HB 2700: county officers; salaries; increase
Sponsor: Representative Kavanagh, LD 23
Transmitted to the Governor

Overview

Adjusts the salaries of county officials and superior court clerks. Removes the requirement that the county populations for the county officer salaries be determined by the latest preceding decennial census.

History

[A.R.S. § 11-419](#) prescribes, by county population as determined by the most recent federal decennial census, the salaries for the county attorney, assessor, recorder, sheriff, superintendent of schools, supervisor and treasurer. These salaries were last increased in the 2007 Legislative Session. The current annual salaries from statute are listed below.

Counties with a population of *500,000 or more* persons

Counties with a population of *less than 500,000* persons

Officer	Annual Salary	Officer	Annual Salary
Attorney	123,678	Attorney	123,678
Assessor	76,600	Assessor	63,800
Recorder	76,600	Recorder	63,800
Sheriff	100,824	Sheriff	100,824
Superintendent of schools	76,600	Superintendent of schools	63,800
Supervisor	76,600	Supervisor	63,800
Treasurer	76,600	Treasurer	63,800

The annual salary of the clerk of the superior court is determined by the population of the county in which the clerk serves as determined by the latest federal decennial census. If the population of the county is 500,000 people or greater, the salary of the superior court clerk is \$76,600. If the population of the county is less than 500,000 people, the salary of the superior court clerk is \$63,800. These salaries were last increased in the 2005 Legislative Session ([A.R.S. § 12-281](#)).

The annual salary of the clerk of the superior court is reviewed biennially by the commission on salaries for elective state officers ([A.R.S. § 41-1903](#)).
