## **SB 1065: private postsecondary education board; fees**

**Sponsor: Senator Shope, LD 8**

**Transmitted to the Governor**

### **Overview**

Modifies the fees the State Board for Private Postsecondary Education (Board) is to charge applicants for specified licenses. Contains a Proposition 108 clause.

### **History**

The Board is responsible for licensing and regulating private postsecondary educational institutions that operate vocational and degree programs. Specifically, statute tasks the Board with establishing minimum standards for private vocational program licensure and considering applications for private vocational program licenses and licenses to grant degrees. Statute details the requirements an applicant for these licenses must meet (A.R.S. §§ [32-3021](#), [32-3022](#)).

The Board is to collect nonrefundable fees from applicants and existing institutions. These fees include:

- 1) A filing fee for an original private vocational program license or license to grant degrees;
- 2) An annual renewal fee for an applicant holding one or more private vocational program and degree granting licenses;
- 3) A supplemental application fee for licensure of a new or an additional vocational program or degree program, licensure of an additional location or change of location and for a change of ownership of an educational institution offering private vocational programs or granting degrees;
- 4) A fee for an on-site verification, inspection or investigation; and
- 5) A late renewal fee.

The Board may also charge a \$10 processing fee for a student record request, as well as a 25 cent per page copying charge ([A.R.S. § 32-3027](#)). 10% of these fees and other revenues received by the Board must be deposited in the state General Fund and the remaining 90% are to be deposited in the Board Fund ([A.R.S. § 32-3004](#)).
