All home state disciplinary orders that impose adverse action against the license of a regulated social worker shall include a statement that the regulated social worker's multistate authorization to practice is deactivated in all member states until all conditions of the decision, order or agreement are satisfied.

(i) Nothing in the compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

The aggregate annual assessment amount for member states shall be allocated based upon a formula that the commission shall promulgate by rule.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the

House Bill No. 5197

authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the financial review and accounting procedures established under its bylaws, except all receipts and disbursements of funds handled by the commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the commission.

(h) Qualified immunity, defense and indemnification:

(1) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or wilful or wanton misconduct of that person. The procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission

House Bill No. 5197

employment, duties or responsibilities, provided (A) nothing in this subdivision shall be construed to prohibit such person from retaining their own counsel at their own expense, and (B) the actual or alleged act, error or omission did not result from that person's intentional or wilful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided the actual or alleged act, error or omission did not result from the intentional or wilful or wanton misconduct of that person.

(4) Nothing in this section of the compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct that shall be governed solely by any other applicable state laws.

(5) Nothing in the compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, 15 USC 1 et seq., as amended from time to time, Clayton Antitrust Act, 15 USC 12-27, as amended from time to time, or any other state or federal antitrust or anticompetitive law or regulation.

(6) Nothing in the compact shall be construed to be a waiver of sovereign immunity by the member states or by the commission.

SECTION 11. DATA SYSTEM

(a) The commission shall provide for the development, maintenance,

House Bill No. 5197

operation and utilization of a coordinated data system.

(b) The commission shall assign each applicant for a multistate license a unique identifier, as determined by the rules of the commission.

(c) Notwithstanding any other provision of state law, a member state shall submit a uniform data set to the data system on all individuals to whom the compact is applicable as required by the rules of the commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Adverse actions against a license and information related thereto;

(4) Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation and other information related to such participation not made confidential under member state law;

(5) Any denial of application for licensure, and the reason for such denial;

(6) The presence of current significant investigative information; and

(7) Other information that may facilitate the administration of the compact or the protection of the public, as determined by the rules of the commission.

(d) The records and information provided to a member state pursuant to the compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission and be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a member state.

House Bill No. 5197

(e) Current significant investigative information pertaining to a licensee in any member state shall only be available to other member states. It shall be the responsibility of the member states to report any adverse action against a licensee and to monitor the database to determine whether adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state shall be available to any other member state.

(f) A member state contributing information to the data system may designate information that shall not be shared with the public without the express permission of the contributing state.

(g) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

SECTION 12. RULEMAKING

(a) The commission shall promulgate reasonable rules to effectively and efficiently implement and administer the purposes and provisions of the compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact, or the powers granted hereunder, or based upon another applicable standard of review.

(b) The rules of the commission shall have the force of law in each member state, provided that where the rules of the commission conflict with the laws of the member state that establish the member state's laws, regulations and applicable standards that govern the practice of social work as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in such state to the extent of the conflict.

(c) The commission shall exercise its rulemaking powers pursuant to

House Bill No. 5197

the criteria set forth in this section of the compact and the rules adopted thereunder. A rule shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

(d) If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the compact not later than four years after the date of adoption of the rule, such rule shall have no further force and effect in any member state.

(e) Rules shall be adopted at a regular or special meeting of the commission.

(f) Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions and arguments.

(g) Prior to adoption of a proposed rule by the commission, and at least thirty days in advance of the meeting at which the commission will hold a public hearing on the proposed rule, the commission shall provide a notice of proposed rulemaking:

(1) On the Internet web site of the commission or other publicly accessible platform;

(2) To persons who have requested notice of the commission's notices of proposed rulemaking; and

(3) In such other way as the commission may by rule specify.

(h) The notice of proposed rulemaking shall include:

(1) The time, date and location of the public hearing at which the commission will hear public comments on the proposed rule and, if different, the time, date and location of the meeting where the commission will consider and vote on the proposed rule;

House Bill No. 5197

(2) If the hearing is held via telecommunication, video conference or other electronic means, the commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

(3) The text of the proposed rule and the reason therefor;

(4) A request for comments on the proposed rule from any interested person; and

(5) The manner in which interested persons may submit written comments.

(i) All hearings shall be recorded. A copy of the recording and all written comments and documents received by the commission in response to the proposed rule shall be available to the public.

(j) Nothing in this section of the compact shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section of the compact.

