9 A BILL  
10 TO BE ENTITLED  
11 AN ACT  
12

13 Relating to Jefferson County and the General  
14 Retirement System for Employees of the county; to amend  
15 Sections 45-37-123.01 and 45-37-123.50, Code of Alabama 1975,  
16 to provide that employees of the retirement system are  
17 eligible to become members of the retirement system and to  
18 provide that a part-time employee who occupies a position in  
19 the civil service system of the county would have the option  
20 to become a member of the retirement system by filing a  
21 declaration with the pension board.

22 BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

23 Section 1. Section 45-37-123.01, Code of Alabama  
24 1975, is amended to read as follows:

25 "§45-37-123.01.

26 "For the purposes of this part, the following terms  
27 shall have the following meanings:

1           "(1) ACT. The act adding this part, to be called the  
2           General Retirement System for Employees of Jefferson County  
3           Act.

4           "(2) ACTIVE MEMBER. An individual that currently is  
5           employed by the county and is making employee contributions to  
6           the system.

7           "(3) ACTUARIAL EQUIVALENT. Effective July 30, 1984,  
8           or such other dates as set forth in Exhibit A, which is  
9           maintained in the office of the pension board, a form of  
10          benefit differing in time, period, or manner of payment from a  
11          specific benefit provided under the plan but having the same  
12          value when computed using the mortality tables, the interest  
13          rate, and any other assumptions last adopted by the pension  
14          board, which assumptions shall clearly preclude any discretion  
15          in the determination of the amount of a member's benefit.

16          "(4) ACTUARIAL GAIN. As defined in Section  
17          45-37-123.106(f) (1) .

18          "(5) ANNUITY STARTING DATE. As used in Subpart 6 and  
19          in Section 45-37-123.106, means, with respect to any member,  
20          the first day of the first period for which an amount is paid  
21          as an annuity, or, in the case of a benefit not payable in the  
22          form of an annuity, the first day on which all events have  
23          occurred which entitles the member to such benefit.

24          "(6) ANOTHER PENSION SYSTEM. As used in Sections  
25          45-37-123.82(c) and 45-37-123.104(3), means a pension system  
26          established by or under laws of the State of Alabama for  
27          public officers and public employees other than the system

1 establishing this plan, which other pension system proscribes  
2 or otherwise does not allow for voluntary withdrawal by the  
3 member from the other pension system.

4 "(7) BASIC AVERAGE SALARY. Generally means,  
5 effective as of February 1, 2010, the monthly compensation of  
6 a member averaged over the period of 36 consecutive months of  
7 paid membership time during which such member's average  
8 monthly compensation was higher than any other period of 36  
9 consecutive months of paid membership time. For example, if a  
10 member terminated employment on June 20, 2010, and his or her  
11 highest consecutive 36 month period ends on the member's date  
12 of termination of employment, then the measuring period for  
13 determining basic average salary would be from June 21, 2007,  
14 through June 20, 2010. The following rules shall apply in  
15 calculating basic average salary:

16 "a. Daily Compensation Calculation. Subject to the  
17 additional rules stated in this subdivision, the compensation  
18 earned in each year, or portion of a year, during the 36-month  
19 period shall be determined on a daily basis. The total of the  
20 compensation earned in each applicable year, or portion  
21 thereof, shall be added together and then divided by 36 to  
22 arrive at the member's basic average salary. If the foregoing  
23 process is not workable in some situations, then the pension  
24 board shall approve a different method which is reasonable  
25 given the terms of the act and the individual circumstances.

26 "b. Use of Unpaid Membership Time. The compensation  
27 paid to a member during unpaid membership time shall only be

1 considered in determining the member's basic average salary  
2 for periods of employment prior to August 16, 1996.

3 "c. Tacking of Nonconsecutive Paid Membership Time.  
4 Separate periods of paid membership time may be tacked and  
5 considered as consecutive if the member does not have any paid  
6 membership time between the periods so tacked. For example, if  
7 the member did not have any paid membership time between two  
8 periods of paid membership time due to a leave of absence, the  
9 leave of absence would be ignored in calculating basic average  
10 salary.

11 "d. Post-termination Compensation. Compensation paid  
12 subsequent to termination of participation in the system  
13 pursuant to Section 45-37-123.52, due to ineligibility, shall  
14 not be recognized in computing basic average salary. However,  
15 notwithstanding any provisions of this plan to the contrary, a  
16 member's final paycheck from the county shall be counted in  
17 computing a member's basic average salary, but only to the  
18 extent that such paycheck constitutes compensation, and the  
19 highest consecutive 36 month period otherwise would end on the  
20 date of the member's termination of employment.

