23 the secretary of the cabinet-level department.

24 (2) The secretary of the cabinet-level department shall hire  
25 department employees, unless otherwise provided by law.

26 (c) The secretary may, unless otherwise provided by law:

27 (1) Delegate his or her functions, powers, and duties to various

3 (1) Secretary of the Department of Agriculture;

20 (e) The secretary may be compelled by mandamus to perform any duties  
21 or obligations under a bond, contract, or agreement issued, made, or to be  
22 performed by each state entity administered by the cabinet-level department.

23 (f)(1) If a provision of the Transformation and Efficiencies Act of  
24 2019 requires a director, commissioner, or other executive head of a state  
25 entity to consult with the secretary of a cabinet-level department regarding  
26 a duty or function of the state entity, "consultation" means:

27 (A)(i) When working on behalf of a governing state entity,  
28 coordinating with and receiving input, review, and recommendations from the  
29 secretary of the cabinet-level department.

30 (ii) "Consultation" under subdivision (b)(1)(A)(i)  
31 of this section does not include approval or consent; and

32 (B) When working on behalf of a state entity other than a  
33 governing state entity, coordinating with and receiving input, review,  
34 recommendations, advice, and consent of the secretary of the cabinet-level  
35 department.

36 (2) As used in this subsection, "governing state entity" means a

1 state entity, including without limitation a board, commission, or council,  
2 whose membership consists of:

3 (A) Two (2) or more appointed members;

4 (B) Two (2) or more ex-officio members; or

5 (C) Both appointed and ex-officio members.

6  
7 25-43-109. Correction of technical errors related to transformation of  
8 state government.

9 (a)(1) The General Assembly finds that:

10 (A) The transformation of the structure of state  
11 government under the Transformation and Efficiencies Act of 2019 involves  
12 changes to thousands of sections of the Arkansas Code concerning state  
13 entities;

14 (B) Many of the changes required are highly technical and  
15 require careful study of the purpose and context of each Arkansas Code  
16 section, with the need for some of the changes not becoming apparent until  
17 the implementation of the transformation of state government under this  
18 chapter;

19 (C) With a project as large and comprehensive as the  
20 transformation of state government under this chapter, it is inevitable that  
21 certain sections of the Arkansas Code requiring technical changes to follow  
22 the intent of this chapter will be either omitted or amended in a manner that  
23 is later found to be erroneous and unintentional; and

24 (D) If the correct statutory change to remedy an  
25 unintentional error is readily apparent and consistent with the intent of  
26 this chapter, the unintentional error should be corrected as part of the  
27 codification process due to the technical nature of the unintentional error.

28 (2) It is the intent of the General Assembly to empower the  
29 Arkansas Code Revision Commission to correct technical errors identified in  
30 the Arkansas Code during the transformation of the structure of state  
31 government under this chapter to allow this chapter to be fully implemented.

32 (b)(1)(A) Any person or state entity identifying one (1) or more  
33 sections of the Arkansas Code that require revision to implement the intent  
34 of this chapter may notify the Director of the Bureau of Legislative Research  
35 or his or her designee of the section or sections at issue.

36 (B) If the Bureau of Legislative Research, while assisting

1 the commission with the commission's powers and duties, becomes aware of one  
2 (1) or more sections of the Arkansas Code that require revision to implement  
3 the intent of this chapter for which it appears that the bureau and the  
4 commission do not have authority to make the necessary revision under § 1-2-  
5 303(d), the bureau may notify the commission of the section or sections at  
6 issue.

7 (2) If the commission determines that the revision necessary to  
8 one (1) or more sections of the Arkansas Code under subdivision (b)(1) of  
9 this section is technical in nature, germane to the intent of this chapter,  
10 and consistent with this chapter's policy and purposes, the commission may  
11 make the revision to the Arkansas Code.

12 (3) The commission shall notify the publisher of the Arkansas  
13 Code of a revision to the Arkansas Code under subdivision (b)(2) of this  
14 section as soon as possible so that the revision may be reflected in the  
15 official hard copy version of the Arkansas Code and official electronic  
16 version of the Arkansas Code.

17 (4)(A) Except as provided in subdivision (b)(4)(B) of this  
18 section, when the commission approves a revision to the Arkansas Code under  
19 subdivision (b)(2) of this section, the commission shall notify the following  
20 of the revision within thirty (30) days:

21 (i) The Speaker of the House of Representatives;

22 (ii) The President Pro Tempore of the Senate; and

23 (iii) The Legislative Council.

24 (B) The commission is not required to make a notification  
25 under subdivision (b)(4)(A) of this section if the revision is made under §  
26 1-2-303(d).

27 (c) The authority granted to the commission under this section is  
28 supplemental to the commission's authority under § 1-2-303.

29  
30 25-43-110. Funds and personnel transferred.

31 (a) A fund or fund account name that due to the implementation of the  
32 Transformation and Efficiencies Act of 2019 has not been revised in an  
33 appropriation or in the Arkansas Code to the same fund or fund account name  
34 enacted by the Ninety-Second General Assembly, shall be payable from the  
35 appropriation enacted with the fund or fund account name as originally  
36 enacted by the Ninety-Second General Assembly.

1 (b) Unless otherwise provided by law, when all or part of a state  
2 entity is subject to a cabinet-level department transfer, the state entity's  
3 authorized classifications, employees, property, unexpended balances of  
4 appropriations, allocations, and funds are transferred to the cabinet-level  
5 department as authorized under this chapter.

6 (c)(1) A state entity appropriation transferred from a paying account  
7 or fund not established in a cabinet-level department, due to the  
8 implementation of the Transformation and Efficiencies Act of 2019, is payable  
9 and appropriated from a cash fund established in the State Treasury in the  
10 same amount and for the same purpose as that transferred state entity.

11 (2) At no time may funding or cash fund appropriation be  
12 established under subsection (c) of this section that is not authorized to be  
13 transferred or in a greater amount than is transferred.

14 (d)(1) Any classification title for a state entity that is subject to  
15 a cabinet-level department transfer under this chapter may be revised as  
16 determined appropriate by the Office of Personnel Management to reference the  
17 appropriate state entity.

18 (2) The authority under subsection (d) of this section does not  
19 allow for revisions to:

20 (A) A pay grade;

21 (B) A line item;

22 (C) The number of authorized classifications; or

23 (D) A job duty.

24  
25 25-43-111. State entity subject to Arkansas Constitution, Amendment  
26 33.

27 (a) Notwithstanding any provision of the Transformation and  
28 Efficiencies Act of 2019, if a state entity subject to a cabinet-level  
29 department transfer under this chapter is subject to Arkansas Constitution,  
30 Amendment 33:

31 (1) The state entity subject to Arkansas Constitution, Amendment  
32 33, and the institutions under its authority shall be considered to be  
33 affiliated with the cabinet-level department at issue; and

34 (2) The state entity subject to Arkansas Constitution, Amendment  
35 33, shall perform all functions with respect to the management and control of

24 (b) Definitions. As used in this section, the following terms shall  
25 have these ascribed meanings:

26 (1) “Administrative inspections” means investigation by  
27 ~~department~~ division personnel at facilities operating within the ~~department’s~~  
28 division’s apparent regulatory jurisdiction;

29 (2) “Facility” means the public or private area, premises,  
30 curtilage, building, or conveyance described as the subject of administrative  
31 inspection;

32 (3) “Pervasively regulated facility or activity” means the  
33 activity or facility that is the location of activity authorized by the

1 search limited in scope is necessary to ensure compliance with or enforcement  
2 of laws, regulations, or orders charged to the ~~department~~ division for  
3 implementation.

5 inspections or applying for administrative warrants, probable cause may be  
6 provided to the ~~department~~ division through complaints or other means that  
7 reasonably justify a limited and controlled administrative inspection.

8 (c) Administrative Inspections.

9 (1)(A) Whenever the ~~department~~ division obtains information that  
10 supports reasonable cause to believe that a violation of any law within its  
11 regulatory authority is being or has been violated, or that unauthorized  
12 regulated conduct is occurring or has occurred, ~~department~~ division personnel  
13 or its agents may demand entry onto any property, public or private, to

19 circumstances, at a time necessary to observe the suspected violation or  
20 unauthorized conduct.

21 (C) Except under emergency circumstances, the ~~department~~  
22 division shall inform such facility's owner or agent of all information which  
23 forms the basis of its probable cause at the time of the inspection.

24 (2) Nothing in this subsection shall be construed as requiring  
25 the ~~department~~ division to forfeit the element of surprise in its inspection  
26 efforts.

27 (3) Also, nothing in this section shall be construed as limiting  
28 the frequency of the periodic or random inspections of pervasively regulated  
29 facilities or activities.

30 (4) For the purpose of this section, a rebuttable presumption  
31 concerning the jurisdiction of the ~~department's~~ division's regulatory  
32 authority is established as it regards the ~~department's~~ division's authority  
33 to inspect any facility.

34 (d) Administrative Inspection Warrants. If consent to inspect is  
35 denied, the ~~department~~ division may obtain an administrative inspection  
36 warrant from a judicial officer. Issuance and execution of administrative

5 purpose of conducting administrative inspections authorized by any law or  
6 regulation administered by the ~~department~~ division;

7 (2) A warrant shall issue only upon an affidavit of a ~~department~~  
8 division official, employee, or agent having knowledge of the facts alleged,  
9 sworn to before the judge or magistrate and establishing the grounds for  
10 issuing the warrant. If the judge or magistrate is satisfied that grounds for

12 he or she shall issue a warrant identifying the facility to be inspected, and  
13 the purpose of the inspection. The warrant shall:

14 (A) State the grounds for its issuance and the name of  
15 each person whose affidavit has been taken in support thereof;

20 specified;

21 (D) Specifically identify any documents or samples to be  
22 gathered during the inspection;

23 (E) Direct that it be served during normal business hours  
24 unless emergency or extraordinary circumstances compel otherwise; and

25 (F) Designate the judge or magistrate to whom it shall be  
26 returned;

27 (3) If appropriate, the warrant may authorize the review and  
28 copying of documents which may be relevant to the purpose of the inspection.  
29 If documents must be seized for the purpose of copying, the person serving  
30 the warrant shall prepare an inventory of documents taken. The inventory  
31 shall be made in the presence of the person executing the warrant and of the  
32 person from whose possession or facility the documents were taken, if  
33 present, or in the presence of at least one (1) credible person other than  
34 the person executing the warrant. A copy of the inventory shall be delivered  
35 to the person from whom or from whose facility the documents were taken. The  
36 seized documents shall be copied as soon as feasible under circumstances

1 preserving their authenticity, then returned to the person from whom the  
2 documents were taken;

3 (4) The warrant may authorize the taking of samples of materials  
4 generated, stored, or treated at the facility, or of the water, air, or soils  
5 within the facility's control or that may have been affected by the  
6 facility's operations. The person executing the warrant shall prepare an  
7 inventory of all samples taken. In any inspection conducted pursuant to an  
8 administrative warrant in which such samples are taken, the ~~department~~  
9 division shall make split samples available to the person whose facility is  
10 being inspected;

11 (5) A warrant issued pursuant to this section must be executed  
12 and returned within ten (10) days of its date unless, upon a showing of a  
13 need for additional time, the court orders otherwise. The return of the  
14 warrant shall be made promptly, accompanied by a written inventory of any  
15 documents or samples taken;

16 (6) The judge or magistrate who has issued a warrant shall  
17 attach thereto a copy of the return and all papers returnable in connection  
18 therewith and file them with the clerk of the circuit court for the judicial  
19 district in which the inspection was made;

20 (7) This subsection does not prevent the inspection without a  
21 warrant of books and records pursuant to an administrative subpoena issued in  
22 accordance with duly adopted administrative procedures; and

23 (8) A copy of the warrant and all supporting affidavits shall be  
24 provided to the person served, or left at the entry of the facility  
25 inspected.

26 (e) Administrative Inspection Warrants – Exceptions. Notwithstanding  
27 the previous subsection, an administrative warrant shall not be required for  
28 any inspection, including the review and copying of documents and taking of  
29 samples, under the following circumstances:

30 (1) For pervasively regulated facilities or activities as  
31 defined by this section whose permit, license, certification, or operational  
32 approval from the ~~department~~ division provides notice that the ~~department~~  
33 division may inspect regulated activities to assure compliance. If the  
34 ~~department~~ division has reason to believe that a violation of any law has or  
35 is occurring, the basis for such belief shall be communicated at the time of  
36 the inspection;

1 (2) If the owner, operator, or agent in charge of the facility  
2 consents;

3 (3) In situations presenting imminent danger to public health  
4 and safety or the environment;

5 (4) In situations involving inspection of conveyances, if there  
6 is reasonable cause to believe that the mobility of the conveyance makes it  
7 impracticable to obtain a warrant;

8 (5) In any other exception or emergency circumstance when time  
9 or opportunity to apply for a warrant is lacking;

10 (6) In situations involving conditions that may be observed in  
11 an open field, from an area practically open to public access, or in plain  
12 view; or

13 (7) In all other situations in which a warrant is not  
14 constitutionally required.

