SB 1492: election law amendments

Sponsor: Senator Shope, LD 8

Transmitted to the Governor

Overview

Makes various changes to statute relating to elections including modifications of various deadlines.

History

[A.R.S. Title 16](#) outlines the requirements for the conduct of elections in this state. When a person seeks to become a candidate at a primary or nonpartisan election or as a write-in candidate, the person must file a nomination petition and nomination papers. The nomination petition must include statutorily prescribed information including the exact manner in which the candidate desires to have the person's name printed on the official ballot and is limited to the candidate's surname and given name or an abbreviated version of such name. Nicknames are permissible but may not include anything that suggests reference to professional, fraternal, religious or military titles.

Current statute allows for certain elections, including elections for school district office, community college board office, precinct committeeman and special taxing districts to be cancelled if the number of people filing nomination petitions is less than or equal to the number of open offices ([A.R.S. Title 15](#) & [Title 16](#)).
