

FISCAL NOTE

Senate Bill 221

Committee: State Governmental Affairs

Sponsor: Senator Tom Butler

Analyst: Tiffany Weaver

Date: 04/24/2023

Senate Bill 221 as introduced would increase the obligations of the Genetic Counseling Fund by an undetermined amount dependent upon the amounts awarded by the State Board of Genetic Counseling to qualified individuals, institutes, or agencies to promote genetic counseling programs and continuing education programs for licensees. In addition, this bill could decrease the obligations of the Board by estimated \$2,800 annually per meeting by allowing the 9-member board to meet electronically.
