IN THE HOUSE OF REPRESENTATIVES

HOUSE BILL NO. 320

BY STATE AFFAIRS COMMITTEE

AN ACT

- RELATING TO THE IDAHO VIDEO SERVICE ACT; AMENDING TITLE 50, IDAHO CODE, BY 2 THE ADDITION OF A NEW CHAPTER 30, TITLE 50, IDAHO CODE, TO PROVIDE A 3 SHORT TITLE, TO DEFINE TERMS, TO PROVIDE FOR FRANCHISING AUTHORITY, TO 4 5 PROVIDE FOR THE USE OF PUBLIC RIGHTS-OF-WAY, TO PROVIDE FOR MODIFICA-TIONS OF EXISTING FRANCHISE AGREEMENTS, TO PROVIDE FOR FEES, TO PROVIDE 6 FOR A HOLDER OF CERTIFICATE, TO PROVIDE FOR PROVISION OF ACCESS TO VIDEO 7 SERVICE WITHIN A CERTAIN PERIOD, TO PROVIDE FOR AMENDMENT OF THE CER-8 TIFICATE OF FRANCHISE AUTHORITY, TO PROVIDE FOR SUSPENSION OF AUTHORITY 9 10 FOR NONCOMPLIANCE WITH CERTAIN REQUIREMENTS, TO PROVIDE FOR A VIDEO SERVICE PROVIDER FEE, TO PROVIDE FOR NONDISCRIMINATION BY GOVERNMEN-11 TAL ENTITIES RELATING TO USE OF THE PUBLIC RIGHTS-OF-WAY, TO PROHIBIT 12 DISCRIMINATION AMONG POTENTIAL RESIDENTIAL SUBSCRIBERS AND TO PROVIDE 13 FOR VIOLATIONS, TO PROVIDE FOR CUSTOMER SERVICE STANDARDS, TO PROVIDE 14 15 FOR DESIGNATION AND USE OF CHANNEL CAPACITY FOR PUBLIC, EDUCATIONAL OR GOVERNMENTAL USE AND TO PROVIDE FOR APPLICABILITY OF OTHER LAW; AND 16 PROVIDING SEVERABILITY. 17
- 18 Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Title 50, Idaho Code, be, and the same is hereby amended by the addition thereto of a <u>NEW CHAPTER</u>, to be known and designated as Chapter 30, Title 50, Idaho Code, and to read as follows:

CHAPTER 30 IDAHO VIDEO SERVICE ACT

24 50-3001. SHORT TITLE. This chapter shall be known and may be cited as 25 the "Idaho Video Service Act."

26

22

23

1

50-3002. DEFINITIONS. As used in this chapter:

(1) "Access to video service" means the capability of a video service
provider to provide video service at a household address irrespective of
whether a subscriber has ordered the service or whether the service is actually provided at that address.

(2) "Actual competition" means the physical installation and activa tion of a network to provide video service by a nonincumbent video service
 provider anywhere within a political subdivision in which there is an incum bent cable service provider.

(3) "Cable service" has the meaning ascribed to it in 47 U.S.C. section
522, as that section existed on January 1, 2011.

37 (4) "Cable system" has the meaning ascribed to it in 47 U.S.C. section
38 522, as that section existed on January 1, 2011.

(5) "Certificate of franchise authority" means a certificate issued by 1 2 the Idaho secretary of state to a video service provider pursuant to the provisions of this chapter. 3

(6) "Franchise" has the meaning ascribed to it in 47 U.S.C. section 522, 4 5 as that section existed on January 1, 2011. A certificate of franchise authority issued pursuant to section 50-3003, Idaho Code, shall constitute a 6 7 franchise for the purposes of 47 U.S.C. section 522.

(7) "Franchising entity" means the city, county or state authorized by 8 state or federal law to grant a franchise. 9

(8) "Governing body" means the city council or the board of county com-10 11 missioners of a political subdivision.

