AN ACT

1 To amend Chapter 4 of Title 1 of the Official Code of Georgia Annotated, relating to

7 The General Assembly finds that:

- 12 (3) Kimchi is an excellent source of probiotics, folate, beta-carotene, choline, potassium,
13 calcium, and vitamins A, C, and K. Many of these nutrients can contribute to lower rates
14 of stroke, cancer, diabetes, and heart disease, and to increased immunity;
- 15 (4) There has been a 222 percent increase in food products launched between 2014
16 and 2018 with "Korea" or "Korean" in the product name. Korean cuisine has grown on

17 food menus in the United States since 2014, which can be attributed to the fact that
18 Korean cuisine has been adopted in American and Mexican cuisine as Kimchi is used as
19 an alternative to slaws, pickles, and sauerkraut; and
20 (5) In South Korea, November 22 is celebrated annually as "Kimchi Day."

27 All laws and parts of laws in conflict with this Act are repealed.
