## **Summary of Legislation**

On the bill's effective date, the following fund transfers are made to the Severance Tax Operational Fund in the Department of Natural Resources (DNR):

- \$1,998,205 from the Species Conservation Trust Fund;
- \$1,600,964 from the Division of Parks and Wildlife Aquatic Nuisance Species Fund;
- \$219,803 from the Water Efficiency Grant Program Cash Fund;
- \$297,759 from the Interbasin Compact Committee Operation Fund; and
- \$3,996,410 from the Water Supply Reserve Fund.

## **Background**

The Severance Tax Operational Fund receives 25 percent of severance tax revenue. Money in the fund is used primarily for two purposes: (1) *Core departmental programs*, which are ongoing staff and operations at DNR plus the Colorado Geological Survey, all subject to annual appropriation; and (2) *natural resources and energy grant programs*, which receive funds remaining after core departmental programs are appropriated, and are distributed proportionally based on the available revenue.

The bill reverses five natural resources and energy grant program transfers made on August 15, 2020.

## **State Transfers**

A total of \$8,113,141 is transferred from five cash funds in the Department of Natural Resources to the Severance Tax Operational Fund, as detailed above. The transfers take place on the bill's effective date, which is assumed to fall in the current FY 2020-21.

## **State Expenditures**

The bill has a net neutral impact on state expenditures. In the short term, expenditures in DNR core departmental programs will increase by the amounts transferred, with the specific allocation among the core programs determined through the annual budget process, while expenditures decrease in the five natural resources and energy grant programs that funds are transferred out of.

## **Effective Date**

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