(9) "Incumbent cable service provider" means a person who provides ca-12 ble service and holds a franchise issued by a franchising entity prior to 13 July 1, 2011. 14

(10) "Local unit of government" means a city, county or other governmen-15 16 tal entity of the state of Idaho having maintenance and operation responsibility over the public rights-of-way within an area for which a franchise or 17 certificate of franchise authority has been issued by a franchising entity. 18 19

(11) "Nonincumbent video service provider" means:

(a) A person authorized under the provisions of this chapter to provide 20 21 video service in an area in which cable service is being provided by an incumbent cable service provider; or 22

(b) A person authorized under the provisions of this chapter to provide 23 video service in an area in which, on the effective date of this chapter, 24 there was no incumbent cable service provider providing cable service. 25

(12) "Political subdivision" means a city or county of the state of 26 27 Idaho.

(13) "Public rights-of-way" means the area on, below or above a public 28 roadway, highway, street, public sidewalk, alley, waterway or utility ease-29 ment dedicated for compatible uses. 30

(14) "Service area" means contiguous geographical territory in the 31 state of Idaho within which territory a video service provider is authorized 32 to provide video service pursuant to a certificate of franchise authority. 33

(15) "Service tier" means a category of video service or those services 34 provided by a video service provider and for which a separate rate is charged 35 by the video service provider. 36

(16) "Subscriber" means any person in this state who purchases video 37 service. "Subscriber" does not include any person who purchases video ser-38 39 vice for resale and who, upon resale, is required to pay a video service provider fee pursuant to this chapter or the terms of a local franchise. 40

(17) "System operator" means any person or group of persons who provide 41 video service and directly, or through one (1) or more affiliates, own a sig-42 nificant interest in the system or facilities through which the video ser-43 vice is provided and which person has been issued a certificate of franchise 44 authority pursuant to the provisions of this chapter. 45

(18) "Video service" means the provision of video programming generally 46 considered comparable to video programming delivered by a television broad-47 cast station, cable service or digital television service, without regard to 48 the technology used to deliver the video service, and which service is pro-49 vided primarily through equipment or facilities located in whole or in part 50

in, on, under or over any public rights-of-way. The term includes cable service, but excludes any video programming provided to persons in their capacity as subscribers to commercial mobile service as defined in 47 U.S.C. section 332(d), or video programming provided as part of and via a service that enables end users to access content, information, electronic mail or other services offered over the public internet.

7 (19) "Video service provider" means a provider of video service, and in8 cludes an incumbent cable or multichannel video service provider, a nonin9 cumbent video service provider or a system operator, unless the context in
10 which the term is used indicates otherwise.

(20) "Video service provider fee" means the amount paid by a system operator pursuant to section 50-3006, Idaho Code.

50-3003. FRANCHISING AUTHORITY --- USE OF PUBLIC RIGHTS-OF-WAY --- MOD IFICATIONS OF EXISTING FRANCHISE AGREEMENTS. (1) On and after July 1, 2011,
 no person shall act as a video service provider or operate a video service
 network within the state of Idaho unless such person:

(a) Is an incumbent cable service provider providing cable service
within an existing franchise area by permission of, or pursuant to, a
franchise from a political subdivision in effect on the effective date
of this chapter or a subsequent renewal thereof; or

(b) Is a nonincumbent cable service provider who:

21

(i) Has elected to negotiate a franchise agreement in accordance
with title VI of the communications act of 1934, as amended, 47
U.S.C. section 521 et seq., with a political subdivision that establishes the terms and conditions applicable to that person to
provide cable or video service within the jurisdictional boundaries of such political subdivision and has been issued a franchise from the political subdivision for such purpose; or

(ii) Has elected to adopt the terms and conditions of an existing 29 franchise issued by a political subdivision to an incumbent cable 30 service provider providing video service within the same service 31 area and who has been issued a franchise from the political sub-32 division authorizing the video service provider to provide video 33 services within the political subdivision pursuant to the same 34 terms and conditions as the franchise issued to the incumbent ca-35 36 ble service provider in the political subdivision; or

(c) Has been granted a certificate of franchise authority to do business in the state of Idaho as a system operator by the Idaho secretary of state as required in this chapter.

