

MURIEL BOWSER
MAYOR

May 14, 2020

The Honorable Phil Mendelson
Chairman, Council of the District of Columbia
John A. Wilson Building
1350 Pennsylvania Avenue, N.W., Suite 504
Washington, D.C. 20004

Dear Chairman Mendelson:

Enclosed for consideration and approval by the Council is the "Home Support Agency Rulemaking Approval Resolution of 2020" and its attendant rulemaking to supplement the Home Care Regulations pursuant to Sections 2(b) and 5(a) of the Health Care and Community Residence Facility, Hospice and Home Care Licensure Act of 1983, effective February 24, 1984, D.C. Law 5-48, D.C. Official Code §§ 44-501(b) and 44-504(a).

This resolution would approve rulemaking, adopted by the Department of Health to create a new chapter 99 of Title 22B of the District of Columbia Municipal Regulations for Home Support Agencies. The Director of the Department of Health determined that Home Support Agencies are needed to provide non-medical services to persons who require assistance with day-to-day activities.

The Department investigated complaints in addition to communicating with individuals, providers and relevant associations and discovered that there are thousands of persons who need non-medical health-care in terms of day-to-day activities – assistance with clothing, feeding, bathing and toileting, for example. Many District of Columbia residents are receiving these services for cash payments from groups that may not be licensed nor trained to deliver them. In some cases, the service providers were actually licensed for a different purpose and were not providing safe and healthy services.

We propose to provide the opportunity for our aging population in particular to benefit from quality aide care in their homes. The rulemaking provides that aides providing hands-on care for remuneration will be licensed and trained to provide such care consistent with written policies in accordance with which District clients can receive non-medical care that is safe and healthy.

I urge the Council to take prompt and favorable action on the enclosed legislation.

Sincerely,

A handwritten signature in black ink, appearing to read "muriel bowser".

DEPARTMENT OF HEALTH
NOTICE OF FINAL RULEMAKING

The Director of the Department of Health ("DOH"), pursuant to the authority set forth in section 5(a) of the Health-Care and Community Residence Facility, Hospice and Home Care Licensure Act of 1983, effective February 24, 1984 (D.C. Law 5-48; D.C. Official Code, § 44-504(a)) ("Act"), and in accordance with Mayor's Order 98-137, dated August 20, 1998, hereby gives notice of the addition of a new Chapter 99 (Home Support Agencies) of Title 22 (Health), Subtitle B (Public Health and Medicine) of the District of Columbia Municipal Regulations.

The emergency and proposed rulemaking was published for comment in the *D. C. Register* on November 1, 2019. A second emergency rulemaking was published in the *D.C. Register* on April 3, 2020. No changes were made to the rules as proposed. DOH will advise on the comments that were submitted on the proposed regulations, as follows, citing the text of the regulation, the comment and commenter, and the response:

1. The rules require that before a licensee takes on a client the licensee shall conduct an assessment by a registered nurse to determine whether the needs of the client are within the scope of the licensee. Five associations commented that the assessment can be conducted within forty-eight hours of first contact. Five associations made this comment – Life Matters, Smith Life Homecare. D. C. Coalition on Long Term Care, Home Care Partners and Maryland National Capital Home Care Association (MNCHCA). 22B DCMR § 9910.4. DOH has determined the assessment has to take place before a person becomes a client.
2. Each licensee must staff an office in the District for eight hours a day. MNCHCA, Family & Nursing Care and Life Matters commented that being accessible by phone should suffice. Department response: DOH did not adopt this recommendation because the request would impose a minimum standard that is not reasonable to impose. 22B DCMR § 9901.
3. Records shall be kept in the office and the government shall have access in two hours or within a longer time if reasonable. Life Matters commented, asking what is a reasonable time. Department response: A reasonable time can be worked out between the government and licensee. 22B DCMR § 9901.5.
4. At least 30 days prior to relocation the licensee shall notify the clients and staff of the change in writing. Life Matters noted that writing should include emails. Department response: DOH's interpretation of "in writing" includes emails. 22B DCMR § 9901.7(c).
5. A licensee's application for licensure shall include a list of management personnel. Life Matters wants D.C. Health to specify who management personnel is. Department response: The licensee should specify and support this information. 22B DCMR § 9902.3(k).

The Department will conduct an on-site visit when deciding whether to license an applicant. Life Matters wants to know the standard for operating. Department response: The regulations exemplify what the Department expects in operation. 22B DCMR § 9902.6.

Each license shall be for one year. Life Matters commented that a one-year license is too burdensome. Department response: Consistent with DOH's other healthcare licenses, the license shall be for one year. 22B DCMR § 9903.5.

The Department will issue only one license for a licensee at one premises and if there is a change in location the licensee must get a license for the new location. In addition, when there is a modification in ownership a new license must be issued. Life Matters commented that this is not clear; however, the needed information will appear on the license. Department response: The licensee has the responsibility of proving ownership. In addition, ownership will be confirmed under the laws of corporations or whatever the relevant guidance is. 22B DCMR §§ 9903.8 and 9903.9.

The governing body shall review every complaint and review policies annually. Life Matters suggests a sampling. Family & Nursing Care does not agree that policies should be reviewed annually. Department response: The Department chooses to use review of every complaint and policies by the relevant licensing board or authority annually as part of its licensing and oversight functions. 22B DCMR §§ 9906.2(c)(2) and 9906.2(c)(e).

6. The Director should be available during the business day. Life Matters believes he or she should be able to delegate authority. The response is the next provision in the regulations which allows the Director to delegate. 22B DCMR § 9907.2.
7. The Client Service Coordinator shall participate in all aspects of services. Life Matters states that this is too much for one person. There can be more than one as long as those persons are qualified. 22B DCMR § 9907.7(c).
8. A licensee shall maintain accurate personnel records including resumes and certifications of previous employees. Life Matters commented a record of experience should be sufficient. The Department recommends you request the required information and document it and what you might have accepted instead. 22B DCMR §§ 9909.2 and 99092(f).
9. Each employee shall be screened for communicable disease in accordance with the CDC guidelines. Life Matters wants the guideline specified. The Department requires licensees to screen employees for communicable diseases according to guidelines issued by the federal Centers for Disease Control and Prevention, as those guidelines may be amended from time to time. 22B DCMR § 9909.7.
10. The home support agency shall notify each individual requesting services from the home support agency of the availability or unavailability of services, and the reason(s) therefor, within forty-eight (48) hours after the referral or request for services. Provider should be

able to waive 48 hours. Department response: Forty-eight hours should be standard and consistent among providers. 22B DCMR § 9910.5.

11. A home support agency shall maintain records on each person requesting services whose request is not accepted. The records shall be maintained for at least one (1) year from the date of non-acceptance and shall include the nature of the request for services and the reasons for not accepting the client. If some of this information is not available, is that sufficient. Department response: Yes, but agencies are strongly encouraged to document the regulations requirements. 22B DCMR § 9910.6.
12. A registered nurse shall develop a service plan on admission based upon the initial assessment of the client and in accordance with Section 9917.4. Life Matters and Home Care Partners commented that an assessment by a registered nurse is not necessary in all cases. Department response: An assessment is required in order to determine the needs of the client. 22B DCMR § 9913.2.
13. Department authorities shall have access to home support agency records at all times. Life Matters comments that it would need a written request from the government. Department response: The government should have access at all times as required by law. 22B DCMR § 9915.7.
14. Each home support agency shall develop policies to ensure that each client who receives personal care services, has [the right] [t]o refuse all or part of any service and to be informed of the consequences of refusal. This provision may be interpreted as a client can refuse any requirement commented, Life Matters. Department response: Clients have the right to refuse a service; however, the agency has to make clear what the requirements are. 22B DCMR § 9916.2(g).
15. Written policies on client rights and responsibilities shall be made available to the general public. Life Matters wants the statement to only be available to clients. Department response: The public should be privy to an agency's policies. 22B DCMR § 9916.5.
16. The licensee shall respond to each complaint within fourteen days and shall investigate each complaint. Life Matters commented that every complaint should not trigger an investigation. Department response: Licensee's policies can explain what its reaction will be to each situation as long as explanations for investigations are reasonable. 22B DCMR § 9917.5.
17. A home support agency may offer personal care services and shall employ qualified home health aides pursuant to 17 DCMR § 9300 *et seq.* to perform those services. Life Matters suggests time be changed to complete training. Department response: Rules are enforced by the Board of Nursing. 22B DCMR § 9918.1.
18. The client record or minutes of case conferences shall establish that effective interchange, reporting, and coordinated client evaluation and planning occurs. Life Matters questions

whether licensees are required to have conferences. Department response: Include minutes of conferences if you have them. 22B DCMR § 9919.3.

19. Home health aides shall be supervised by a registered nurse, on-site at least every 90 days. A registered nurse must also evaluate a client's service plan at least every ninety (90) days. Maryland National Capital Home Care Association, Home Care Partners, Family & Nursing Care and D.C. Coalition on Long Term Care believe the client should be able to waive the supervision in addition to it is expensive for providers. In addition, the D.C. Coalition on Long Term Care believes ninety (90) days is too often for an evaluation; it should be a year. Department response: Client cannot waive when and how the licensee is regulated. A registered nurse is needed to evaluate a change in condition. The Department believes ninety (90) days is appropriate for an evaluation. 22B DCMR §§ 9918.2 and 9913.4.
20. Family & Nursing Care suggests "personal care services" be changed to "home support" wherever it appears so that readers do not assume services are provided by personal care aides. Department response: The term "personal care services" is defined adequately and clearly.
21. Make sure employees are screened for communicable disease within six months before hire. Family & Nursing Care and the D.C. Coalition for Long Term Care commented that the screening should be done within a year of hiring. Department response: The District's rule is that the screening should be done within six months of hire, except as emergency infectious disease conditions may warrant more recent testing as specified in a notice from the Department of Health, the licensing Board, or other authority 22B DCMR § 9909.6.
22. Licensee shall provide services in accordance with a client service plan. Family & Nursing Care comments that clients should be able to waive parts of the plan. Department response: The licensee and the client shall agree to the plan and the licensee shall follow it thereafter. 22B DCMR § 9911.1(a).
23. Admission data shall include next of kin. Family & Nursing Care commented that next of kin should not be requested if not a contact. Department response: Next of kin should be provided if information is applicable. 22B DCMR § 9914.2.
24. If a client is not satisfied with a provider's response to a complaint, a provider shall respond to the client's dissatisfaction in writing within 30 days. Included in the response should be information on how to contact other relevant agencies to file a complaint. Family & Nursing Care states this is too burdensome. The Department cautions that it is our position to protect clients as much as possible. 22B DCMR § 9917.6.
25. The home support agency shall report all incidents involving a client occurring in the presence of staff to the Department within forty-eight (48) hours in addition to other reporting requirements prescribed by law. Family & Nursing Care commented that this is too burdensome. Department response: Providers must be responsible for reporting

incidents. As a licensee the provider should take responsibility for protecting clients and assisting the government in regulating and learning from the processing of incidents. 22B DCMR § 9917.7.

26. The licensee shall investigate all incidents and forward a written report to the Department within thirty (30) days of the date the licensee became aware of the incident. Family & Nursing Care commented that providers should have more than thirty (30) days. Department response: Providers should keep in mind that the timeframe begins to run when an employee becomes aware of the incident. The Department did not adopt the recommendation because the Department did not determine that there is a need to increase the time. 2B DCMR § 9917.8.
27. Each home health aide shall be supervised by a registered nurse. On-site supervision of personal care services shall take place at least once every ninety (90) days. Family & Nursing Care states that clients should be allowed to waive the supervision. The Department has concluded that home health aides shall be supervised by a registered nurse on-site at least every ninety (90) days. 22B DCMR § 9918.2.
28. Each operating office shall have a separate address and license. The Coalition on Long Term Care commented that separate licensing is discouraging to licensees. Department response: Licenses are location-specific consistent with 22B DCMR Chapter 31. 22B DCMR § 9901.3.
29. Each provider shall keep records of clients and employees. Records shall also include complaint investigations and policies and procedures. Records shall be stored in the operating office in paper or electronic form. D.C. Coalition on Long Term Care commented that the regulations do not specify back up space for electronic storage. Department response: The law specifies electronic documentation as an option. 22B DCMR § 9901.4.
30. You must be a registered nurse in order to be Director of an agency. The D.C. Coalition on Long Term Care stated that you should not have to be a registered nurse in order to be Director. The Department did not accept this recommendation because the next provision states you can be qualified by other experience. 22B DCMR § 9907.5.
31. If the Director is not a registered nurse the agency shall have a Client Service Coordinator. This requirement is extreme according to D.C. Coalition on Long Term Care. Department response: This requirement ensures a responsible, knowledgeable person is responsible. 22B DCMR § 9907.6.
32. At the time of initial hire, employees shall be screened for communicable disease in accordance with guidelines of the CDC. D.C. Coalition on Long Term Care asks what is a communicable disease and which guidelines apply. Department response: This is a transmittable infection by direct contact. Following the guidelines will help you determine what is communicable. 22B DCMR §§ 9909.7 and 9909.8.

33. Each facility shall develop policies and procedures including matters dealing with medical orders, living wills and durable powers of attorney. Coalition for Long Term Care states the licensee should be able to document the lack of these documents. The Department interprets the regulations to be in agreement with the comment. 22B DCMR § 9910.1.
34. The regulations require a written or verbal notice of discharge a certain time before discharge and under certain circumstances. The D.C. Coalition on Long Term Care wants an additional provision added that states the provider does not have to give notice of discharge if the client stops paying. The Department does not adopt this comment because a notice of discharge is required whenever the discharge is involuntary on the part of the client. Hearing rights are triggered whether the client pays or not. 22B DCMR § 9912.2. *Also see D.C. Law 6-108.*
35. The agency should maintain a record of the client's medication list. The D.C. Coalition on Long Term Care states an agency is non-medical and should not have this responsibility. Department response: The agency should maintain documentation and should encourage administration. It may be integral to a client's health. 22B DCMR §§ 9914.2(j).
36. The agency shall have an adequate number of registered nurses to supervise the implementation of personal care services. The D.C. Coalition on Long Term Care commented that there is a shortage of nurses and they are too costly. The Department supports this rule as essential to the protection of clients. 22B DCMR § 9918.3.
37. The definitions of Client Service Coordinator and Client service plan include the term registered nurse. The D.C. Coalition on Long Term Care states because an agency is non-medical the use of registered nurses is inappropriate. Department response: Nurses, among other things, gauge which situations become medical and supervise others as well. 22B DCMR § 9999.1.
38. The definition of personal care services - services that are limited to individual assistance with or supervision of activities of daily living, companion services, homemaker services, reporting changes in client's condition, and completing reports. Personal care services do not include skilled services. The Coalition on Long Term Care commented that the definition includes activities that are not personal care services. Department response: These regulations define what personal care services are in relation to home support agencies. 22B DCMR § 9999.1.

The Department appreciates each responder to the proposed rules. We understand that the public is taking the need for regulation in this area very seriously. The Department, in considering the comments, has determined that the regulations as they appear represent the most appropriate operational approach to home support agencies at this time. They are first and foremost to be applied for persons who need day-to-day care in their homes and to be applied by the persons providing assistance with non-medical day-to-day needs. We are cognizant of the fact that most

clients need assistance because they are long term and so too is the reality that we, as the government must monitor the line between non-medical and medical needs.

The Director has determined that a new licensure category is required for home support facilities that only provide these non-medical health care services. These rules establish this category of facility and state the processes and requirements for licensure.

This rulemaking will become final upon publication in the *D.C. Register*.
