2 (1) in December 2019, a novel coronavirus known as severe acute respiratory

4 People's Republic of China, leading to outbreaks of novel coronavirus disease (COVID-19)
5 that have now spread globally;

6 (2) on January 31, 2020, the United States Secretary of Health and Human
7 Services declared a public health emergency under 42 U.S.C. 247d (Public Health Service
8 Act);

9 (3) to date, 50 states have confirmed cases of COVID-19, including
10 confirmation of community transmission of COVID-19;

11 (4) on March 11, 2020, the commissioner of health and social services
12 certified to the governor that there was a high probability that COVID-19 presents a credible
13 threat of an imminent outbreak of the disease in the state, meeting the definition of disaster
14 under AS 26.23.900(2)(E);

15 (5) on March 11, 2020, the governor issued a declaration of a public health
16 disaster emergency under AS 26.23.020 in anticipation of the spread of COVID-19 to the
17 state;

18 (6) in the disaster declaration issued March 11, 2020, the governor found that
19 a statewide response under AS 18.15.390 was required to address the public health disaster
20 emergency and authorized the commissioner of health and social services and the adjutant
21 general of military and veterans' affairs to take all actions necessary to address the public
22 health disaster emergency;

23 (7) on March 12, 2020, the Department of Health and Social Services and the
24 governor announced that the first case of COVID-19 was diagnosed in an individual in
25 Anchorage;

26 (8) from March 12, 2020, to present, cases of COVID-19 continue to be
27 diagnosed across the state;

28 (9) on April 9, 2020, President Donald J. Trump approved a major disaster
29 declaration for the state to aid in COVID-19 recovery efforts;

10 certified, in accordance with AS 26.23.900(2)(E), that an outbreak of COVID-19 is occurring
11 in the state because of widespread community transmission;

12 (14) a statewide response under AS 18.15.390, coordinated by the Department
13 of Health and Social Services, is needed to fully address this disaster of public health and aid
14 in vaccine distribution;

15 (15) the Department of Health and Social Services' chief medical officer and
16 the commissioner of health and social services have determined that it will take months of
17 monitoring and active public health management, including statewide vaccine distribution, to
18 contain the spread COVID-19;

19 (16) the adjutant general of the Alaska organized militia has determined that it