15 (f) Penalties. Any willful and unjustified refusal of right of entry  
16 and inspection to ~~department~~ division personnel as set out in this section  
17 shall constitute a misdemeanor subject to a fine of up to twenty-five  
18 thousand dollars (\$25,000) or civil penalties up to twenty-five thousand

13 (ii) The notice shall be provided using one (1) of  
14 the following methods based on the contact information available for the  
15 applicant or the person and the director's discretion:

16 (a) First class mail; or

17 (b) Email.

18 (e)(1)(A) Whenever the ~~department~~ division proposes to grant or deny  
19 any permit application, it shall cause notice of its proposed action to be  
20 published in either:

21 (i) A newspaper of general circulation in the county  
22 in which the facility that is the subject of the application is located; or

23 (ii) In the case of a statewide permit, in a

27 (C)(i) At the conclusion of the public comment period, the  
28 ~~department~~ division shall provide a final written permitting decision

12 supported by appropriate legal, scientific, or practical reasons for  
13 accepting or rejecting the substance of the comment in the ~~department's~~  
14 division's permitting decision.

15 (ii) For the purposes of this section, response to  
16 comments by the ~~department~~ division should serve the roles of both developing  
17 the record for possible judicial review of an individual permitting action  
18 and as a record for the public's review of the ~~department's~~ division's  
19 technical and legal interpretations on long-range regulatory issues.

20 (iii) Nothing in this section, however, shall be  
21 construed as limiting the ~~department's~~ division's authority to raise all  
22 relevant issues of regulatory concern upon adjudicatory review of the  
23 commission of a particular permitting action.

24 (B)(i) In the case of any discharge limit, emission limit,  
25 environmental standard, analytical method, or monitoring requirements, the  
26 record of the proposed action and the response shall include a written  
27 explanation of the rationale for the proposal, demonstrating that any  
28 technical requirements or standards are based upon generally accepted  
29 scientific knowledge and engineering practices.

30 (ii) For any standard or requirement that is  
31 identical to an applicable regulation, this demonstration may be satisfied by  
32 reference to the regulation. In all other cases, the ~~department~~ division must  
33 provide its own justification with appropriate reference to the scientific  
34 and engineering literature or written studies conducted by the ~~department~~  
35 division.

8 (g) Only those persons that submit comments on the record during the  
9 public comment period and the applicant shall have standing to appeal the  
10 decision of the ~~department~~ division to the commission.

11 (h)(1) Permits for the discharge of pollutants into the waters of the

23 (2) Only the reasons stated in §§ 8-1-103(4), 8-1-106(b)(1), 8-  
24 1-106(c), and this section constitute grounds for denial of a transfer.

25 (3) The permit is automatically transferred to the new permittee  
26 unless the director denies the request within thirty (30) days of the receipt  
27 of the disclosure statement.

28 (i) In the event of voluminous comments, including without limitation  
29 a petition, the ~~department~~ division may require the designation of a  
30 representative to accept any notices required by this section.

31 (j) The notice provisions of subsections (d) and (e) of this section  
32 do not apply to permit transfers or minor modifications of existing permits.

33 (k) This section in no way restricts local and county government  
34 entities from enacting more stringent ordinances regulating nonmunicipal  
35 domestic treatment sewage systems in Arkansas.

36 (l) The commission may promulgate rules to establish a permit-by-rule.

1 A permit-by-rule is subject to the public notice requirements and procedural  
2 provisions under § 8-4-202 et seq. but is not subject to the public notice  
3 requirements and procedural provisions under this section and §§ 8-4-204 and

22 (ii) The director may require a person who has been  
23 granted coverage under a general permit to apply for and obtain an individual

27 this section.

28 (B) The ~~department~~ division shall pay the costs of  
29 publication of notice of a draft permitting decision to issue a general

31 (C) General permit coverage is not transferable unless the  
32 general permit provides for transfer.

33 (3)(A)(i) Before the submittal to public comment of a general  
34 permit that has not been previously issued, the ~~department~~ division shall  
35 consider the economic impact and environmental benefit of the general permit  
36 and its terms and conditions upon the people of the State of Arkansas,

1 including those entities that may apply for coverage under the general  
2 permit.

3 (ii) This requirement does not apply to general  
4 permits or terms or conditions that adopt the language of state or federal

6 (B) If the terms and conditions of a previously issued  
7 general permit are revised upon renewal, the economic impact and  
8 environmental benefit of only the proposed changes shall be considered.

9 (C) A general permit for which costs are specifically  
10 prohibited from being considered by state or federal law or regulation is  
11 exempt from the requirements of this subsection.

