HB 2247: marijuana regulatory board; licensing qualifications

Sponsor: Representative Payne, LD 27

Committee on Regulatory Affairs

Overview

Establishes the Marijuana Regulatory Board (Board) and transfers the administration of state marijuana laws from the Department of Health Services (DHS) to the Board.

History

The sale and use of marijuana is primarily governed by two major propositions enacted by the people of Arizona. Proposition 203~2010, the Arizona Medical Marijuana Act, and Proposition 207~2022, the Safe and Smart Act.

Proposition 203 established a legal marijuana regime for use by qualified patients for medicinal purposes. DHS is required to adopt and enforce a regulatory system for the distribution of marijuana for medical use, including a system for approving, renewing and revoking the registration of qualifying patients, designated caregivers, nonprofit dispensaries and dispensary agents ([A.R.S. Title 36, Chapter 28.1](#); [AZSOS publicity pamphlet, prop. 203](#)).

Proposition 207 legalized marijuana for adult personal use. Adults over 21 are permitted to possess, purchase, transport or process 1 ounce or less of marijuana or 5 grams or less of marijuana concentrate. DHS is responsible for licensing and regulating marijuana, marijuana retail sales, marijuana growth and testing facilities in Arizona ([A.R.S. Title 36, Chapter 28.2](#); [ADOR, Adult Use Marijuana](#)).
