#### Sunset Process - Senate Health and Human Services

SENATE 3rd Reading Unam ended Marrh 11 2011

SENATE Am ended 2nd Reading March 10,2011 Committee. The bill implements the sunset review recommendations of the department of regulatory agencies regarding the state board of optometric examiners (board) pursuant to the provisions of the sunset law. Sections 1, 2, and 3 of the bill extend the board until September 1, 2022. Section 4 creates a volunteer license available at a reduced fee for optometrists who are no longer charging for services. Section 5 amends the definition of "unprofessional conduct" by:

- Authorizing an optometrist to continue to practice while having a physical or mental disability that affects the optometrist's ability to practice if the optometrist has entered into a confidential agreement with the board that limits the optometrist's practice to address the optometrist's disability. **Section 6** authorizes the board to enter into such agreements.
- ! Prohibiting the habitual or excessive use or abuse of alcohol, a habit-forming prescription drug, or a controlled substance;
- ! Striking the terms "willfully" and "willful" in the phrases "willfully deceiving or attempting to deceive the board or its agents with reference to any proper matter under investigation by the board" and "willful and repeated ordering or performance, without clinical justification, of demonstrably unnecessary laboratory tests or studies";
- ! Adding the failure to respond in an honest, responsive, and timely manner to a complaint.

**Section 7** authorizes the board to summarily suspend a license for an optometrist's failure to comply with an order of the board and authorizes the board to impose a fine on a licensee for violations unrelated to a standard of practice. **Section 8**:

- ! Increases the minimum financial responsibility requirement to \$1 million per incident and \$3 million aggregate per year; and
- ! Authorizes the board to waive or establish lesser financial responsibility requirements for optometrists who have an inactive license.

Section 10 updates the definition of the "practice of optometry". Sections 9 and 11 through 18 make technical changes to the board's statutes.
