Fund, which is intended to support 5.0 FTE at the Colorado State Forest Service over four years to implement Good Neighbor Authority projects based on agreements with federal agencies to accomplish forest management goals on federal lands.

Department of Higher Education, Colorado Commission on Higher Education and Higher Education Special Purpose Programs, Tuition/Enrollment Contingency -- The Colorado Commission on Higher Education may transfer spending authority from this line item to the Governing Boards if tuition revenue increases beyond appropriated levels. The spending authority for this line item is in addition to the funds appropriated directly to the Governing Boards. It is the General Assembly's intent that the Colorado Commission on Higher Education transfer spending authority from this line item to allow institutions to receive and expend tuition revenue beyond appropriated levels that results from higher than expected enrollment and not to support tuition increases that exceed the assumptions outlined in the footnotes for each governing board.

Department of Higher Education, Colorado Commission on Higher Education and Higher Education Special Purpose Programs, Indirect Cost Assessments -- This line item incorporates a reduction in indirect cost collections from the higher education governing boards. This change reduces a double-count of revenue under which the Department disburses funds to the institutions and then counts indirect cost assessments received from the institutions as revenue to the State's TABOR district. This change is expected to enable the State to retain an additional \$4,901,811 in General Fund revenue under the State's Referendum C cap.
