

# ARIZONA HOUSE OF REPRESENTATIVES

Fifty-sixth Legislature  
Second Regular Session

Senate: HHS DPA/SE 7-0-0-0 | 3<sup>rd</sup> Read 26-0-4-0

## **SB 1609: behavioral health; AHCCCS; health facilities**

**Sponsor: Senator Wadsack, LD 17**

**Committee on Health & Human Services**

### **Overview**

Requires health care institutions when transferring or discharging a patient with a serious mental illness (SMI) to another health care institution to provide the patient a 30-day supply of all medications that the patient was given in the previous 10 days. Outlines requirements of the Arizona Health Care Cost Containment System Administration (AHCCCS) related to peer specialist oversight and services for SMI individuals.

### **History**

*SMI* are persons, who as a result of a mental disorder, exhibit emotional or behavioral functioning that is so impaired as to interfere substantially with their capacity to remain in the community without supportive treatment or services of a long-term or indefinite duration. In these persons mental disability is severe and persistent, resulting in a long-term limitation of their functional capacities for primary activities of daily living such as interpersonal relationships, homemaking, self-care, employment and recreation ([A.R.S. § 36-550](#)).

The AHCCCS Director must make rules that include standards for agencies other than the Arizona State Hospital (ASH) when providing services and must prescribe forms as necessary for the proper administration and enforcement as it relates to mental health services. The AHCCCS Director must make rules concerning the admission of patients and the transfer of patients between mental health treatment agencies other than ASH. A patient undergoing court-ordered treatment may be transferred from one mental health treatment agency to another in accordance with the rules of the director, subject to court approval ([A.R.S. § 36-502](#)).

### **Provisions**

1. Requires, if a patient with a SMI is transferred or discharged from a health care institution to another health care institution, residential placement or group home, the health care institution that is transferring or discharging a patient to provide to the patient a 30-day supply of all medications, both prescriptions and over the counter, the patient was given in the previous 10 days that are ongoing or to be taken as needed. (Sec. 1)
2. Specifies that each medication must include clear documented instructions that are signed by:
  - a) the patient or the patient's parent or guardian;
  - b) the discharge team; and
  - c) the intake team. (Sec. 1)

Prop 105 (45 votes)     Prop 108 (40 votes)     Emergency (40 votes)     Fiscal Note

3. Instructs AHCCCS to require its contracted housing program administrators to review and minimize duplicative paperwork requirements for and limit the number of contractors and entities that unnecessarily receive personal health information of members with SMI who are receiving services. (Sec. 2)
4. Prohibits contracted housing program administrators from selling or otherwise sharing any members' personal health information, unless authorized or required by state or federal law, including the Health Insurance Portability and Accountability Act Privacy Standards. (Sec. 2)
5. Directs AHCCCS to develop and implement processes to monitor its contractors' oversight of peer specialists to ensure that the peer specialists meet qualifications and receive the required supervision and training. (Sec. 2)
6. Requires, beginning October 1, 2025, in addition to any other qualifications, peer specialists to complete training that is developed by AHCCCS and that includes psychosis-specific content including anosognosia. (Sec. 2)
7. Instructs AHCCCS to provide an annual report to the Governor, the President of the Senate and the Speaker of the House of Representatives on the development, implementation and monitoring processes by November 1, 2024, and annually thereafter. (Sec. 2)
8. Requires AHCCCS, by January 31, 2025, to study the implementation of developing and distributing a real-time, automated survey to SMI members, or their representative to:
  - a) collect feedback;
  - b) identify quality of care issues; and
  - c) respond to the needs of members. (Sec. 3)
9. Specifies that in studying the implementation of the survey, AHCCCS must solicit and consider input from the public, including at a minimum, individuals with a SMI and their representatives. (Sec. 3)
10. Directs AHCCCS, by January 31, 2025, to report to the Joint Legislative Budget Committee and the Chairpersons of the Health and Human Services Committees of the Senate and House of Representatives on the development and implementation costs that would be incurred by AHCCCS. (Sec. 3)
