76	Section 2. The Legislature finds that it is a public
77	necessity that all information received by the Department of
78	Legal Affairs pursuant to a notification of a violation of s.
79	501.1737, Florida Statutes, or received by the department
80	pursuant to an investigation by the department or a law
81	enforcement agency of a violation of that section, be made
82	confidential and exempt from s. 119.07(1), Florida Statutes, and
83	s. 24(a), Article I of the State Constitution for the following
84	reasons:
85	(1) A notification of a violation of s. 501.1737, Florida
86	Statutes, may result in an investigation of such violation. The
87	premature release of such information could frustrate or thwart
88	the investigation and impair the ability of the department to
89	effectively and efficiently administer s. 501.1737, Florida
90	Statutes. In addition, release of such information before
91	completion of an active investigation could jeopardize the
92	ongoing investigation.
93	(2) Release of information to which another public records
94	exemption applies once an investigation is completed or ceases
95	to be active would undo the specific statutory exemption
96	protecting that information.
97	(3) An investigation of a violation of s. 501.1737,
98	Florida Statutes, is likely to result in the gathering of
99	sensitive personal information, including identification
100	numbers, unique identifiers, professional or employment-related

101	information, and personal financial information. Such
102	information could be used for the purpose of identity theft. The
103	release of such information could subject possible victims of
104	data privacy violations to further harm.
105	(4) Notices received by the department and information
106	received during an investigation of a violation of s. 501.1737,
107	Florida Statutes, are likely to contain proprietary information.
108	Such information, including trade secrets, derives independent,
109	economic value, actual or potential, from being generally
110	unknown to, and not readily ascertainable by, other persons who
111	might obtain economic value from its disclosure or use. Allowing
112	public access to proprietary information, including a trade
113	secret, through a public records request could destroy the value
114	of the proprietary information and cause a financial loss to the
115	commercial entity. Release of such information could give
116	business competitors an unfair advantage.
117	(5) Information received by the department may contain a
118	computer forensic report or information that could reveal
119	weaknesses in the data security of the commercial entity. The
120	release of this information could result in the identification
121	of vulnerabilities in the cybersecurity system of the commercial
122	entity and be used to harm the commercial entity and clients.
123	(6) The harm that may result from the release of
124	information received by the department pursuant to a
125	notification or investigation by the department or a law