(2) Nothing in this chapter shall be construed to prohibit a person from
holding a franchise issued by a political subdivision and holding a certificate of franchise authority issued by the Idaho secretary of state for a different service area. Provided however, that a video service provider shall
not hold a franchise issued by a political subdivision and a certificate of
franchise authority issued by the secretary of state for the same service
area.

47 (3) Any person seeking a certificate of franchise authority to provide48 video service as a system operator shall submit an application to the Idaho

secretary of state that is in accordance with the requirements of this chapter and sets forth the following information:

- 3 (a) The name of the applicant and the address of its principal place
 4 of business within the state of Idaho and the names of the applicant's
 5 principal executive officers and its primary Idaho representative;
- 6 (b) A specific identification of the political subdivision(s) consti7 tuting the service area wherein the applicant intends to provide video
 8 service;
- 9 (c) The date on which the applicant intends to begin providing video
 10 service in the service area described in the application;
- (d) Verification signed by an officer or general partner of the applicant that:
- (i) The applicant has filed with the federal communications commission all forms required by that agency in advance of offering
 video service in this state; and
- (ii) The applicant is legally, financially and technically qualified to provide video service; provided however, that a cable
 operator that was providing service in Idaho pursuant to a franchise in effect on the day before the effective date of this
 section shall be deemed to be legally, financially and technically
 qualified to provide service; and
- Verification that the applicant has procured and will maintain 22 (e) comprehensive general liability insurance coverage and automobile li-23 ability insurance coverage underwritten by one (1) or more companies 24 licensed to do business in the state of Idaho requiring that the insur-25 ance carrier pay on behalf of the applicant, to a limit of not less than 26 five hundred thousand dollars (\$500,000) for bodily or personal injury, 27 death, or property damage or loss as a result of any one (1) occurrence 28 or accident, regardless of the number of persons injured or the number 29 of claimants, arising out of the negligent or otherwise wrongful act 30 or omission of the applicant or applicant's employees or agents. Ver-31 ification that a certificate of self-insurance has been issued to the 32 applicant and maintained in accordance with the provisions of section 33 49-1224, Idaho Code, shall be deemed to satisfy the requirements of this 34 35 subsection.

(4) The application shall be accompanied by a filing fee as set forth 36 in section 50-3004, Idaho Code. Within thirty (30) days after filing of the 37 application, or within thirty (30) days after the filing of supplemental 38 39 information necessary to make it complete, the secretary of state shall determine the completeness of an application or, if applicable, shall notify 40 the applicant of a determination that the application is incomplete, state 41 the basis for that determination, and inform the applicant that the appli-42 cant may resubmit a correct application. The secretary of state shall issue 43 a certificate of franchise authority within fifteen (15) days after the 44 secretary of state's determination that the filed application is complete 45 and in compliance. Upon issuance of a certificate of franchise authority, 46 47 the secretary of state shall, within fifteen (15) days from the date of such issuance, provide written notice of such issuance to the governing body 48 of each political subdivision located within the service area designated 49 in the application for a certificate of franchise authority. Such notice 50

shall contain a provision stating that a political subdivision may assess 1 2 a video service provider fee in accordance with the provisions of section 50-3006, Idaho Code, may define "gross revenues" in accordance with section 3 50-3006(4), Idaho Code, and may assess a public, educational or governmen-4 5 tal support fee in accordance with the provisions of section 50-3010, Idaho Code. The duties of the secretary of state pursuant to this chapter are min-6 7 isterial.

