CONCERNING THE ESTABLISHMENT OF A CONTINUING PROFESSIONAL DEVELOPMENT PROGRAM FOR LICENSED PSYCHOLOGISTS.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. The general assembly finds and declares that although there may be a shortage of mental health professionals in this state to serve the needs of the people who seek their help, it is important that licensed psychologists are involved in professional development activities that enhance their knowledge and skills in order to best meet the needs of Colorado. Therefore, it is the intent of the general assembly to require continuing professional development and education for licensed psychologists. In doing so, the general assembly encourages each psychologist to consider the current mental health needs or issues facing Colorado at the time when he or she is working on his or her professional development and education.
