## A RESOLUTION

1 Creating the House Study Committee on Historically Black Colleges and Universities; and  
2 for other purposes.

3 WHEREAS, Georgia is home to ten Historically Black Colleges and Universities: Albany  
4 State University, Clark Atlanta University, Fort Valley State University, Interdenominational  
5 Theological Center, Morehouse College, Morehouse School of Medicine, Morris Brown  
6 College, Paine College, Savannah State University, and Spelman College; and

7 WHEREAS, Historically Black Colleges and Universities located in the State of Georgia are  
8 significant economic engines in metro Atlanta and East, Middle, and South Georgia; and

9 WHEREAS, Historically Black Colleges and Universities have made many significant  
10 contributions to the State of Georgia, including having historically served as the only option  
11 for African Americans interested in pursuing higher education, and will continue to play  
12 important roles with regard to access, education, research, and service; and

13 WHEREAS, Georgia accounts for roughly 10 percent of more than 100 Historically Black  
14 Colleges and Universities across our nation, and while these schools represent just 3 percent  
15 of our country's institutions of higher learning, they graduate nearly 20 percent of African  
16 Americans who earn undergraduate degrees; and

17 WHEREAS, according to the United Negro College Fund, Historically Black Colleges and  
18 Universities generate 25 percent of all bachelor degrees in science, technology, engineering,  
19 and mathematics (STEM) fields earned by African Americans. Additionally, Historically  
20 Black Colleges and Universities award 14 percent of all African American engineering  
21 degrees at less than half the cost of other four-year colleges and universities; and

22 WHEREAS, while Historically Black Colleges and Universities also serve as culture hubs  
23 for students from all across the State of Georgia and the United States, despite these

24 contributions, many Georgia Historically Black Colleges and Universities have come under  
 25 increased scrutiny due to a lack of knowledge surrounding the significant impact they have  
 26 on their students, employees, local communities, and the entire state; and

27 WHEREAS, a study is needed to better understand the necessity, economic impact, and  
 28 unique contributions that Georgia's Historically Black Colleges and Universities make on a  
 29 consistent basis while also examining economic factors such as student outcomes, academic  
 30 research, employee salaries, institution spending, student spending, and the multiplier effect  
 31 of these factors.
