8 SYNOPSIS: Under existing federal law, a group health
9 plan and a health insurance issuer providing health
10 insurance coverage in connection with a group
11 health plan that provides medical and surgical
12 benefits for a mastectomy is required to provide,
13 in a case of a participant or beneficiary who is
14 receiving benefits in connection with a mastectomy
15 and who elects breast reconstruction in connection
16 with the mastectomy, coverage for all stages of
17 reconstruction of the breast on which the
18 mastectomy has been performed, surgery and
19 reconstruction of the other breast to produce a
20 symmetrical appearance, and prostheses and physical
21 complications of mastectomy, including lymphedemas
22 in a manner determined in consultation with the
23 attending physician and the patient. The coverage
24 may be subject to annual deductibles and
25 coinsurance provisions as may be deemed appropriate
26 and as are consistent with those established for
27 other benefits under the plan or coverage. Written

1 notice of the availability of the coverage is
2 required to be delivered to the participant upon
3 enrollment and annually thereafter.

4 This bill would require all health benefit
5 plans executed or renewed in this state to include
6 coverage for breast reconstruction surgery after a
7 mastectomy.
