19 services for the mentally retarded; skilled nursing facility services for individuals
20 under age 21; and reasonable transportation to and from the point of medical care.

21 * **Sec. 3.** AS 47.07.030 is amended by adding a new subsection to read:

22 (e) In this section,

23 (1) "case management services for traumatic or acquired brain injury"

24 means

25 (A) care and service coordination to assist individuals and
26 families affected by traumatic or acquired brain injury to minimize the
27 disabling effects of the injury;

28 (B) collaboration with providers and other organizations to
29 expand the care and support of a recipient who is diagnosed with traumatic or
30 acquired brain injury;

31 (C) participation in planning and accessing services within the

1 community for the care and support of a recipient who is diagnosed with
2 traumatic or acquired brain injury;

3 (D) the provision of information, referral, and case consultation
4 services to a recipient who is diagnosed with traumatic or acquired brain
5 injury;

6 (2) "traumatic or acquired brain injury" has the meaning given in
7 AS 47.80.590.

8 * **Sec. 4.** AS 47.07 is amended by adding a new section to read:

9 **Sec. 47.07.046. Traumatic or acquired brain injury services.** (a) The
10 department shall provide traumatic or acquired brain injury services under a waiver in
11 accordance with 42 U.S.C. 1396 - 1396p (Title XIX, Social Security Act), this chapter,
12 and regulations adopted under this chapter, if the department has received approval
13 from the federal government and the department has appropriations allocated for the
14 purpose. In addition to the annual assessment required in (b) of this section, the
15 department shall establish in regulation additional standards for eligibility and
16 payment for the services.

17 (b) Before the department may terminate payment for services provided under
18 (a) of this section, the recipient must have had an annual assessment to determine
19 whether the recipient continues to meet the standards established by regulation under
20 (a) of this section.

21 (c) In this section, "traumatic or acquired brain injury" has the meaning given
22 in AS 47.80.590.

23 * **Sec. 5.** AS 47.80 is amended by adding new sections to read:

24 **Article 5A. Traumatic or Acquired Brain Injury.**

25 **Sec. 47.80.500. Statewide traumatic or acquired brain injury program.** (a)
26 A statewide traumatic or acquired brain injury program is established in the
27 department for the purpose of evaluating the effectiveness and availability of
28 information and services for the prevention and treatment of traumatic or acquired
29 brain injury in the state. The department shall consult and collaborate with state
30 agencies, private nonprofit entities, and other organizations in the state that provide
31 brain injury services in implementing all aspects of the program.

1 (b) The program established under this section must include

2 (1) review and consideration of data collected under (c)(1) of this
3 section;

4 (2) supervision and coordination of services provided to persons with
5 traumatic or acquired brain injury;

6 (3) evaluation of standards and laws pertaining to the prevention of
7 traumatic or acquired brain injury and to the treatment, care, and support of persons
8 with traumatic or acquired brain injury;

9 (4) assessment of the availability of acute and long-term treatment,
10 care, and support options in and outside the state for persons with traumatic or
11 acquired brain injury;

12 (5) evaluation of the need for and scope of community services for
13 persons with traumatic or acquired brain injury throughout the state;

14 (6) investigation of the models of service coordination that can be
15 replicated at a local level in the state;

16 (7) coordination and expansion of publicly and privately funded
17 residential and nonresidential acute and long-term services to persons with traumatic
18 or acquired brain injury, including education, referral, and home and community-
19 based services;

20 (8) facilitation of admissions to and discharges from acute and long-
21 term care facilities for the treatment of traumatic or acquired brain injury;

22 (9) identification and description of available treatment and care
23 facilities of all types for persons with traumatic or acquired brain injury based on
24 length of stay, patient capacity, available services, and barriers encountered to
25 community placement after discharge;

26 (10) a plan that describes recommendations for the development of a
27 statewide service delivery continuum of comprehensive rehabilitative, supportive
28 living, and community programs.

29 (c) The department shall

30 (1) establish and implement a traumatic or acquired brain injury
31 registry of information from service providers that includes

1 (A) health status, including age, cause, and severity of injury
2 and region of brain affected;

3 (B) acute recovery period;

4 (C) location of the

5 (i) event that caused the injury;

6 (ii) hospital treating the injury; and

7 (iii) residence of the person with traumatic or acquired
8 brain injury;

9 (D) access to and use of rehabilitation services, including
10 behavioral, vocational, and long-term care services;

11 (E) access to and use of neuropsychological assessment;

12 (F) status of long-term recovery at five-year intervals;

13 (G) financial and social effects on family;

14 (H) cost associated with services;

15 (2) establish standards and recommendations for improvement of
16 prevention, assessment, treatment, and care of persons with traumatic or acquired
17 brain injury in the state;

18 (3) contract with service providers and qualified entities to carry out
19 the purposes of this section;

20 (4) provide a standardized reporting form for use in gathering data for
21 the registry.

22 (d) In (c) of this section, "service provider" means a public or private entity
23 that provides health education, group shelter, or criminal justice services to individuals
24 in the state.

25 **Sec. 47.80.590. Definition.** In AS 47.80.500 - 47.80.590, "traumatic or
26 acquired brain injury" means an insult from physical force or internal damage to the
27 brain or its coverings, not of a degenerative or congenital nature, that produces an
28 altered mental state and that results in a decrease in cognitive, behavioral, emotional,
29 or physical functioning.