12 (D) The ~~department~~ division may rely upon readily  
13 available information for its consideration of the economic impact and  
14 environmental benefit of the general permit and its terms and conditions.

15 (4)(A) Only those persons that submit comments on the record  
16 during the public comment period shall have standing to appeal the decision  
17 of the ~~department~~ division to the commission.

18 (B) The final permitting decision of the ~~department~~  
19 division on the general permit is subject to a hearing before the commission  
20 under §§ 8-4-205, 8-4-212, 8-4-213, 8-4-214, and the administrative  
21 procedures promulgated by the commission.

22 (5)(A)(i) When a general permit includes an expiration date  
23 later than July 1, 2012, the ~~department~~ Arkansas Department of Environmental  
24 Quality or the Division of Environmental Quality shall publish the notice of  
25 intent to renew or not renew the general permit at least three hundred sixty-

27 (ii) When a general permit includes an expiration  
28 date earlier than July 1, 2012, the department or the division shall publish  
29 the notice of intent to renew or not renew the general permit as soon as  
30 reasonably possible.

31 (B) The department or the division shall publish its final  
32 permitting decision to renew or not renew the general permit at least one  
33 hundred eighty (180) days before the expiration date of the general permit.

34 (C) If the general permit expires before the final  
35 decision to renew or not renew the general permit, the terms and conditions  
36 of the general permit shall remain in effect, and all persons who obtained

1 coverage under the general permit before its expiration shall retain coverage  
2 under the general permit until there has been a final permit decision on the  
3 general permit.

4 (D) In the event the department or the division makes a  
5 decision to not renew the general permit, existing coverage under the general  
6 permit shall continue under the terms of the expired permit until a final  
7 decision is reached for an individual permit.

8 (6)(A) If a general permit is appealed and the general permit  
9 expires before the final decision by the director or by the commission to  
10 renew or not renew the general permit, the terms and conditions of the  
11 general permit shall remain in effect.

12 (B) All persons who obtained coverage under the general  
13 permit before its expiration shall retain coverage under the general permit  
14 until there has been a final administrative decision on the general permit.

15 (C) The director shall not approve new coverage under an  
16 expired general permit for any facility for which a notice of intent was not  
17 filed before expiration of the general permit.

18 (n)(1) When an application for the issuance of a new permit for a  
19 liquid animal waste system or a modification of an existing permit for a  
20 liquid animal waste system is filed, the ~~department~~ division shall give

22 this section within one hundred twenty (120) days of receipt of the  
23 application.

24 (2)(A) At the conclusion of the public comment period, the  
25 ~~department~~ division shall announce in writing within sixty (60) days its  
26 final decision regarding the permit application in accordance with  
27 subdivision (e)(2)(A) of this section.

28 (B) For a modification that the ~~department~~ division  
29 considers to be minor in nature, the ~~department~~ division shall make its final  
30 decision regarding the permit application within thirty (30) days after  
31 receipt of the application.

32 (3) An applicant may waive in writing to the ~~department~~ division  
33 the timeliness requirement under subdivisions (n)(1) and (2) of this section.

34 (o)(1) If an application for modification of an existing state permit  
35 for a liquid animal waste management system is filed with the ~~department~~

1 for review.

2 (2)(A) Except as provided in subdivision (o)(2)(B) of this

7 (B) Subdivision (o)(2)(A) of this section does not limit

12 individual counties and municipalities, has fostered present conditions in  
13 which certain areas of the state are facing capacity shortages of crisis  
14 proportions, while others experience a surfeit of capacity with individual  
15 disposal facilities which cannot muster the resources for environmentally  
16 responsible operators. Given these disparate environmental and economic  
17 concerns, the General Assembly concludes that regional solid waste management  
18 and planning, under the oversight of the ~~Arkansas Department~~ Division of  
19 Environmental Quality and the Arkansas Pollution Control and Ecology  
20 Commission, is essential to address the imminent and future needs of the  
21 state. The terms and obligations of this subchapter shall be liberally  
22 construed so as to achieve remedial intent.

23  
24 SECTION 2642. Arkansas Code § 8-6-702(3) and (4), concerning the  
25 definitions of "department" and "director" under the laws governing regional

2 reasonably available processing equipment and control technology as  
3 determined by the ~~director~~ Director of the Division of Environmental Quality,  
4 taking cost into account, and a substantial amount of the materials are  
5 consistently utilized to manufacture a product which otherwise would have  
6 been produced using virgin material;

7

12 of Environmental Quality to issue, continue in effect, revoke, modify, or
