

LOST

Senator Jackson of the 2nd offered the following amendment:

Amend HB 255 by Strike lines 28 - 35 and replace with the following:

(C) replace with: To avoid the ongoing debate between forest certification programs, the state shall not seek not seek credit for certifiable wood as part of a green building certification. As certified in other code sections, the state will give preference to timber grown in Georgia regardless of the type of building standard a project may use
