19 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

20 **SECTION 1.**

21 This Act shall be known and may be cited as the "Community Housing Options Increase
22 Cost Efficiency Act."

23 **SECTION 2.**

24 The General Assembly finds and declares that:

25 (1) Georgia is facing a housing crisis caused primarily by the interaction of a housing
26 supply shortage, construction labor shortage, lasting impacts from the COVID-19
27 pandemic, outdated policies and regulations, ongoing population shifts, economic
28 stressors, and market speculation;

29 (2) Such housing crisis poses serious immediate and long-term risks to the state and its
30 residents, with significant potential repercussions in arenas such as economic
31 development, homelessness, crime, poverty, health, and education, with such
32 repercussions likely compounding over time that could have intergenerational
33 consequences;

34 (3) According to the Harvard Joint Center for Housing Studies, the cost of new home
35 construction in Georgia has risen by 35 percent between the onset of the COVID-19
36 pandemic and the current year, while affordable rentals declined by some 67,000 units,
37 the second highest drop of any state in the United States;

38 (4) The U.S. Department of Housing and Urban Development has assessed that
39 homelessness in Georgia has reversed its downward trend and begun increasing for the
40 first time since 2011;

41 (5) The National Low Income Housing Coalition has reported that housing shortages in
42 the United States have cost Americans more than 13 percent of potential GDP growth
43 since the 1960s, or nearly \$9,000 in annual wages per worker;

- 44 (6) The nonprofit research group Up for Growth found that in 2023, Georgia ranked in
45 the second highest tier of states for housing underproduction, at 138,000 units below
46 demand, an increase of more than 2,600 percent over a ten-year period; and
47 (7) Therefore, this Act is needed to increase the supply of affordable housing in the state
48 by encouraging local governments to adopt policies and reforms that will promote the
49 construction of affordable housing and reduce the burden of outdated policies and
50 regulation on housing construction and the cost of housing to Georgia's citizens.

51 **SECTION 3.**

52 Title 12 of the Official Code of Georgia Annotated, relating to conservation and natural
53 resources, is amended by adding a new Code section to read as follows:
