HOUSE  
Amended 2nd Reading  
February 4, 2010

- ! **Section 1** repeals an obsolete provision relating to registration sheets, which are no longer used by county clerks and recorders.
- ! **Section 2** deletes an obsolete date regarding the applicability of a provision related to voter registration at driver's license examination facilities.
- ! **Section 3** deletes obsolete language relating to voters who have moved from one precinct to another within the same county. Due to the statewide voter registration database, the language has been changed to reflect moves between precincts in the state rather than county.
- ! **Section 4** repeals obsolete language relating to the emergency registration of a voter who has moved to a new county. This situation is now covered by another provision of law.
- ! **Section 5** repeals an obsolete statutory section that allowed a person with disabilities to request an accessible polling place if the person's assigned polling place was not accessible. Pursuant to the federal "Help America Vote Act of 2002", all polling places must now be accessible to persons with disabilities, rendering this section obsolete.
- ! **Section 6** makes a correction to a provision that specifies procedures to be followed if a registered elector moves to another state. The current language inaccurately refers to a "county" rather than a "state".
- ! **Section 7** specifies that no elector's registration record shall be canceled solely for failure to vote.
- ! **Section 8** shortens from 10 days to 4 days the period in which a candidate must file an acceptance of nomination in order to conform to another provision of law.
- ! **Section 9** deletes an obsolete date regarding the applicability of a provision governing a vacancy in the office of lieutenant governor.
- ! **Section 10** deletes language in order to harmonize conflicting dates regarding the cancellation of an election.
- ! **Sections 11, 12, and 13** delete obsolete dates regarding electronic voting systems and devices.
- ! **Section 14** specifies that certain polling place procedures shall not apply if the primary election is being conducted as a mail ballot election.
- ! **Section 15** removes the party affiliation requirements for judges who perform logic and accuracy testing on electronic voting equipment if the election for which the equipment is being tested is a nonpartisan election.
- ! **Section 16** specifies that, for purposes of the ballot issue

notice required by the Taxpayer's Bill of Rights, the governing body of a political subdivision, including a special district, is the "election official" responsible for summarizing the comments for and against a ballot issue placed on the ballot by a political subdivision.

- ! **Section 17** deletes conflicting language regarding the deadline to notify the secretary of state of a special district's intent to conduct an election as a mail ballot election and the deadline for the secretary to approve or disapprove the mail ballot election. Currently, the deadline to notify is 2 days prior to the deadline to cancel an election.
- ! **Section 18** repeals obsolete language regarding secretary of state approval for delayed mailing dates. Section 18 also repeals an obsolete provision regarding mail ballots returned without identification.
- ! **Section 19** requires signature verification for all mail ballot elections.
- ! **Section 20** requires signature verification for all mail-in elections.
- ! **Section 21** requires the secretary of state to send a paper copy of the abstract of votes cast to a county clerk and recorder only if the county clerk and recorder requests a paper copy.
- ! **Section 22** increases the time in which a canvass board must certify the abstract of votes cast from 7 days to 17 days after an election to correspond with other relevant election dates. Currently, the deadline to certify the abstract is prior to the date by which voters may resolve signature discrepancies.
- ! **Section 23** adds language to the general penalty provisions of the election code to specify that voter registration drive organizers and circulators are subject to a different set of penalty provisions contained elsewhere in the election code.
- ! **Section 24** updates an internal reference.
- ! **Section 25** repeals obsolete language regarding the city of Broomfield's change to the city and county of Broomfield.
