

ARIZONA STATE SENATE

FACT SHEET FOR S.B. 1236

internet sex offender website; offenses

Purpose

Adds that a level one sex offender who commits specified sexual offenses is required to register on the internet sex offender website if the offender was sentenced for a dangerous crime against children (DCAC).

Background

The Department of Public Safety (DPS) must establish and maintain an internet sex offender website for the purpose of providing sex offender information to the public. The internet sex offender website must include any offender whose risk assessment has been determined to be a level two or level three, or any person assessed to be a level one offender and who has been convicted of the following offenses: 1) sexual assault; 2) sexual exploitation of a minor if the offender is at least 21 years old and is sentenced for a dangerous crime against children; 3) commercial sexual exploitation of a minor; 4) sexual abuse if the victim is under 12 years old; 5) molestation of a child if the victim is under 12 years old; 6) sexual conduct with a minor if the victim is under 12 years old; 7) child prostitution if committed on or before August 9, 2017; 8) child sex trafficking as specified; 9) taking a child for the purpose of prostitution if the victim is under 12 years old; 10) luring a minor for sexual exploitation if the victim is under 12 years old; 11) aggravated luring of a minor for sexual exploitation if the victim is under 12 years old; and 12) continuous sexual abuse of a child if the victim is under 12 years old ([A.R.S. § 13-3827](#)).

A DCAC is defined as specified offenses committed against a minor who is under 15 years old. Specified offenses include several sexual offenses, including sexual assault, sexual exploitation of a minor and aggravated luring of a minor, as well as other offenses such as second-degree murder and aggravated assault ([A.R.S. § 13-705](#)).

There is no anticipated fiscal impact to the state General Fund associated with this legislation.