21 "(8) BENEFICIARY. The person, or entity, designated  
22 as provided in Section 45-37-123.103(d) to receive the  
23 benefits which are payable under the plan upon or after the  
24 death of a member.

25 "(9) CIVIL SERVICE SYSTEM. The personnel system  
26 administered and operated by the Jefferson County Personnel  
27 Board.

1           "(10) COMMISSION. The Jefferson County Commission.

2           "(11) COMPENSATION.

3           "a. With respect to any member means:

4           "1. The regular salary or hourly wages paid to a  
5 member, based on his or her pay grade, as established by the  
6 Jefferson County Personnel Board, or other appropriate  
7 authority, for a calendar year ending with or within the  
8 applicable plan year;

9           "2. Plus any accumulated vacation time paid by the  
10 county;

11           "3. Plus Worker's Compensation benefits, only as  
12 described in subdivision (59); and

13           "4. Any differential wage payment, as defined in §  
14 3401(h)(2), Internal Revenue Code, generally relating to  
15 military pay.

16           "b. Bonuses, overtime, longevity pay, paid  
17 accumulated sick leave, uniform allowances, expense  
18 allowances, and any other nonregular forms of compensation are  
19 excluded.

20           "c. Compliance with § 401(a)(17), Internal Revenue  
21 Code. Because the transitional rule provided by Treasury  
22 Regulation § 1.401(a)(17)-1(d)(4) of the regulations issued  
23 under § 401(a)(17), Internal Revenue Code, does not apply to  
24 the plan, compensation of each member taken into account in  
25 determining benefit accruals in any plan year beginning after  
26 December 31, 2001, shall not exceed two hundred thousand  
27 dollars (\$200,000), or such other amount provided in the

1 Internal Revenue Code. Such amount shall be adjusted for  
2 increases in the cost of living in accordance with §  
3 401(a)(17)(B), Internal Revenue Code, except that the dollar  
4 increase in effect on January 1 of any calendar year shall be  
5 effective for the calendar years beginning with such calendar  
6 year. For any short calendar year, the compensation limit  
7 shall be an amount equal to the compensation limit for the  
8 calendar year in which the calendar year begins multiplied by  
9 the ratio obtained by dividing the number of full months in  
10 the short calendar year by 12. For purposes of determining  
11 benefit accruals in a plan year beginning after December 31,  
12 2001, compensation for any prior calendar year shall be  
13 limited to one hundred fifty thousand dollars (\$150,000) for  
14 any calendar year beginning in 1996, one hundred sixty  
15 thousand dollars (\$160,000) for any calendar year beginning in  
16 1997, 1998, or 1999; and one hundred seventy thousand dollars  
17 (\$170,000) for any calendar year beginning in 2000 or 2001.

18 "(12) COUNTY. Jefferson County, Alabama, and any  
19 successor which shall maintain this plan. However, references  
20 herein to employment by the county also shall include  
21 employment by entities for which the county is acting as  
22 payroll agent or wherein the county is being reimbursed by an  
23 entity for the compensation of such entities' workers or  
24 wherein the entity has appointing authority with respect to  
25 the workers. Accordingly, such entities' workers shall be  
26 covered by the plan to the extent allowed under the act and as

1 determined by the pension board in its administration of the  
2 plan.

3 "(13) COUNTY TREASURER. An elected official of the  
4 county who is responsible for receiving and segregating into  
5 the trust fund all assets of the system.

6 "(14) DEFERRED RETIREMENT BENEFIT. A benefit payable  
7 pursuant to the terms of Section 45-37-123.100(c).

8 "(15) DESIGNATED BENEFICIARY. As defined in Section  
9 45-37-123.103(d).

11 payable pursuant to the terms of Section 45-37-123.102.

14 the county is required to furnish the member a written  
15 statement under §§ 6041(d), 6051(a)(3), and 6052, Internal  
16 Revenue Code. 415 compensation shall be determined without  
17 regard to any rules under § 3401(a), Internal Revenue Code,  
18 that limit the remuneration included in wages based on the  
19 nature or location of the employment or the services  
20 performed, such as the exception for agricultural labor in §  
21 3401(a)(2), Internal Revenue Code. Notwithstanding the above,  
22 the determination of 415 compensation shall be made by  
23 including any elective deferral, as defined in § 402(g)(3),  
24 Internal Revenue Code, and any amount which is contributed by  
25 the county at the election of the member pursuant to a salary  
26 reduction agreement and which is not includible in the gross  
27 income of the member by reason of §§ 125, 132(f)(4),

2 Code, and employee contributions described in § 414(h)(2),  
3 Internal Revenue Code, that are treated as employer  
4 contributions. For this purpose, effective January 1, 1998,  
5 amounts not includible in gross income under § 125, Internal  
6 Revenue Code, shall be deemed to include any amounts not  
7 available to a member in cash in lieu of group health coverage  
8 because the member is unable to certify that the member has  
9 other health coverage, provided the county does not request or  
10 collect information regarding the member's other health  
11 coverage as part of the enrollment process for the health  
12 plan.

13 "a. Compensation Paid After Severance from  
14 Employment. With respect to limitation years beginning on and  
15 after July 1, 2007, 415 compensation shall be adjusted for the  
16 following types of compensation paid after a member's  
17 severance from employment with the county, or any other entity  
18 that is treated as the county pursuant to § 414(b), (c), (m),  
19 or (o), Internal Revenue Code:

20 "1. The following amounts shall be included in 415  
21 compensation to the extent these amounts are paid by the later  
22 of two months after severance from employment or by the end of  
23 the limitation year that includes the date of such severance  
24 from employment:

25 "(i) Regular pay. 415 compensation shall include  
26 regular pay after severance from employment if:

1            "A. The payment is regular compensation for services  
2 during the member's regular working hours, or compensation for  
3 services outside the member's regular working hours, such as  
4 overtime or shift differential, commissions, bonuses, or other  
5 similar payments; and

6            "B. The payment would have been paid to the member  
7 prior to a severance from employment if the member had  
8 continued in employment with the county.

9            "(ii) Leave cashouts. 415 compensation shall include  
10 leave cashouts if those amounts would have been included in  
11 the definition of 415 compensation if they were paid prior to  
12 the member's severance from employment, and the amounts are  
13 payment for unused accrued bona fide sick, vacation, or other  
14 leave, but only if the member would have been able to use the  
15 leave if employment had continued.

16            "(iii) Deferred compensation. 415 compensation shall  
17 include deferred compensation if the compensation would have  
18 been included in the definition of 415 compensation if it had  
19 been paid prior to the member's severance from employment, and  
20 the compensation is received pursuant to a nonqualified  
21 unfunded deferred compensation plan, but only if the payment  
22 would have been paid at the same time if the member had  
23 continued in employment with the county and only to the extent  
24 that the payment is includible in the member's gross income.

25            "2. The following amounts shall not be included in  
26 415 compensation:

2 service participants. 415 compensation does not include  
3 payments to an individual who does not currently perform  
4 services for the county by reason of qualified military  
5 service to the extent those payments do not exceed the amounts  
6 the individual would have received if the individual had  
7 continued to perform services for the county rather than  
8 entering qualified military service.

9           "(ii) Salary continuation payments for disabled  
10 participants. 415 compensation does not include compensation  
11 paid to a member who is permanently and totally disabled, as  
12 defined in § 22(e)(3), Internal Revenue Code.

13           "b. Administrative Delay or the First Few Weeks  
14 Rule. With respect to limitation years beginning on and after  
15 July 1, 2007, 415 compensation does not include amounts earned  
16 but not paid during the limitation year solely because of the  
17 timing of pay periods and pay dates.

18           "c. Back Pay. With respect to limitation years  
19 beginning on and after July 1, 2007, payments awarded by an  
20 administrative agency or court or pursuant to a bona fide  
21 agreement by the county to compensate a member for lost wages  
22 are 415 compensation for the limitation year to which the back  
23 pay relates, but only to the extent such payments represent  
24 wages and compensation that would otherwise be included in 415  
25 compensation.

26           "(27) INVESTMENT MANAGER. An entity that has the  
27 power to manage, acquire, or dispose of plan assets and

1 acknowledges fiduciary responsibility to the plan in writing.

23 by the county, that is not a service connected disability.

24 "(35) PAID MEMBERSHIP TIME. The time during which a  
25 member made, or shall have made, employee contributions to the  
26 system and other previous retirement systems, provided,  
27 however, that if a member, for any reason, including

2 contributions, the period during which the employee  
3 contributions are withdrawn shall be considered unpaid  
4 membership time, unless it is converted to paid membership  
5 time as provided for in Section 45-37-123.53. Paid membership  
6 time also shall include a member's absence due to qualified  
7 military service. Years of paid membership time shall be
