programs, services, and supports for persons with intellectual and developmental disabilities contained in article 10.5 of title 27, Colorado Revised Statutes (C.R.S.) to the department of health care policy and financing (HCPF) on March 1, 2014. The transferred provisions are repealed and relocated, with amendments, to a new article 10 of title 25.5, C.R.S.

The following provisions of article 10.5 of title 27 are being relocated:

- ! Part 1 - Rights of Developmentally Disabled
- ! Part 4 - Family Support Services
- ! Part 5 - Colorado Family Support Loan Fund

Provisions relating to regional centers and the coordinated system of payment for early intervention services for infants and toddlers will remain in article 10.5 of title 27 and will continue to be administered by DHS. Because certain programs and responsibilities will remain with DHS, certain provisions in article 10.5 of title 27 relating to definitions for the article and the duties of the department are amended in the bill.

The transferred programs, services, and supports will be administered by the newly created division of intellectual and developmental disabilities (division) within the newly created office of community living (office). The director of the office will be appointed by the executive director of HCPF and will report to the executive director. The office is created as of July 1, 2013.

In September and November 2013, HCPF, in conjunction with intellectual and developmental disability advocates and service providers, will report to the joint budget committee of the general assembly concerning any issues relating to the set up of the office and the upcoming transfer of programs. Additionally, quarterly, commencing after the March 2014 transfer and concluding in December 2014, HCPF, along with the above-referenced advocates and providers will report to the joint budget committee and the health care committees of the general assembly concerning the operation of the division and its administration of the transferred programs, services, and supports.

The bill changes certain terminology in the provisions contained in the bill, including changing the phrase, "developmental disabilities" to "intellectual and developmental disabilities". Additionally, the bill makes conforming amendments.
