**A BILL**

**FOR AN ACT ENTITLED**

1 "An Act relating to management of enhanced stocks of shellfish; authorizing certain  
2 nonprofit organizations to engage in shellfish enhancement projects; relating to  
3 application fees for salmon hatchery permits and shellfish enhancement project permits;  
4 and providing for an effective date."

5 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

6 \* **Section 1.** AS 16.05.730(c) is amended to read:

7 (c) The board may

8 **(1)** consider the need of enhancement projects authorized under  
9 AS 16.10.400 and contractors who operate state-owned enhancement projects under  
10 AS 16.10.480 to harvest and sell fish produced by the enhancement project that are not  
11 needed for brood stock to obtain funds for the purposes allowed under AS 16.10.450  
12 or 16.10.480(d);

13 **(2)** **consider the need of projects authorized under AS 16.12.010 to**  
14 **harvest and sell shellfish that are not needed for brood stock to obtain funds for**

1 **the purposes allowed under AS 16.12.080;**

2 **(3)** [. THE BOARD MAY] exercise its authority under this title as it  
3 considers necessary to direct the department to provide a reasonable harvest of fish, in  
4 addition to the fish needed for brood stock, to an enhancement project to obtain funds  
5 for the enhancement project if the harvest is consistent with sustained yield of wild  
6 fish stocks; **and**

7 **(4)** [. THE BOARD MAY] adopt a fishery management plan to  
8 provide fish to an enhancement project to obtain funds for the purposes allowed under  
9 AS 16.10.450, [OR] 16.10.480(d), **or AS 16.12.080.**

10 \* **Sec. 2.** AS 16.10.400(b) is amended to read:

11 (b) The application for a permit under this section shall be on a form  
12 prescribed by the department and be accompanied by an application fee **in the**  
13 **amount determined under (h) of this section** [\$100]. The commissioner may waive  
14 the submission of an application for a permit to operate a hatchery under  
15 AS 16.10.480.

16 \* **Sec. 3.** AS 16.10.400 is amended by adding a new subsection to read:

17 (h) The department shall establish by regulation an application fee under this  
18 section in an amount that provides for the total amount of fees collected under (b) of  
19 this section to approximately equal the department's actual costs of processing permit  
20 applications under this chapter. The department shall annually review the fee level to  
21 determine whether the department's costs of processing permit applications under this  
22 chapter are approximately equal to the fees collected. If the review indicates that fees  
23 collected and these costs are not approximately equal, the department shall adjust the  
24 application fee by regulation. In January of each year, the department shall report the  
25 fee level and any revision made for the previous year under this subsection to the  
26 office of management and budget.

27 \* **Sec. 4.** AS 16 is amended by adding a new chapter to read:

28 **Chapter 12. Shellfish Enhancement Projects.**

29 **Sec. 16.12.010. Permits for shellfish enhancement projects.** (a) Subject to  
30 the restrictions imposed by statute or regulation under this chapter, the commissioner  
31 may issue a permit to a nonprofit corporation organized under AS 10.20 for a project

1 to

2 (1) augment the yield and harvest of shellfish indigenous to state water  
3 above naturally occurring levels by natural, artificial, or semiartificial production  
4 systems;

5 (2) rehabilitate a shellfish stock that is indigenous to state water by  
6 restoring it to its natural levels of productivity; or

7 (3) increase the area of productive natural shellfish habitat.

8 (b) Each applicant for a permit under this section shall apply in a format  
9 prescribed by the department and pay an application fee in the amount determined  
10 under (f) of this section.

11 (c) A permit issued under this section is nontransferable. If a permit holder  
12 sells or leases a facility for which a permit has been issued under this section, the new  
13 operator shall apply for a permit under this section.

14 (d) The commissioner shall consult with and solicit recommendations from  
15 federal and state agencies and technical experts in the relevant area regarding permit  
16 stipulations and issuance.

17 (e) The commissioner may not issue a permit under this section unless the  
18 commissioner determines that the action would result in substantial public benefits and  
19 would not jeopardize natural stocks.

