8 SYNOPSIS: Existing law provides qualification  
9 requirements for the certification of coal mine  
10 foremen and coal mine fire bosses and also allows  
11 for a qualified individual with an out-of-state  
12 certification to temporarily serve as either a coal  
13 mine foreman or coal mine fire boss if he or she  
14 otherwise has the requisite experience and is  
15 approved by either the Chief of the Division of  
16 Safety and Inspection of the Department of Labor or  
17 a mine inspector delegated by the chief.

18 This bill would clarify requirements for  
19 certification as a coal mine foreman and coal mine  
20 fire boss by providing revised qualification  
21 guidelines for applicants holding college degrees.

22 This bill would also provide that an  
23 individual holding an out-of-state certification as  
24 a coal mine foreman or a coal mine fire boss may  
25 temporarily serve as a coal mine foreman or coal  
26 mine fire boss if that individual otherwise meets  
27 the requisite requirements for the position.

1                   This bill would also revise the amount of  
2                   time during which a temporary coal mine foreman or  
3                   coal mine fire boss may serve in the position.
