regional gaps in services for interventions on behalf of children and				
36 (C) Exploring previous and ongoing initiatives of the		<u> </u>	Exploring previous and ongoing init:	iatives of the

1	Department of Human Services and the Department of Education that address		
2	trauma caused by adverse childhood experiences;		
3	(D) Considering possible legislative proposals that use		
4	evidence-based or evidence-informed and cost-effective interventions for		
5	children and families based on the strengths and weaknesses of existing		
6	services; and		
7	(E) Determining the fiscal impact and staffing needs		
8	related to changes in services offered by the state to children and families;		
9	<u>and</u>		
10	(3) Hearing testimony from a diverse array of public and private		
11	stakeholders.		
12	(b)(1) By December 1, 2020, the House Committee on Aging, Children and		
13	Youth, Legislative and Military Affairs and the Senate Interim Committee on		
14	Children and Youth shall submit a joint report of its findings and		
15	recommendations to the:		
16	(A) Governor;		
17	(B) Speaker of the House of Representatives;		
18	(C) President Pro Tempore of the Senate;		
19	(D) Senate Interim Committee on Children and Youth;		
20	(E) House Committee on Aging, Children and Youth,		
21	Legislative and Military Affairs;		
22	(F) Department of Human Services; and		
23	(G) Department of Education.		
24	(2) The joint report shall include without limitation:		
25	(A) A spreadsheet by service area of each program or		
26	service that receives state or federal funds to provide intervention services		
27	to children and families;		
28	(B) A spreadsheet by service area of the eligibility		
29	criteria for each program and service that provides intervention services to		
30	children and families;		
31	(C) A compilation list of grants awarded to organizations		
32	that address childhood trauma caused by adverse childhood experiences and		
33	provide programs that build childhood resiliency;		
34	(D) A summary concerning the method by which the		
35	Department of Human Services coordinates work related to childhood trauma		
36	prevention, screening, and treatment efforts;		

1	(E) Training materials currently disseminated to early
2	childcare and learning professionals by the Department of Human Services or
3	the Department of Education regarding how to identify a student who may be
4	exposed to adverse childhood experiences and strategies for referring
5	families to community health teams and primary care medical homes; and
6	(F) A description of any existing programming within a
7	state agency or conducted in partnership with a local community group that is
8	aimed at addressing and reducing trauma cause by adverse childhood
9	experiences and the associated health risks to children.
10	(c)(1) By January 15, 2020, the Department of Human Services and the
11	Department of Education shall submit a written response to the joint report
12	submitted by the House Committee on Aging, Children and Youth, Legislative
13	and Military Affairs and the Senate Interim Committee on Children and Youth
14	under subsection (b) of this section to the:
15	(A) Governor;
16	(B) Speaker of the House of Representatives;
17	(C) President Pro Tempore of the Senate;
18	(D) Senate Interim Committee on Children and Youth; and
19	(E) House Committee on Aging, Children and Youth,
20	Legislative and Military Affairs.
21	(2) The response of the Department of Human Services and the
22	Department of Education shall:
23	(A) Address the integration of evidence-based or evidence-
24	informed and family-focused prevention, intervention, treatment, and recovery
25	services for children and families who are affected by adverse childhood
26	<pre>experiences;</pre>
27	(B) Address the respective coordination of evidence based
28	or evidence-informed and family-focused prevention, intervention, treatment,
29	and recovery services throughout the Department of Human Services and the
30	Department of Education; and
31	(C) Propose mechanisms for:
32	(i) Improving and engaging community providers in
33	the systematic prevention of trauma caused by adverse childhood experiences;
34	(ii) Case detection and care of individuals affected
35	by adverse childhood experiences; and
36	(iii) Ensuring that grants in support of children

2	Human Services or the Department of Education include requirements for
3	accountability and the assessment of outcomes for children with trauma caused
4	by adverse childhood experiences and their families.