(k) The commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(1) The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

(2) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection (l) of this section of the compact, the effective date of the rule shall be no sooner

House Bill No. 5197

than thirty days after issuing the notice that it adopted or amended the rule.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with forty-eight hours' notice, with opportunity to comment, provided the usual rulemaking procedures provided in the compact and in this section of the compact shall be retroactively applied to the rule as soon as reasonably possible, but in no event later than ninety days after the effective date of the rule. For the purposes of this subsection, an emergency rule is one that shall be adopted immediately to:

- (1) Meet an imminent threat to public health, safety or welfare;
- (2) Prevent a loss of commission or member state funds;
- (3) Meet a deadline for the promulgation of a rule that is established by federal law or rule; or
- (4) Protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the Internet web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(n) No member state's rulemaking requirements shall apply under

House Bill No. 5197

the compact.

SECTION 13. OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

(a) Oversight:

(1) The executive and judicial branches of state government in each member state shall enforce the compact and take all actions necessary and appropriate to implement the compact.

(2) Except as otherwise provided in the compact, venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing in this subdivision shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

(3) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, the compact or promulgated rules.

(b) Default, technical assistance and termination:

(1) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the compact or the promulgated rules, the commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default and any other

House Bill No. 5197

action that the commission may take, and offer training and specific technical assistance regarding the default.

(2) The commission shall provide a copy of the notice of default to the other member states.

(c) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the delegates of the member states, and all rights, privileges and benefits conferred on such state by the compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(d) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority and each of the member states' state licensing authority.

(e) A state that has been terminated from membership in the compact is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(f) Upon the termination of a state's membership from the compact, such state shall immediately provide notice to all licensees within such state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to the compact for a minimum of six months after the date of said notice of termination.

(g) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the

House Bill No. 5197

defaulting state.

(h) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(i) Dispute resolution:

(1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(j) Enforcement:

(1) By majority vote as provided by rule, the commission may initiate legal action against a member state in default in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies in this subdivision shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting member state's law.

(2) A member state may initiate legal action against the commission in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated

House Bill No. 5197

rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) No person other than a member state shall enforce the compact against the commission.

SECTION 14. EFFECTIVE DATE, WITHDRAWAL AND AMENDMENT

(a) The compact shall come into effect on the date on which the compact statute is enacted into law in the seventh member state.

(1) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different than the model compact statute.

(A) A charter member state whose enactment is found to be materially different from the model compact statute shall be entitled to the default process set forth in section 13 of the compact.

(B) If any member state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member states is less than seven.

(2) Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in subdivision (21) of subsection (c) of section 10 of the compact to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

(3) All actions taken for the benefit of the commission or in

House Bill No. 5197

furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission.

(4) Any state that joins the compact subsequent to the commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the compact becomes law in such state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in such state.

(b) Any member state may withdraw from the compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until one hundred eighty days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of the compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from the compact, a withdrawing state shall immediately provide notice of such withdrawal to all licensees within such state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to the compact for a minimum of one hundred eighty days after the date of such notice of withdrawal.

(c) Nothing contained in the compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of the compact.

House Bill No. 5197

(d) The compact may be amended by the member states. No amendment to the compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 15. CONSTRUCTION AND SEVERABILITY

(a) The compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for such purposes.

(b) The provisions of the compact shall be severable and if any phrase, clause, sentence or provision of the compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the compact or the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of the compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

(c) Notwithstanding the provisions of subsection (b) of this section of the compact, the commission may deny a state's participation in the compact or, in accordance with the requirements of subsection (b) of section 13 of the compact, terminate a member state's participation in the compact, if it determines that a constitutional requirement of a member state is a material departure from the compact. If the compact is held to be contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

House Bill No. 5197

SECTION 16. CONSISTENT EFFECT AND CONFLICT WITH
OTHER STATE LAWS

(a) A licensee providing services in a remote state under a multistate authorization to practice shall adhere to the laws and regulations, including applicable standards, of the remote state where the client is located at the time care is rendered.

(b) Nothing in this section of the compact shall be construed to prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the compact.

(c) Any laws, statutes, regulations or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict.

(d) All permissible agreements between the commission and the member states are binding in accordance with the terms of such agreements.

Sec. 2. (NEW) (*Effective from passage*) The Commissioner of Public Health shall require each person applying for licensure as a social worker to submit to a state and national fingerprint-based criminal history records check pursuant to section 29-17a of the general statutes. For the purposes of this section, (1) "social worker" means an individual licensed for the independent practice of social work, and (2) "licensure" means authorization by a state social worker regulatory authority to engage in the independent practice of social work, the practice of which would be unlawful without such authorization.
