Overview

Contains provisions relating to budgetary fund revisions needed to implement the FY 2025 budget.

History

The Arizona Legislature adopts a budget for each fiscal year (FY) that contains general appropriations. [Article IV, Section 20, Part 2](#) of the Constitution of Arizona requires the General Appropriations Act (feed bill) to contain only appropriations for the different state departments, state institutions, public schools and interest on public debt. Statutory changes necessary to reconcile the appropriations made in the feed bill and other changes are drafted into separate budget bills. These bills are prepared according to subject area.

 - b) Contains a retroactivity clause of July 1, 2024. (Sec. 1)
