HOUSE
Amended 2nd Reading
March 1, 2013

The bill expands the authority for a local government to negotiate a business incentive agreement with a taxpayer that has an existing business facility in the local government, if the local government is satisfied that there is a substantial risk that the taxpayer will relocate the facility out of state. A local government negotiating any type of business incentive agreement is not required to inform a school district of the negotiations because school districts are no longer authorized to enter into business incentive agreements.
