

ARIZONA STATE SENATE
Fifty-Sixth Legislature, Second Regular Session

FACT SHEET FOR S.B. 1414

retirement; reemployment; school resource officers

Purpose

Exempts school resource officers (SROs) from limitations on receiving pensions payments from the Public Safety Personnel Retirement System (PSPRS) after retiring and subsequently becoming reemployed.

Background

Statute requires certain conditions to apply if a member of PSPRS retires and then becomes reemployed in any capacity by the employer from which the member retired within six months after the date of retirement, or becomes reemployed in the same position at any time following retirement. These conditions include: 1) within 10 days after the retired member is reemployed, the local board must advise PSPRS in writing of the retired member's reemployment; 2) PSPRS must not make pension payments to the retired member during the period of reemployment; and 3) any pension payments received by the retired member during the period of reemployment are considered overpayments and may be subject to repayment. However, these conditions do not apply if the retired member: 1) becomes reemployed after 60 consecutive days from the retirement date as a result of participating in an open competitive new hire process, with certain exceptions; 2) is hired as a fire inspector or arson investigator; or 3) is receiving a disability pension and accepts a job reassignment as an accommodation in accordance with the Americans with Disabilities Act due to a disability that is directly related to the retired member being awarded a disability benefit ([A.R.S. § 38-849](#)).

There is no anticipated fiscal impact to the state General Fund associated with this legislation.

Provisions

1. Exempts a PSPRS member who is reemployed as an SRO from limitations on receiving pension payments from PSPRS after retiring.
2. Makes technical changes.
3. Becomes effective on the general effective date.
