8 SYNOPSIS: This bill would add certain named chemical
9 compounds of Fentanyl and synthetic controlled
10 substance Fentanyl analogues to Schedule I of the
11 controlled substances list. Possession,
12 distribution, and trafficking of these compounds
13 would be deemed unlawful, and violations would be
14 subject to the existing criminal penalties, as well
15 as enhanced penalties, for distribution and
16 possession.

17 This bill would also provide enhanced
18 criminal penalties for the unlawful possession or
19 unlawful distribution of heroin and any synthetic
20 controlled substance opioid analogue.

21 This bill would provide criminal penalties
22 for trafficking of Fentanyl or any synthetic
23 controlled substance Fentanyl analogue added to
24 Schedule I.

25 This bill would also provide for the
26 charging of a defendant for trafficking of certain
27 controlled substances, including Fentanyl and

1 synthetic controlled substance Fentanyl analogues,
2 if the person possesses 50 or more individual
3 packages of the substance, notwithstanding the
4 required weight ranges for trafficking.

5 Amendment 621 of the Constitution of Alabama
6 of 1901, now appearing as Section 111.05 of the
7 Official Recompilation of the Constitution of
8 Alabama of 1901, as amended, prohibits a general
9 law whose purpose or effect would be to require a
10 new or increased expenditure of local funds from
11 becoming effective with regard to a local
12 governmental entity without enactment by a 2/3 vote
13 unless: it comes within one of a number of
14 specified exceptions; it is approved by the
15 affected entity; or the Legislature appropriates
16 funds, or provides a local source of revenue, to
17 the entity for the purpose.

18 The purpose or effect of this bill would be
19 to require a new or increased expenditure of local
20 funds within the meaning of the amendment. However,
21 the bill does not require approval of a local
22 governmental entity or enactment by a 2/3 vote to
23 become effective because it comes within one of the
24 specified exceptions contained in the amendment.

13 distributed, possessed, and used as substitutes for controlled
14 substances.

15 "(2) The hazards attributable to the traffic in and
16 use of a synthetic controlled substance or synthetic
17 controlled substance analogues are increased because their
18 unregulated manufacture produces variations in purity and
19 concentration.

20 "(3) Many new synthetic substances are untested, and
21 it cannot be immediately determined whether they have useful
22 medical or chemical purposes.

23 "(4) The uncontrolled importation, manufacture,
24 distribution, possession, or use of controlled substance
25 analogues has a substantial and detrimental impact on the
26 health and safety of the people of this state.

1 "(5) Synthetic controlled substances or synthetic
2 controlled substance analogues can be created more rapidly
3 than they can be identified and controlled by action of the
4 Legislature. There is a need for a speedy determination of
5 their proper classification under existing law. It is
6 therefore necessary to identify and classify new substances
7 that have a potential for abuse, so that they can be
8 controlled in the same manner as other substances controlled
9 under existing state law.

10 "(b) The controlled substances listed in this
11 section are included in Schedule I:
