Summary of Legislation

The bill requires the Rural Opportunity Office in the Office of Economic Development and International Trade (OEDIT) to provide technical assistance to rural communities in identifying and applying for state and federal grants for wildfire mitigation, prevention, response, or risk-management efforts. OEDIT must also maintain a list of government grant programs on its website. Beginning July 1, 2025, OEDIT must make a biennial report to the General Assembly summarizing the work to assist rural communities with grant identification and application.

State Expenditures

The bill increases state expenditures in OEDIT by about \$186,000 in FY 2024-25 and \$236,000 in FY 2025-26, paid from the General Fund. Costs are shown in Table 2 and described below.

Table 2
Expenditures Under HB 24-1006

	FY 2024-25	FY 2025-26
Office of Economic Development		
Personal Services	\$129,244	\$175,762

Centrally Appropriated Costs ¹	\$32,136	\$47,755
Total Cost	\$186,439	\$236,387
Total FTE	1.6 FTE	2.5 FTE

¹ Centrally appropriated costs are not included in the bill's appropriation.

Staff. OEDIT requires 1.6 FTE in FY 2024-25, including 1.0 FTE program management staff from September 2024 to June 2025, to research grant programs and engage in the stakeholder process. The fiscal note assumes the grant program will take six months to set up. Starting February 2025, the OEDIT requires 2.0 annual FTE of grant specialists to provide technical assistance to local communities in identifying funding opportunities and writing grant applications. The OEDIT also requires 0.5 FTE of continuing program management staff to support the program. Standard operating and capital costs are included for this staff, as are travel reimbursement costs that assume 5,000 miles total per year at the rate of 0.60 cents per mile.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are shown in Table 2.

Other Budget Impacts

General Fund reserve. Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by the amounts shown in Table 1, decreasing the amount of General Fund available for other purposes.

Local Government

The bill may increase local government revenue and workload, as local governments may apply for more grants and secure more grant funding than they would without the assistance of the Rural Opportunity Office.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.

State Appropriations

For FY 2024-25, the bill requires a General Fund appropriation of \$154,302 to the Office of Economic Development and International Trade, and 1.6 FTE.
