SECTION 2. FTP AUTHORIZATION. In accordance with Section 67-3519, Idaho Code, the Department of Water Resources is authorized no more than one hundred fifty-two (152) full-time equivalent positions at any point during the period July 1, 2013, through June 30, 2014, unless specifically autho-

rized by the Governor. The Joint Finance-Appropriations Committee will be notified promptly of any increased positions so authorized.

SECTION 3. There is hereby appropriated to the Department of Water Resources and the State Controller shall transfer \$716,000 from the Revolving Development Fund to the Secondary Aquifer Planning, Management, and Implementation Fund, on July 1, 2013, or as soon thereafter as practicable, for the period July 1, 2013, through June 30, 2014.

SECTION 4. LEGISLATIVE INTENT. Notwithstanding Section 42-1414(1)(c), Idaho Code, it is the intent of the Legislature that moneys appropriated in Section 2 of this act, for the Northern Idaho Adjudication Program from the General Fund, count toward the filing fees required under Section 42-1414(1)(a) and (b), Idaho Code, for water right claims filed in the Northern Idaho Adjudication by the Idaho Water Resource Board and the Governor of the State of Idaho based on instream flow, public lake level maintenance or recreation. If the General Fund appropriation exceeds the amount required for the Idaho Water Resource Board's and the Governor's filing fees in the current fiscal year, the excess shall be counted toward future filing fees required for those same purposes. If the General Fund appropriation does not meet or exceed the fee required for claims of the Idaho Water Resource Board or the Governor of the State of Idaho, the director of the Department of Water Resources shall grant an extension of time to the Idaho Water Resource Board or the Governor of the State of Idaho to file the claim, and the General Fund appropriation for the following fiscal year shall be counted toward the balance of the filing fee.

SECTION 5. EMPLOYEE COMPENSATION. The Legislature finds that investing in state employee compensation should remain a high priority even in tough economic times, and therefore strongly encourages agency directors, institution executives and the Division of Financial Management to approve the use of salary savings to provide either one-time or ongoing merit increases for deserving employees, and also target employees who are below policy compensation. Such salary savings could result from turnover and attrition, or be the result of innovation and reorganization efforts that create savings. Such savings should be reinvested in employees. Agencies are cautioned to use one-time funding for one-time payments and ongoing funding for permanent pay increases.

SECTION 6. EXEMPTIONS FROM OBJECT AND PROGRAM TRANSFER LIMITATIONS. For fiscal year 2014, the Department of Water Resources is hereby exempted from the provisions of Section 67-3511(1), (2) and (3), Idaho Code, allowing unlimited transfers between object codes and between programs, for all moneys appropriated to it for the period July 1, 2013, through June 30, 2014. Legislative appropriations shall not be transferred from one fund to another fund unless expressly approved by the Legislature.