(5) Persons who have received a certificate of franchise authority as 8 set forth in this section may use the public rights-of-way of the state and 9 any political subdivision within the service area set forth in the certifi-10 11 cate of franchise authority, subject to provisions of state law and applicable local ordinances that are not in conflict with the provisions of this 12 chapter or the purposes or objectives thereof. 13

(6) If the holder of a certificate of franchise authority wants to mod-14 ify the boundaries of an existing service area authorized under the certifi-15 16 cate, the holder must file with the secretary of state written notice of the modification and pay the fee required by section 50-3004, Idaho Code. The 17 holder of the certificate may make the modification on the date on which it 18 files the written notice with the secretary of state. 19

(7) A certificate of franchise authority is subject to the system oper-20 21 ator's maintaining the qualifications necessary to initially obtain a certificate of franchise authority. Any holder of a certificate of franchise 22 authority issued pursuant to this chapter shall immediately notify the sec-23 retary of state of the holder's failure to meet the standards established for 24 initial qualification for a certificate of franchise authority. Upon re-25 ceipt of the notice by the office of the secretary of state, the holder's cer-26 tificate of franchise authority shall be deemed to be revoked by operation 27 of law without the need for any notice, hearing or action by the secretary of 28 state. Use and occupancy by a system operator of the public rights-of-way in 29 the delivery of video service shall be subject to the laws of this state and 30 the police powers of the local units of government having jurisdiction over 31 the public rights-of-way in which the video service is to be delivered. 32

(8) No provision of this chapter shall diminish or otherwise limit the 33 authority of this state, highway district or other local unit of government 34 having jurisdiction over the public rights-of-way. Nothing in this chapter 35 shall be construed to limit, abrogate or supersede the provisions of any ap-36 plicable local ordinance or other regulation governing the use of the public 37 rights-of-way. 38

39 (9) If no local ordinance or law regulates installation of physical facilities within public rights-of-way, the following requirements shall be 40 deemed the minimum standards for such activities: 41

42

(a) At least thirty (30) days prior to contemplated construction within public rights-of-way, a specific description of the locations where the 43 facilities are proposed to be installed within the public rights-of-way 44 and the construction methods that are proposed must be provided to the 45 local unit of government responsible for rights-of-way procurement or 46 47 maintenance.

(b) A certificate of franchise authority granted pursuant to this 48 chapter carries with it an obligation to respect orderly management and 49 maintenance of public rights-of-way. Any system operator authorized 50

hereby to use public rights-of-way shall employ sound construction 1 2 practices to maintain the integrity of public improvements and preexisting rights-of-way conditions and shall be responsible for repair or 3 replacement of any improvements or maintenance or restoration of any 4 conditions disrupted by construction activities. The system operator 5 shall cause any such repairs to be made promptly and in a manner that 6 complies with adopted standards or as otherwise appropriate to restore 7 the rights-of-way to conditions existing before installation. 8

9 (c) The certificate of franchise authority granted pursuant to this 10 chapter also carries a duty to coordinate installation of any physical 11 plant in public rights-of-way with the public utilities or municipal 12 services already using or contemplating use of the same or related 13 rights-of-way. Such coordination should endeavor to minimize con-14 flicts and avoid damage to existing or otherwise planned facilities.

(d) No local unit of government with authority or responsibility to
 procure or maintain public rights-of-way shall discriminate against a
 holder of a certificate of franchise authority issued pursuant to this
 chapter with respect to access to rights-of-way or issuance of permits
 to install facilities in public rights-of-way.

(10) A certificate of franchise authority shall be nonexclusive and
shall be for an initial term of ten (10) years, subject to changes in federal
law. A certificate of franchise authority may be renewed for additional ten
(10) year periods for system operators in compliance with the requirements
of subsection (3) of this section.

25 (11) A certificate of franchise authority may be transferred to any successor of the system operator to which the certificate of franchise author-26 ity was initially issued upon the successor filing an application contain-27 ing the same information as required in subsection (3) of this section. Any 28 successor may only undertake operation and maintenance of video facilities 29 pursuant to an approved certificate of franchise authority upon providing 30 31 notice to the local unit of government with jurisdiction concerning the public rights-of-way to be used. A successor shall be responsible to conform to 32 approved plans and permits to coordinate installation and maintenance as re-33 quired by the local unit of government. 34

(12) A certificate of franchise authority may be terminated by the 35 system operator submitting a written notice to the secretary of state and 36 any affected local unit of government. No approval of the termination of 37 the certificate of franchise authority shall be required by the secretary 38 39 of state or by any affected local unit of government. Termination of certificate of franchise authority shall not relieve a system operator of any 40 subsequent obligation to mitigate the effects of abandoned physical facili-41 ties remaining in any public rights-of-way. 42

(13) To the extent required for the purposes of 47 U.S.C. sections 521
through 561, the state of Idaho shall constitute the franchising authority
for system operators in the state of Idaho.

(14) Unless otherwise set forth in a franchise agreement described in
subsection (1) (a) or (b) of this section, no political subdivision of the
state of Idaho may require a system operator to obtain a franchise or impose
any fee or impose any other requirement for the provision of video services

within the geographic territory of such political subdivision, unless such fee or requirement is expressly authorized by this chapter.

(15) Any person may submit an application for a certificate of franchise 3 authority, including an incumbent cable service provider, when such incum-4 bent cable service provider faces actual competition by another system oper-5 ator, upon the expiration of a franchise agreement held by an incumbent ca-6 7 ble service provider, or in a political subdivision where an incumbent cable service provider does not hold a certificate of franchise authority as 8 of the date of this chapter. Upon the granting of a certificate of fran-9 chise authority to an incumbent cable service provider, the provider's ex-10 11 isting franchise shall no longer be of any force or effect and shall not be enforceable by the local unit of government of this state. The local unit 12 of government shall promptly return to the video service provider any letter 13 of credit, performance bond, security deposit, certificate of insurance or 14 any other similar instrument. It shall be in an incumbent cable operator's 15 16 sole discretion to determine, in each area where it provides cable service, whether or not to apply for a certificate of franchise authority or continue 17 to provide service under an existing certificate of franchise authority. 18

19 50-3004. FEES. (1) In carrying out the provisions of this chapter, the 20 secretary of state shall charge and collect the fees set forth in this sec-21 tion.

(2) The filing fee for accepting an application for a certificate offranchise authority shall be one thousand dollars (\$1,000).

(3) The filing fee for accepting an amendment to a certificate of franchise authority or providing a notice required by this chapter shall be five
hundred dollars (\$500).

27 50-3005. HOLDER OF CERTIFICATE -- PROVISION OF ACCESS TO VIDEO SERVICE 28 WITHIN CERTAIN PERIOD -- AMENDMENT OF CERTIFICATE OF FRANCHISE AUTHORITY --SUSPENSION OF AUTHORITY FOR NONCOMPLIANCE WITH CERTAIN REQUIREMENTS. (1) 29 Not later than twenty-four (24) months after the date on which the secretary 30 of state issues a certificate of franchise authority pursuant to section 31 50-3003, Idaho Code, the holder of the certificate must provide access to 32 video service to at least one (1) household within the territorial bound-33 aries of each service area identified in and authorized by the certificate 34 35 of franchise authority.

(2) If a holder of a certificate of franchise authority does not pro-36 vide access to video service within the territorial boundaries of a service 37 area within twenty-four (24) months from the date the certificate of fran-38 chise authority authorized the provision of video service within the service 39 area, the holder's certificate of franchise authority shall be deemed to be 40 revoked by operation of law as to such service area without the need for any 41 notice, hearing or action by the secretary of state and such certificate of 42 franchise authority shall not thereafter authorize the provision of video 43 service within such service area by the holder of the certificate. 44

50-3006. VIDEO SERVICE PROVIDER FEE. (1) Every system operator acting
pursuant to authorization provided in this chapter shall pay to the political subdivision in which it provides video service a fee as required in this

section. For the purposes of this section, subscribers whose service address is within the jurisdictional limits of a city shall be deemed city subscribers and those subscribers whose service address is outside the jurisdictional limits of a city shall be deemed county subscribers.

