By: Senators Anavitarte of the 31st, Robertson of the 29th, Payne of the 54th, Gooch of the 51st, Hickman of the 4th and others

A BILL TO BE ENTITLED
AN ACT

1 To amend Chapter 4 of Title 20 of the Official Code of Georgia Annotated, relating to
2 vocational, technical, and adult education, so as to provide for a pilot program whereby
3 qualifying private nonprofit entities provide instruction and other services for eligible
4 students 21 years of age and older to attain a high school diploma; to provide for program
5 requirements; to provide for waivers and variances; to provide for definitions; to provide for
6 rules and regulations; to provide for automatic repeal; to provide for an annual report; to
7 provide for a short title; to provide for legislative findings and intent; to provide for related
8 matters; to repeal conflicting laws; and for other purposes.

9 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

10 **SECTION 1.**

11 This Act shall be known and may be cited as the "Workforce EXCEleration Act."

12 **SECTION 2.**

13 (a) The General Assembly finds that:

14 (1) The Georgia Department of Economic Development works to expand Georgia's role
15 as an economic hub for business;

- 16 (2) Over 37,500 new jobs in Georgia have been recently created as a result of the largest
17 economic development projects in the history of the state, and more than 85 percent of
18 those new jobs will be created outside of the metro Atlanta area. Nevertheless, the General
19 Assembly finds that more than one million Georgians currently lack a high school diploma;
20 (3) It is imperative to develop a skilled workforce to meet current and future needs across
21 the industry spectrum, and creative programs are necessary to empower these Georgians
22 to gain the education and skills necessary to fill these positions; and
23 (4) High school diploma programs for adult learners have proven successful in other states
24 at providing the support services necessary for persons who lack the skills or credentials
25 required to participate in higher educational opportunities or workforce development
26 programs offered by technical college systems, and public-private partnerships can
27 effectively leverage limited state resources to help meet our workforce needs.
- 28 (b) It is the intent of the Georgia General Assembly that by empowering Georgians to obtain
29 their high school diplomas and obtain industry recognized certifications, they can excel in
30 the workforce and improve the life trajectory for themselves and their families.
