**Committee on Government & Elections**

### **Overview**

Makes various modifications to statutes relating to elections.

### **History**

[A.R.S. Title 16](#) outlines the requirements for the conduct of elections in this state. The Secretary of State is required by statute to provide a system for qualified electors to sign a nomination petition for candidates for county office, city or town office and the office of precinct committeeman by way of a secure internet portal. This system must only allow qualified electors who are eligible to sign a petition for a particular candidate to sign the petition and must provide a method for the qualified elector's identity to be verified. A qualified candidate may use this system to collect up to the minimum number of required nomination petition signatures ([A.R.S. § 16-317](#)).

### **Provisions**

1. Increases the time period for when each county board of supervisors must give written notice regarding a consolidated election program from 180 days to 210 days before each consolidated election date prescribed in statute. (Sec. 4)
2. Expands the time period for calling nonpartisan elections and elections held by a school district, city or town that are not held concurrently with a general election from no later than 150 days to no later than 180 days before the election date. (Sec. 5)

Stipulates that for the publishing of a call of and notice of a nonpartisan election, the governing body must post the call of election on their public website, if there is no newspaper of general circulation in the election district, and at other locations where the governing body customarily posts public notices of their public meetings. (Sec. 6, 7)

7. Requires the paper ballot to include a blank line below the names of the other candidates for a particular office followed by a place for the voter to indicate the voter's choice either to the right or left of the blank line for any office for which a write-in candidate has qualified to appear on the ballot. (Sec. 14)
