The bill requires the state department of human services (state department) and county departments of human or social services (county departments) to provide notice and to collect and share information with the command authority of national military installations regarding any report received of known or suspected instances of child abuse or neglect in which the person having custody or control of the child is a member of the armed forces or a spouse, significant other, or family member of the member of the armed forces assigned to that military installation.

The state department and county departments may enter into memorandums of understanding with military installations establishing protocols for the sharing of information and for collaboration on the investigations into child abuse or neglect by a member of the armed forces or a spouse, significant other, or family member of the member of the armed forces.

The state board of human services shall promulgate rules related to the collection and sharing of information.

The bill allows designated authorities at the military base of assignment or installation for the member of the armed forces or a spouse, significant other, or family member of the member of the armed forces to have access to reports of child abuse or neglect.

Reports of known or suspected child abuse or neglect must include the military affiliation of any person who has custody or control of the child who is the subject of the investigation of child abuse or neglect, if such individual is a member of the armed forces or a spouse, significant other, or family member of the member of the armed forces.
