to use medical marijuana for his or her condition. Under current law, a child under 18 years of age who wants to be added to the medical marijuana registry for a disabling medical condition must be diagnosed as having a disabling medical condition by 2 physicians, one of whom must be a board-certified pediatrician, a board-certified family physician, or a board-certified child and adolescent psychiatrist who attests that he or she is part of the patient's primary care provider team. The bill removes the additional requirements on specific physicians to align with the constitutional provisions for a debilitating medical condition.
