21 SECTION 1. DO NOT CODIFY. Legislative findings and intent.

22 (a) The General Assembly acknowledges that there are not enough foster
23 homes for every child in foster care to be placed in a foster home in his or
24 her community;

25 (b) The General Assembly recognizes the need for every child in foster
26 care to be placed in a family setting in his or her community and with his or
27 her community;

28 (c) Biological families and children would be better served if
29 children who are removed from their home could remain in their home community
30 instead of being placed outside of their home community;

31 (d) Placing a child who has been removed from his or her home in a
32 family setting within the community and with his or her siblings would reduce
33 the hardship on the child, his or her family, and family service workers who
34 would no longer have to travel outside of the community for visitation or
35 appointments with the child; and

36 (e) It is the intent of the General Assembly to support the Division

1 of Children and Family Services of the Department of Human Services to allow
2 community providers to be compensated through a standard board payment when
3 the provider provides a home with house parents.

5 SECTION 2. Arkansas Code § 19-11-203(14)(I), concerning definitions
6 pertaining to Arkansas Procurement Law, is amended to read as follows:
