2020 Legislature

26 repeal by the Legislature. 27 The Legislature finds that it is a public Section 2. 28 necessity that the site-specific location information held by an 29 agency concerning an endangered or threatened species as listed 30 by a federal agency or the Fish and Wildlife Conservation 31 Commission be made exempt from s. 119.07(1), Florida Statutes, 32 and s. 24(a), Article I of the State Constitution. The 33 Legislature finds that the release of such location information 34 would jeopardize the continued existence of endangered or 35 threatened species by increasing the risk of exposure to 36 wildlife poachers or by threatening the integrity of the site 37 due to increased use or traffic. This exemption protects private 38 property owners from potential trespass and related liability 39 issues when endangered or threatened species are found on their 40 properties and encourages such property owners, as well as 41 researchers, to provide agencies with information they might not 42 otherwise provide if such location information were made public. 43 The Legislature finds that the harm that may result from the 44 release of such location information outweighs any public 45 benefit that may be derived from the disclosure of the 46 information. 47 Section 3. This act shall take effect July 1, 2020.