20 (f) The department shall establish by regulation an application fee under this  
21 section in an amount that provides for the total amount of fees collected under (b) of  
22 this section to approximately equal the department's actual costs of processing permit  
23 applications under this chapter. The department shall annually review the fee level to  
24 determine whether the department's costs of processing permit applications under this  
25 chapter are approximately equal to the fees collected. If the review indicates that fees  
26 collected and these costs are not approximately equal, the department shall adjust the  
27 application fee by regulation. In January of each year, the department shall report the  
28 fee level and any revision made for the previous year under this subsection to the  
29 office of management and budget.

30 **Sec. 16.12.020. Hearings before permit issuance.** (a) At least 30 days before  
31 the issuance of a permit under AS 16.12.010, the department shall hold a public

1 hearing in a central location in the vicinity of the proposed release of shellfish.

2 (b) Notice of the hearing shall be published in a newspaper of general  
3 circulation once a week for three consecutive weeks, with completion of the notice at  
4 least five days before the hearing.

5 (c) The department shall conduct the hearing. The applicant shall present a  
6 plan for the proposed project describing the capacity of the facility and other relevant  
7 facts that may be of interest to the department or to the public. The department shall  
8 give interested members of the public an opportunity to be heard.

9 (d) The department shall record and consider objections and recommendations  
10 offered by the public at the hearing conducted under this section. The department shall  
11 respond in writing, not later than 30 days after the hearing is held, to a specific  
12 objection offered by a member of the public at the hearing.

13 **Sec. 16.12.030. Conditions of a permit.** The department shall require, in a  
14 permit issued under this chapter, that the permit holder

15 (1) procure shellfish from the department or a source approved by the  
16 department;

17 (2) place shellfish only in water of the state specifically designated in  
18 the permit;

19 (3) not procure genetically modified shellfish or place genetically  
20 modified shellfish into the water of the state;

21 (4) not resell or transfer shellfish sold to a permit holder by the state or  
22 by another party approved by the department;

23 (5) not release shellfish before approval by the department, and, for  
24 purposes of pathological examination and approval, that the permit holder notify the  
25 department at least 15 days before the date of the proposed release of shellfish;

26 (6) destroy diseased shellfish in a specific manner and location  
27 designated by the department;

28 (7) harvest shellfish only at specific locations and under specific  
29 conditions as designated by the department;

30 (8) make surplus shellfish available for sale first to the department and  
31 then, after inspection and approval by the department, to other permit holders

1 operating under this chapter;

2 (9) provide a copy of the sales transaction to the department if surplus  
3 shellfish are sold by a permit holder to another permit holder;

4 (10) release shellfish in an area where the shellfish will be available to  
5 traditional fisheries, subject to the provisions of this chapter and regulations adopted  
6 under this chapter.

7 **Sec. 16.12.040. Alteration, suspension, or revocation of permit.** (a) If a  
8 permit holder fails to comply with the conditions and terms of the permit issued under  
9 AS 16.12.010 within a reasonable period after notification by the department of  
10 noncompliance, the permit may be suspended or revoked, in the discretion of the  
11 commissioner.

12 (b) If the commissioner finds that the operation of the permitted activity is not  
13 in the best interests of the public, the commissioner may alter the conditions of the  
14 permit to mitigate the adverse effects of the operation or, if the adverse effects are  
15 irreversible and cannot be mitigated sufficiently, initiate a termination of the operation  
16 under the permit over a reasonable period under the circumstances, not to exceed four  
17 years. During the period that the operation is being terminated, the permit holder may  
18 harvest shellfish under the terms of the permit but may not release additional shellfish.

19 **Sec. 16.12.050. Regulations relating to released shellfish.** (a) Shellfish  
20 released into the natural water of the state by a permit holder under this chapter are  
21 available to the people for common use and are subject to regulation under applicable  
22 law in the same way as shellfish occurring in their natural state except when they are  
23 in a special location designated by the department for harvest by a permit holder.

