415 within a period of time specified by the director; shall require the contractor to submit
416 periodic compliance reports relating to the operation and implementation of any

417 utilization plan; shall not allow any automatic waivers but shall allow a contractor to
418 apply for a partial or total waiver of the minority and women owned business enterprise
419 participation requirements pursuant to subsections (f) and (g) of this Code section; shall
420 allow a contractor to file a complaint with the director pursuant to subsection (i) of this
421 Code section in the event a contracting agency has failed or refused to issue a waiver of
422 the minority and women owned business enterprise participation requirements or has
423 denied such request for a waiver; and shall allow a contracting agency to file a complaint
424 with the director pursuant to subsection (i) of this Code section in the event a contractor
425 is failing or has failed to comply with the minority and women owned business enterprise
426 participation requirements set forth in the state contract where no waiver has been
427 granted.

428 (2) The rules and regulations promulgated pursuant to this paragraph regarding a
429 utilization plan shall provide that where enterprises have been identified within a
430 utilization plan, a contractor shall attempt, in good faith, to utilize such enterprise at least
431 to the extent indicated. A contracting agency may require a contractor to indicate, within
432 a utilization plan, what measures and procedures he or she intends to take to comply with
433 the provisions of this article, but may not require, as a condition of award of, or
434 compliance with, a contract that a contractor utilize a particular enterprise in performance
435 of the contract.

436 (3) Without limiting other grounds for the disqualification of bids or proposals on the
437 basis of nonresponsibility, a contracting agency may disqualify the bid or proposal of a
438 contractor as being nonresponsible for failure to remedy notified deficiencies contained
439 in the contractor's utilization plan within a period of time specified in regulations
440 promulgated by the director after receiving notification of such deficiencies from the
441 contracting agency. Where failure to remedy any notified deficiency in the utilization
442 plan is a ground for disqualification, that issue and all other grounds for disqualification
443 shall be stated in writing by the contracting agency. Where the contracting agency states
444 that a failure to remedy any notified deficiency in the utilization plan is a ground for
445 disqualification, the contractor shall be entitled to an administrative hearing, on record,
446 involving all grounds stated by the contracting agency. Such hearing shall be conducted
447 by the appropriate authority of the contracting agency to review the determination of
448 disqualification.

449 (i) Where it appears that a contractor cannot, after a good faith effort, comply with the
450 minority and women owned business enterprise participation requirements set forth in a
451 particular state contract, a contractor may file a written application with the contracting
452 agency requesting a partial or total waiver of such requirements setting forth the reasons
453 for such contractor's inability to meet any or all of the participation requirements together

454 with an explanation of the efforts undertaken by the contractor to obtain the required
 455 minority and women owned business enterprise participation. In implementing the
 456 provisions of this Code section, the contracting agency shall consider the number and types
 457 of minority and women owned business enterprises located in the region in which the state
 458 contract is to be performed, the total dollar value of the state contract, the scope of work
 459 to be performed, and the project size and term. If, based on such considerations, the
 460 contracting agency determines there is not a reasonable availability of contractors on the
 461 list of certified business to furnish services for the project, it shall issue a waiver of
 462 compliance to the contractor. In making such determination, the contracting agency shall
 463 first consider the availability of other business enterprises located in the region and shall
 464 thereafter consider the financial ability of minority and women owned businesses located
 465 outside the region in which the contract is to be performed to perform the state contract.
 466 (j) For purposes of determining a contractor's good faith effort to comply with the
 467 requirements of this Code section or to be entitled to a waiver therefrom the contracting
 468 agency shall consider:

469 (1) Whether the contractor has advertised in general circulation media, trade association
 470 publications, and minority focused and women focused media and, in such event:

471 (A) Whether or not certified minority or women owned businesses which have been
 472 solicited by the contractor exhibited interest in submitting proposals for a particular
 473 project by attending a pre-bid conference; and

474 (B) Whether certified businesses which have been solicited by the contractor have
 475 responded in a timely fashion to the contractor's solicitations for timely competitive bid
 476 quotations prior to the contracting agency's bid date;

477 (2) Whether there has been written notification to appropriate certified businesses that
 478 appear in the directory of certified businesses prepared pursuant to paragraph (6) of
 479 subsection (c) of Code Section 50-7-121; and

480 (3) Whether the contractor can reasonably structure the amount of work to be performed
 481 under subcontracts in order to increase the likelihood of participation by certified
 482 businesses.

483 (k) In the event that a contracting agency fails or refuses to issue a waiver to a contractor
 484 as requested within 20 days after having made application therefor pursuant to subsection
 485 (f) of this Code section or if the contracting agency denies such application, in whole or in
 486 part, the contractor may file a complaint with the director pursuant to this Code section
 487 setting forth the facts and circumstances giving rise to the contractor's complaint together
 488 with a demand for relief. The contractor shall serve a copy of such complaint upon the
 489 contracting agency by personal service or by certified mail, return receipt requested. The

490 contracting agency shall be afforded an opportunity to respond to such complaint in
491 writing.

492 (l) If, after the review of a contractor's minority and women owned business utilization
493 plan or review of a periodic compliance report and after such contractor has been afforded
494 an opportunity to respond to a notice of deficiency issued by the contracting agency in
495 connection therewith, it appears that a contractor is failing or refusing to comply with the
496 minority and women owned business participation requirements as set forth in the state
497 contract and where no waiver from such requirements has been granted, the contracting
498 agency may file a written complaint with the director pursuant to Code Section 50-7-129
499 setting forth the facts and circumstances giving rise to the contracting agency's complaint
500 together with a demand for relief. The contracting agency shall serve a copy of such
501 complaint upon the contractor by personal service or by certified mail, return receipt
502 requested. The contractor shall be afforded an opportunity to respond to such complaint
503 in writing.

504 50-7-126.

505 The director shall promulgate rules and regulations setting forth measures and procedures
506 to require all contracting agencies, where practicable, feasible, and appropriate, to assess
507 the diversity practices of contractors submitting bids or proposals in connection with the
508 award of a state contract. Such rules and regulations shall take into account the nature of
509 the labor, services, supplies, equipment, or materials being procured by the state agency;
510 the method of procurement required to be used by a state agency to award the contract and
511 minority and women owned business utilization plans required to be submitted pursuant
512 to Code Sections 50-7-123 and 50-7-124; and such other factors as the director deems
513 appropriate or necessary to promote the award of state contracts to contractors having
514 sound diversity practices. Such assessment shall not in any way permit the automatic
515 rejection of a bid or procurement contract proposal based on lack of adherence to diversity
516 practices. Each bid or proposal shall be analyzed on an individual per-bid or per-proposal
517 basis with the contractor's diversity practices considered as only a part of a wider
518 consideration of several factors when deciding to award or decline to award a bid or
519 proposal.

520 50-7-127.

521 (a) The director shall promulgate rules and regulations providing for the establishment of
522 a state-wide certification program including rules and regulations governing the approval,
523 denial, or revocation of any such certification.

524 (b) For the purposes of this article, the office shall be responsible for verifying businesses
525 as being owned, operated, and controlled by minority group members or women and for
526 certifying such verified businesses. The director shall prepare a directory of certified
527 businesses for use by contracting agencies and contractors in carrying out the provisions
528 of this article. The director shall periodically update the directory.

529 (c)(1) The director shall work with all municipal corporations that have a municipal
530 minority and women owned business enterprise program to develop standards to accept
531 state certification to meet the municipal corporation minority and women owned business
532 enterprise certification standards.

533 (2) The director shall establish a procedure enabling the division to accept federal
534 certification verification for minority and women owned business enterprise applicants,
535 provided such standards comport with those required by the state minority and women
536 owned business program, in lieu of requiring the applicant to complete the state
537 certification process. The director shall promulgate rules and regulations to set forth
538 criteria for the acceptance of federal certification.

539 (d) Following application for certification pursuant to this Code section, the director shall
540 provide the applicant with written notice of the status of the application, including notice
541 of any outstanding deficiencies, within 30 days. Within 60 days of submission of a final
542 completed application, the director shall provide the applicant with written notice of a
543 determination by the office approving or denying such certification and, in the event of a
544 denial, a statement setting forth the reasons for such denial. Upon a determination denying
545 or revoking certification, the business enterprise for which certification has been so denied
546 or revoked shall, upon written request made within 30 days from receipt of notice of such
547 determination, be entitled to a hearing before an independent hearing officer designated for
548 such purpose by the director. In the event that a request for a hearing is not made within
549 such 30 day period, such determination shall be deemed to be final. The independent
550 hearing officer shall conduct a hearing and, upon the conclusion of such hearing, issue a
551 written recommendation to the director to affirm, reverse, or modify such determination
552 of the director. Such written recommendation shall be issued to the parties. The director,
553 within 30 days, by order, must accept, reject, or modify such recommendation of the
554 hearing officer and set forth in writing the reasons therefor. The director shall serve a copy
555 of such order and reasons therefor upon the business enterprise by personal service or by
556 certified mail return receipt requested.

557 (e) All certifications shall be valid for a period of three years.

558 50-7-128.

559 (a) Each contracting agency shall be responsible for monitoring state contracts under its
560 jurisdiction, and recommending matters to the office respecting noncompliance with the
561 provisions of this article so that the office may take such action as is appropriate to ensure
562 compliance with the provisions of this article, the rules and regulations of the director
563 issued hereunder, and the contractual provisions required pursuant to this article. All
564 contracting agencies shall comply with the rules and regulations of the office and are
565 directed to cooperate with the office and to furnish to the office such information and
566 assistance as may be required in the performance of its functions under this article.

567 (b) Each contracting agency shall provide to prospective bidders a current copy of the
568 directory of certified businesses and a copy of the regulations.

569 (c) Each contracting agency shall report to the director with respect to activities
570 undertaken to promote employment of minority group members and women and promote
571 and increase participation by certified businesses with respect to state contracts and
572 subcontracts. Such reports shall be submitted periodically, but not less frequently than
573 annually, as required by the director, and shall include such information as is necessary for
574 the director to determine whether the contracting agency and contractor have complied
575 with the purposes of this article, including, without limitation, a summary of all waivers
576 of the requirements of subsections (f) and (g) of Code Section 50-7-125 allowed by the
577 contracting agency during the period covered by the report, including a description of the
578 basis of the waiver request and the rationale for granting any such waiver. Each agency
579 shall also include in such annual report whether or not it has been required to prepare a
580 remedial plan and, if so, the plan and the extent to which the agency has complied with
581 each element of the plan.

582 (d) The division shall issue an annual report which:

583 (1) Summarizes the report submitted by each contracting agency pursuant to subsection
584 (c) of this Code section;

585 (2) Contains such comparative or other information as the director deems appropriate,
586 including but not limited to goals compared to actual participation of minority and
587 women owned business enterprises in state contracting, to evaluate the effectiveness of
588 the activities undertaken by each such contracting agency to promote increased
589 participation by certified minority or women owned businesses with respect to state
590 contracts and subcontracts;

591 (3) Contains a summary of all waivers of the requirements of subsections (f) and (g) of
592 Code Section 50-7-125 allowed by each contracting agency during the period covered by
593 the report, including a description of the basis of the waiver request and the contracting
594 agency's rationale for granting any such waiver;

595 (4) Describes any efforts to create a database or other information storage and retrieval
 596 system containing information relevant to contracting with minority and women owned
 597 business enterprises; and

598 (5) Contains a summary of:

599 (A) All determinations of violations of this article by a contractor or a contracting
 600 agency made during the period covered by the annual report pursuant to Code Section
 601 50-7-129; and

602 (B) The penalties or sanctions, if any, assessed in connection with such determinations
 603 and the rationale for such penalties or sanctions. Copies of the annual report shall be
 604 provided to the commissioner, the Governor, the President of the Senate, the Speaker
 605 of the House of Representatives, the minority leader of the Senate, and the minority
 606 leader of the House of Representatives and shall also be made widely available to the
 607 public.

608 (e) Each agency shall include in its annual report to the Governor and the chairpersons of
 609 the Senate Finance Committee and the House Committee on Ways and Means its annual
 610 goals for contracts with minority owned and women owned business enterprises, the
 611 number of actual contracts issued to minority owned and women owned business
 612 enterprises, and a summary of all waivers of the requirements of subsections (f) and (g) of
 613 Code Section 50-7-125 allowed by the reporting agency during the preceding year,
 614 including a description of the basis of the waiver request and the rationale for granting such
 615 waiver. Each agency shall also include in such annual report whether or not it has been
 616 required to prepare a remedial plan, and, if so, the plan and the extent to which the agency
 617 has complied with each element of the plan.

618 (f) Each contracting agency that substantially fails to meet the goals supported by the
 619 disparity study, as defined by regulation of the director, shall be required to submit to the
 620 director a remedial action plan to remedy such failure.

621 (g) If it is determined by the director that any agency has failed to act in good faith to
 622 implement the remedial action plan pursuant to subsection (f) of this Code section within
 623 one year, the director shall provide written notice of such a finding, which shall be publicly
 624 available, and direct implementation of remedial actions to:

625 (1) Assure that sufficient and effective solicitation efforts to women and minority owned
 626 business enterprises are being made by said agency;

627 (2) Divide contract requirements, when economically feasible, into quantities that will
 628 expand the participation of women and minority owned business enterprises;

629 (3) Eliminate extended experience or capitalization requirements, when
 630 programmatically and economically feasible, that will expand participation by women
 631 and minority owned business enterprises;

632 (4) Identify specific proposed contracts as particularly attractive or appropriate for
633 participation by women and minority owned business enterprises with such identification
634 to result from and be coupled with the efforts of paragraphs (1), (2), and (3) of this
635 subsection; and

636 (5) Upon a finding by the director that an agency has failed to take affirmative measures
637 to implement the remedial plan and to follow any of the remedial actions set forth by the
638 director, and in the absence of any objective progress toward the agency's goals, require
639 some or all of the agency's procurement, for a specified period of time, be placed under
640 the direction and control of another agency or agencies.

641 50-7-129.

642 Upon receipt by the director of a complaint by a contracting agency that a contractor has
643 violated the provisions of a state contract which have been included to comply with the
644 provisions of this article or by a contractor that a contracting agency has violated such
645 provisions or has failed or refused to issue a waiver where one has been applied for
646 pursuant to subsection (f) of Code Section 50-7-125 or has denied such application, the
647 director shall attempt to resolve the matter giving rise to such complaint. If efforts to
648 resolve such matter to the satisfaction of all parties are unsuccessful, the director shall refer
649 the matter, within 30 days of the receipt of the complaint, to the division's hearing officers.

650 Upon conclusion of the administrative hearing, the hearing officer shall submit to the
651 director his or her decision regarding the alleged violation of the contract and
652 recommendations regarding the imposition of sanctions, fines, or penalties. The director,
653 within ten days of receipt of the decision, shall file a determination of such matter and shall
654 cause a copy of such determination along with a copy of this article to be served upon the
655 contractor by personal service or by certified mail return receipt requested. The penalties
656 imposed for any violation which is premised upon either a fraudulent or intentional
657 misrepresentation by the contractor or the contractor's willful and intentional disregard of
658 the minority and women owned participation requirement included in the contract may
659 include a determination that the contractor shall be ineligible to submit a bid to any
660 contracting agency or be awarded any such contract for a period not to exceed one year
661 following the final determination; provided, however, that if a contractor has previously
662 been determined to be ineligible to submit a bid pursuant to this section, the penalties
663 imposed for any subsequent violation, if such violation occurs within five years of the first
664 violation, may include a determination that the contractor shall be ineligible to submit a bid
665 to any contracting agency or be awarded any such contract for a period not to exceed five
666 years following the final determination. The Division of Minority and Women's Business
667 Development shall maintain a website listing all contractors that have been deemed

668 ineligible to submit a bid pursuant to this Code section and the date after which each
669 contractor shall once again become eligible to submit bids.

670 50-7-130.

671 Every contracting agency shall include a provision in its state contracts expressly providing
672 that any contractor who willfully and intentionally fails to comply with the minority and
673 women owned participation requirements of this article as set forth in such state contract
674 shall be liable to the contracting agency for liquidated or other appropriate damages and
675 shall provide for other appropriate remedies on account of such breach. A contracting
676 agency that elects to proceed against a contractor for breach of contract as provided in this
677 Code section shall be precluded from seeking enforcement pursuant to Code Section
678 50-7-129; provided, however, that the contracting agency shall include a summary of all
679 enforcement actions undertaken pursuant to this Code section in its annual report submitted
680 pursuant to subsection (c) of Code Section 50-7-128."

681 **SECTION 2.**

682 All laws and parts of laws in conflict with this Act are repealed.
