

Senate Resolution 833

By: Senator Hill of the 4th

A RESOLUTION

1 Recognizing Claxton High School for its participation in STEM Outreach and Education via
2 the Molecular Biology Initiative of Georgia Southern University; and for other purposes.

3 WHEREAS, the science, technology, engineering, and math (STEM) Outreach and
4 Education program utilizes supplies and equipment provided by the Molecular Biology
5 Initiative (MBI) in association with fellows from Georgia Southern University graduate
6 schools; and

7 WHEREAS, fellows are paired with science teachers from local high schools to teach one
8 time per week using current technologies and knowledge; and

9 WHEREAS, this program assists teachers in providing more comprehensive and modern
10 lessons to their students; and

11 WHEREAS, in addition to helping teachers, STEM Outreach and Education also allows for
12 Georgia Southern University fellows to glean real world experience in the application and
13 teaching of their areas of study; and

14 WHEREAS, fellows develop learning modules that are placed online and are nationally
15 available for no charge after being vetted by the Georgia Southern University School of
16 Education; and

17 WHEREAS, MBI is recognized by the National Science Foundation, the American
18 Association for the Advancement of Science, and the Technology Association of Georgia.

19 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body
20 recognize Claxton High School for its participation in STEM Outreach and Education and
21 commend the Molecular Biology Initiative of Georgia Southern University.

- 22 BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed
23 to transmit an appropriate copy of this resolution to Claxton High School.