24 (b) The Board of Fisheries may, after the issuance of a permit by the  
25 commissioner, amend by regulation adopted in accordance with AS 44.62  
26 (Administrative Procedure Act) the terms of the permit relating to the source of wild  
27 brood stock, the harvest of shellfish by permit holders, and the specific locations  
28 designated by the department for harvest. The Board of Fisheries may not adopt a  
29 regulation or take an action regarding the issuance or denial of a permit required in  
30 this chapter.

31 **Sec. 16.12.060. Department assistance and cooperation.** (a) Before and after

1 permit issuance under AS 16.12.010, the department shall make reasonable efforts,  
2 within the limits of time and resources, to advise and assist applicants or permit  
3 holders, as appropriate, as to projects under AS 16.12.010, including the planning,  
4 construction, and operation of facilities.

5 (b) Nothing in this section exempts an applicant or permit holder from  
6 compliance with this chapter or from compliance with the regulations or restrictions  
7 adopted under this chapter.

8 **Sec. 16.12.070. Brood stock sources.** (a) The department shall approve the  
9 source and number of shellfish taken for use as brood stock under this chapter.

10 (b) Where feasible, a permit holder shall first take shellfish from stocks native  
11 to the area in which the shellfish will be released.

12 **Sec. 16.12.080. Sale of shellfish; use of proceeds; quality and price.** (a) A  
13 permit holder that sells shellfish harvested from the natural water of the state, or sells  
14 shellfish to another permit holder under this chapter, shall use the funds only for  
15 reasonable operating costs, including debt retirement, expanding its facilities, a project  
16 permitted under AS 16.12.010, shellfish research, or to assist in meeting the  
17 department's costs of managing the affected fisheries for the area in which the  
18 shellfish release is located.

19 (b) A permit holder shall ensure that shellfish harvested and sold for human  
20 consumption are of comparable quality to shellfish harvested by commercial fisheries  
21 in the area and are sold at prices commensurate with the current market.

22 **Sec. 16.12.090. Cost recovery fisheries.** (a) A permit holder may harvest  
23 shellfish for a project under AS 16.12.010 in a special harvest area through

24 (1) agents or employees of or persons under contract with the permit  
25 holder as provided under a permit from the department or regulations of the Board of  
26 Fisheries; or

27 (2) the common property fishery under this section.

28 (b) A permit holder may, by a majority vote of the membership of the permit  
29 holder's board of directors, elect to harvest shellfish in a special harvest area  
30 established for a project under AS 16.12.010 through the common property fishery. At  
31 the request of the permit holder and if the commissioner determines that there are no

1 allocative issues involved, and after reasonable consultation with affected commercial  
2 fishermen, the commissioner may adopt regulations governing the harvest of shellfish  
3 in a special harvest area through a common property fishery. The regulations must  
4 specify the terms, conditions, and rules under which the common property fishery in  
5 the special harvest area shall be conducted, including requirements for holding  
6 inspections and reporting of harvests and sales of shellfish taken in the special harvest  
7 area. Following adoption of regulations by the department, before January 15 of each  
8 year, the permit holder's board, by a majority vote of the board's membership, may  
9 determine whether the permit holder will operate under the regulations adopted under  
10 this subsection during the current calendar year and shall notify the department if the  
11 permit holder intends to operate under the regulations adopted under this subsection.  
12 The Board of Fisheries may adopt regulations under AS 16.05.251 regarding a  
13 fisheries management plan governing operations under this subsection in a special  
14 harvest area, including allocation plans. Participation in the fishery must be open to all  
15 interim-use permit and entry permit holders who hold permits to operate a type of gear  
16 that may be used in the fishing district in which the special harvest area is located if  
17 that type of gear is authorized by regulation to be used in the special harvest area. An  
18 interim-use permit holder or an entry permit holder who takes shellfish in a common  
19 property fishery in a special harvest area may sell the shellfish to a fish buyer or  
20 processor who is licensed to do business in the state.

21 (c) As a condition of participation in a common property shellfish fishery in a  
22 special harvest area under this section, a commercial fisherman who participates in the  
23 fishery is subject to the payment of the assessment levied under (d) of this section on  
24 the projected value of the shellfish or on the pounds of shellfish harvested. The  
25 assessment is levied on the shellfish that the commercial fisherman takes in the special  
26 harvest area and sells to a licensed buyer. The buyer of the shellfish must be licensed  
27 under AS 43.75, and the buyer shall collect the assessment on shellfish taken in a  
28 special harvest area at the time of purchase and remit the assessment to the  
29 Department of Revenue in accordance with regulations adopted by the Department of  
30 Revenue.

31 (d) The Department of Revenue may, by regulation, annually by March 1, set

1 the assessment levied on shellfish taken in a special harvest area in consultation with  
2 the Department of Commerce, Community, and Economic Development, the permit  
3 holder, and representatives of affected commercial fishermen. The assessment must  
4 provide sufficient revenue to cover debt service, reasonable operating expenses,  
5 reasonable maintenance expenses, and development or maintenance of a reserve fund  
6 up to 100 percent of annual operating costs of the permit holder's project under  
7 AS 16.12.010. In setting the assessment, the Department of Revenue shall consider the  
8 estimated harvest of shellfish in the special harvest area, the projected price to be paid  
9 for shellfish in the region, the amount of the existing reserve held by the permit holder,  
10 and the amount by which the assessment collected in previous years exceeded or fell  
11 short of the amount anticipated to be collected. The assessment may not exceed 50  
12 percent of the value of the shellfish. The Department of Revenue may levy the  
13 assessment as a percentage of the projected value of the shellfish harvested in the  
14 special harvest area or as a flat rate on each pound of shellfish harvested in the area, to  
15 the nearest whole cent.

16 (e) The Department of Revenue shall deposit the assessments collected under  
17 this section in the general fund. The legislature may appropriate the funds collected  
18 under this section to the permit holder who is carrying out a project under  
19 AS 16.12.010, including the operation of a facility, in the special harvest area in which  
20 the assessment was levied. A permit holder shall use funds appropriated under this  
21 subsection for the purposes set out under AS 16.12.080(a). The legislature may also  
22 appropriate funds collected under this section to the Department of Revenue for costs  
23 incurred by the Department of Revenue under this section.

24 (f) A person who violates a regulation adopted under (b) of this section is  
25 guilty of a violation under AS 16.05.722 or a misdemeanor under AS 16.05.723. A  
26 person who violates a regulation adopted by the Department of Revenue under (c) of  
27 this section is guilty of a class A misdemeanor.

28 (g) In this section,

29 (1) "special harvest area" means an area designated by the  
30 commissioner or the Board of Fisheries where shellfish may be harvested by permit  
31 holders under this chapter and by the common property fishery;

1 (2) "value" has the meaning given in AS 43.75.290.

2 **Sec. 16.12.100. Inspection by the department.** (a) A permit holder shall  
3 allow the department to inspect the permit holder's facility for a project under  
4 AS 16.12.010 at any time the facility is in operation. The department shall conduct the  
5 inspection in a reasonable manner.

6 (b) The department shall bear the cost of an inspection performed under this  
7 section.

8 **Sec. 16.12.110. Annual report.** A person who holds a permit under this  
9 chapter shall submit an annual report not later than December 15 to the department.  
10 The report must be made on a form prescribed by the department and contain  
11 information pertaining to

12 (1) species;

13 (2) the brood stock source;

14 (3) the number, age, gender, and size of spawners;

15 (4) the number of eggs collected and juveniles produced; and

20 for the release of shellfish into natural water of the state, or a facility for a project  
21 under AS 16.12.010;

22 (2) "genetically modified shellfish" means shellfish whose genetic  
23 structure has been altered at the molecular level by recombinant DNA and RNA  
24 techniques, cell fusion, gene deletion or doubling, introduction of exogenous genetic

 3 **shellfish enhancement project.**

 8 Fisheries.

9 \* **Sec. 7.** AS 17.20.049(b)(1) is amended to read:
