulemaking  
17 provisions in Article VIII.

18 (5) The Commission may convene in a closed, nonpublic meeting if  
19 the Commission must discuss:

20 (A) Noncompliance of a party state with its obligations under  
21 this Compact;

22 (B) The employment, compensation, discipline or other  
23 personnel matters, practices or procedures related to specific employees or  
24 other matters related to the Commission's internal personnel practices and  
25 procedures;

26 (C) Current, threatened or reasonably anticipated litigation;

27 (D) Negotiation of contracts for the purchase or sale of goods,  
28 services or real estate;

29 (E) Accusing any person of a crime or formally censuring any  
30 person;

31 (F) Disclosure of trade secrets or commercial or financial

1 information that is privileged or confidential;

2 (G) Disclosure of information of a personal nature where  
3 disclosure would constitute a clearly unwarranted invasion of personal privacy;

4 (H) Disclosure of investigatory records compiled for law  
5 enforcement purposes;

6 (I) Disclosure of information related to any reports prepared by  
7 or on behalf of the Commission for the purpose of investigation of compliance  
8 with this Compact; or

9 (J) Matters specifically exempted from disclosure by federal or  
10 state statute.

11 (6) If a meeting, or portion of a meeting, is closed pursuant to this  
12 provision, the Commission's legal counsel or designee shall certify that the meeting  
13 may be closed and shall reference each relevant exempting provision. The  
14 Commission shall keep minutes that fully and clearly describe all matters discussed in  
15 a meeting and shall provide a full and accurate summary of actions taken, and the  
16 reasons therefor, including a description of the views expressed. All documents  
17 considered in connection with an action shall be identified in such minutes. All  
18 minutes and documents of a closed meeting shall remain under seal, subject to release  
19 by a majority vote of the Commission or order of a court of competent jurisdiction.

20 (c) The Commission shall, by a majority vote of the administrators, prescribe  
21 bylaws or rules to govern its conduct as may be necessary or appropriate to carry out  
22 the purposes and exercise the powers of this Compact, including but not limited to:

23 (1) Establishing the fiscal year of the Commission;

24 (2) Providing reasonable standards and procedures:

25 (A) For the establishment and meetings of other committees;

26 and

27 (B) Governing any general or specific delegation of any  
28 authority or function of the Commission;

29 (3) Providing reasonable procedures for calling and conducting  
30 meetings of the Commission, ensuring reasonable advance notice of all meetings and  
31 providing an opportunity for attendance of such meetings by interested parties, with

1 enumerated exceptions designed to protect the public's interest, the privacy of  
2 individuals, and proprietary information, including trade secrets. The Commission  
3 may meet in closed session only after a majority of the administrators vote to close a  
4 meeting in whole or in part. As soon as practicable, the Commission must make public  
5 a copy of the vote to close the meeting revealing the vote of each administrator, with  
6 no proxy votes allowed;

7 (4) Establishing the titles, duties and authority and reasonable  
8 procedures for the election of the officers of the Commission;

9 (5) Providing reasonable standards and procedures for the  
10 establishment of the personnel policies and programs of the Commission.  
11 Notwithstanding any civil service or other similar laws of any party state, the bylaws  
12 shall exclusively govern the personnel policies and programs of the Commission; and

13 (6) Providing a mechanism for winding up the operations of the  
14 Commission and the equitable disposition of any surplus funds that may exist after the  
15 termination of this Compact after the payment or reserving of all of its debts and  
16 obligations;

17 (d) The Commission shall publish its bylaws and rules, and any amendments  
18 thereto, in a convenient form on the website of the Commission.

19 (e) The Commission shall maintain its financial records in accordance with the  
20 bylaws.

21 (f) The Commission shall meet and take such actions as are consistent with the  
22 provisions of this Compact and the bylaws.

23 (g) The Commission shall have the following powers:

24 (1) To promulgate uniform rules to facilitate and coordinate  
25 implementation and administration of this Compact. The rules shall have the force and  
26 effect of law and shall be binding in all party states;

27 (2) To bring and prosecute legal proceedings or actions in the name of  
28 the Commission, provided that the standing of any licensing board to sue or be sued  
29 under applicable law shall not be affected;

30 (3) To purchase and maintain insurance and bonds;

31 (4) To borrow, accept or contract for services of personnel, including,

1 but not limited to, employees of a party state or nonprofit organizations;

2 (5) To cooperate with other organizations that administer state  
3 compacts related to the regulation of nursing, including but not limited to sharing  
4 administrative or staff expenses, office space or other resources;

5 (6) To hire employees, elect or appoint officers, fix compensation,  
6 define duties, grant such individuals appropriate authority to carry out the purposes of  
7 this Compact, and to establish the Commission's personnel policies and programs  
8 relating to conflicts of interest, qualifications of personnel and other related personnel  
9 matters;

10 (7) To accept any and all appropriate donations, grants and gifts of  
11 money, equipment, supplies, materials and services, and to receive, utilize and dispose  
12 of the same; provided that at all times the Commission shall avoid any appearance of  
13 impropriety or conflict of interest;

14 (8) To lease, purchase, accept appropriate gifts or donations of, or  
15 otherwise to own, hold, improve or use, any property, whether real, personal or mixed;  
16 provided that at all times the Commission shall avoid any appearance of impropriety;

17 (9) To sell, convey, mortgage, pledge, lease, exchange, abandon or  
18 otherwise dispose of any property, whether real, personal or mixed;

19 (10) To establish a budget and make expenditures;

20 (11) To borrow money;

21 (12) To appoint committees, including advisory committees comprised  
22 of administrators, state nursing regulators, state legislators or their representatives, and  
23 consumer representatives, and other such interested persons;

24 (13) To provide and receive information from, and to cooperate with,  
25 law enforcement agencies;

26 (14) To adopt and use an official seal; and

27 (15) To perform such other functions as may be necessary or  
28 appropriate to achieve the purposes of this Compact consistent with the state  
29 regulation of nurse licensure and practice.

30 (h) Financing of the Commission

31 (1) The Commission shall pay, or provide for the payment of, the

1 reasonable expenses of its establishment, organization and ongoing activities.

2 (2) The Commission may also levy on and collect an annual  
3 assessment from each party state to cover the cost of its operations, activities and staff  
4 in its annual budget as approved each year. The aggregate annual assessment amount,  
5 if any, shall be allocated based upon a formula to be determined by the Commission,  
6 which shall promulgate a rule that is binding upon all party states.

7 (3) The Commission shall not incur obligations of any kind prior to  
8 securing the funds adequate to meet the same; nor shall the Commission pledge the  
9 credit of any of the party states, except by, and with the authority of, such party state.

10 (4) The Commission shall keep accurate accounts of all receipts and  
11 disbursements. The receipts and disbursements of the Commission shall be subject to  
12 the audit and accounting procedures established under its bylaws. However, all  
13 receipts and disbursements of funds handled by the Commission shall be audited  
14 yearly by a certified or licensed public accountant, and the report of the audit shall be  
15 included in and become part of the annual report of the Commission.

16 (i) Qualified Immunity, Defense and Indemnification

17 (1) The administrators, officers, executive director, employees and  
18 representatives of the Commission shall be immune from suit and liability, either  
19 personally or in their official capacity, for any claim for damage to or loss of property  
20 or personal injury or other civil liability caused by or arising out of any actual or  
21 alleged act, error or omission that occurred, or that the person against whom the claim  
22 is made had a reasonable basis for believing occurred, within the scope of  
23 Commission employment, duties or responsibilities; provided that nothing in this  
24 paragraph shall be construed to protect any such person from suit or liability for any  
25 damage, loss, injury or liability caused by the intentional, willful or wanton  
26 misconduct of that person.

27 (2) The Commission shall defend any administrator, officer, executive  
28 director, employee or representative of the Commission in any civil action seeking to  
29 impose liability arising out of any actual or alleged act, error or omission that occurred  
30 within the scope of Commission employment, duties or responsibilities, or that the  
31 person against whom the claim is made had a reasonable basis for believing occurred

1 within the scope of Commission employment, duties or responsibilities; provided that  
2 nothing herein shall be construed to prohibit that person from retaining his or her own  
3 counsel; and provided further that the actual or alleged act, error or omission did not  
4 result from that person's intentional, willful or wanton misconduct.

5 (3) The Commission shall indemnify and hold harmless any  
6 administrator, officer, executive director, employee or representative of the  
7 Commission for the amount of any settlement or judgment obtained against that  
8 person arising out of any actual or alleged act, error or omission that occurred within  
9 the scope of Commission employment, duties or responsibilities, or that such person  
10 had a reasonable basis for believing occurred within the scope of Commission  
11 employment, duties or responsibilities, provided that the actual or alleged act, error or  
12 omission did not result from the intentional, willful or wanton misconduct of that  
13 person.

## 14 ARTICLE VIII

### 15 Rulemaking

16 (a) The Commission shall exercise its rulemaking powers pursuant to the  
17 criteria set forth in this Article and the rules adopted thereunder. Rules and  
18 amendments shall become binding as of the date specified in each rule or amendment  
19 and shall have the same force and effect as provisions of this Compact.

20 (b) Rules or amendments to the rules shall be adopted at a regular or special  
21 meeting of the Commission.

22 (c) Prior to promulgation and adoption of a final rule or rules by the  
23 Commission, and at least sixty (60) days in advance of the meeting at which the rule  
24 will be considered and voted upon, the Commission shall file a notice of proposed  
25 rulemaking:

26 (1) On the website of the Commission; and

27 (2) On the website of each licensing board or the publication in which  
28 each state would otherwise publish proposed rules.

29 (d) The notice of proposed rulemaking shall include:

30 (1) The proposed time, date and location of the meeting in which the  
31 rule will be considered and voted upon;

1 (2) The text of the proposed rule or amendment, and the reason for the  
2 proposed rule;

3 (3) A request for comments on the proposed rule from any interested  
4 person; and

5 (4) The manner in which interested persons may submit notice to the  
6 Commission of their intention to attend the public hearing and any written comments.

7 (e) Prior to adoption of a proposed rule, the Commission shall allow persons  
8 to submit written data, facts, opinions and arguments, which shall be made available to  
9 the public.

10 (f) The Commission shall grant an opportunity for a public hearing before it  
11 adopts a rule or amendment.

12 (g) The Commission shall publish the place, time and date of the scheduled  
13 public hearing.

14 (1) Hearings shall be conducted in a manner providing each person  
15 who wishes to comment a fair and reasonable opportunity to comment orally or in  
16 writing. All hearings will be recorded, and a copy will be made available upon request.

17 (2) Nothing in this section shall be construed as requiring a separate  
18 hearing on each rule. Rules may be grouped for the convenience of the Commission at  
19 hearings required by this section.

20 (h) If no one appears at the public hearing, the Commission may proceed with  
21 promulgation of the proposed rule.

22 (i) Following the scheduled hearing date, or by the close of business on the  
23 scheduled hearing date if the hearing was not held, the Commission shall consider all  
24 written and oral comments received.

25 (j) The Commission shall, by majority vote of all administrators, take final  
26 action on the proposed rule and shall determine the effective date of the rule, if any,  
27 based on the rulemaking record and the full text of the rule.

28 (k) Upon determination that an emergency exists, the Commission may  
29 consider and adopt an emergency rule without prior notice, opportunity for comment  
30 or hearing, provided that the usual rulemaking procedures provided in this Compact  
31 and in this section shall be retroactively applied to the rule as soon as reasonably

1 possible, in no event later than ninety (90) days after the effective date of the rule. For  
 2 the purposes of this provision, an emergency rule is one that must be adopted  
 3 immediately in order to:

- 4 (1) Meet an imminent threat to public health, safety or welfare;
- 5 (2) Prevent a loss of Commission or party state funds; or
- 6 (3) Meet a deadline for the promulgation of an administrative rule that  
 7 is required by federal law or rule.

8 (l) The Commission may direct revisions to a previously adopted rule or  
 9 amendment for purposes of correcting typographical errors, errors in format, errors in  
 10 consistency or grammatical errors. Public notice of any revisions shall be posted on  
 11 the website of the Commission. The revision shall be subject to challenge by any  
 12 person for a period of thirty (30) days after posting. The revision may be challenged  
 13 only on grounds that the revision results in a material change to a rule. A challenge  
 14 shall be made in writing, and delivered to the Commission, prior to the end of the  
 15 notice period. If no challenge is made, the revision will take effect without further  
 16 action. If the revision is challenged, the revision may not take effect without the  
 17 approval of the Commission.

## 18 ARTICLE IX

### 19 Oversight, Dispute Resolution and Enforcement

#### 20 (a) Oversight

21 (1) Each party state shall enforce this Compact and take all actions  
 22 necessary and appropriate to effectuate this Compact's purposes and intent.

23 (2) The Commission shall be entitled to receive service of process in  
 24 any proceeding that may affect the powers, responsibilities or actions of the  
 25 Commission, and shall have standing to intervene in such a proceeding for all  
 26 purposes. Failure to provide service of process in such proceeding to the Commission  
 27 shall render a judgment or order void as to the Commission, this Compact or  
 28 promulgated rules.

#### 29 (b) Default, Technical Assistance and Termination

30 (1) If the Commission determines that a party state has defaulted in the  
 31 performance of its obligations or responsibilities under this Compact or the

1 promulgated rules, the Commission shall:

2 (A) Provide written notice to the defaulting state and other  
3 party states of the nature of the default, the proposed means of curing the  
4 default or any other action to be taken by the Commission; and

5 (B) Provide remedial training and specific technical assistance  
6 regarding the default.

7 (2) If a state in default fails to cure the default, the defaulting state's  
8 membership in this Compact may be terminated upon an affirmative vote of a majority  
9 of the administrators, and all rights, privileges and benefits conferred by this Compact  
10 may be terminated on the effective date of termination. A cure of the default does not  
11 relieve the offending state of obligations or liabilities incurred during the period of  
12 default.

13 (3) Termination of membership in this Compact shall be imposed only  
14 after all other means of securing compliance have been exhausted. Notice of intent to  
15 suspend or terminate shall be given by the Commission to the governor of the  
16 defaulting state and to the executive officer of the defaulting state's licensing board  
17 and each of the party states.

18 (4) A state whose membership in this Compact has been terminated is  
19 responsible for all assessments, obligations and liabilities incurred through the  
20 effective date of termination, including obligations that extend beyond the effective  
21 date of termination.

22 (5) The Commission shall not bear any costs related to a state that is  
23 found to be in default or whose membership in this Compact has been terminated