5 (2) The obligation to pay such a fee shall commence upon commencement of the provision of video service to subscribers. The video service provider's 6 7 fee shall be paid to the political subdivision in which it provides video service on a quarterly basis, forty-five (45) days after the close of each 8 calendar quarter, and shall be calculated as a percentage of gross revenues, 9 as defined in subsection (4) of this section. Except as provided in sections 10 11 50-3007 and 50-3010, Idaho Code, the political subdivision may not require any additional fees or charges from the system operator and may not require 12 the use of any other calculation method. 13

(3) The percentage to be applied against gross revenue pursuant to this 14 section shall be set by the political subdivision in an amount equal to the 15 16 percentage paid by an incumbent cable service provider or five percent (5%), whichever is less. If there is no incumbent cable service provider having a 17 franchise agreement with the political subdivision, or if a political subdi-18 vision has not previously established and assessed such fee to an incumbent 19 cable service provider, the fee to be paid shall be established by ordinance 20 21 by the political subdivision, but shall in no event be in excess of five percent (5%) of the gross revenues, as set forth in subsection (4) of this sec-22 tion. Nothing herein prohibits a political subdivision from applying a fee 23 percentage that is less than five percent (5%) so long as such fee is applica-24 ble to all video service providers within the political subdivision, regard-25 less of whether they provide video service pursuant to a local franchise or a 26 certificate of franchise authority. 27 (1) (a) For nurnages of this section. 20

20	(4)	(a) for purposes of this section:
29		(i) "Gross revenues" means all revenues, calculated in accor-
30		dance with generally accepted accounting principles (GAAP), that
31		are received by the system operator from subscribers for provid-
32		ing video service to video subscribers within the jurisdictional
33		limits of the political subdivision. Gross revenues shall include
34		the following:
35		1. All recurring charges and fees paid by subscribers for
36		the provision of video service, including equipment rental,
37		late fees, insufficient funds fees and fees attributable to
38		video service when sold individually or as part of a package
39		or bundle, or functionally integrated, with services other
40		than video services;
41		2. Event-based charges for video service, including
42		pay-per-view and video-on-demand;
43		3. Any other consideration a system operator receives from
44		its subscribers for providing video service when it is re-
45		ceived in a transaction that would evade imposition of a
46		franchise fee if such consideration is not included in rev-
47		enue, except for revenue excluded pursuant to subparagraph
48		(ii) of this paragraph.
49		4. Notwithstanding subparagraph (ii) of this paragraph, the
50		definition of gross revenue provided in a franchise agree-

1		ment between a political subdivision and a video service
2		provider that was in effect on or before July 1, 2011, shall
3		apply to all video provider franchises issued within that
4		political subdivision pursuant to this chapter.
5	(ii)	"Gross revenues" does not include:
6		1. Any revenues not actually received, even if billed, such
7		as bad debt net of any recoveries of bad debt;
8		2. Refunds, rebates, credits or discounts to subscribers or
9		a local unit of government to the extent not already offset
10		by subparagraph (i) of this subsection and to the extent the
11		refund, rebate, credit or discount is attributable to the
12		video service;
13		3. Any revenues received by the system operator or its af-
14		filiates from the provision of services or capabilities
15		other than video service, including advertising sales,
16		telecommunications services, information services, home
17		shopping or similar programming advertising, and services,
18		capabilities and applications that may be sold as part of a
19		package or bundle, or functionally integrated, with video
20		service;
21		4. Any revenues received by the provider or its affiliates
22		for the provision of directory or internet advertising, in-
23		cluding yellow pages, white pages, banner advertisement and
24		electronic publishing;
25		5. Any amounts attributable to the provision of video ser-
26		vice to customers at no charge, including the provision of
27		such service to public institutions without charge;
28		6. Amounts billed to video service subscribers to recover
29		taxes, fees, surcharges or assessments imposed on a sys-
30		tem operator or a video customer or otherwise collected
31		by a system operator from video service subscribers for
32		pass-through to any federal, state or local government
33		agency, including the franchise fee and FCC user fee;
34		7. Any foregone revenue from the provision of video service
35		at no charge to any person, except that any foregone revenue
36		exchanged for trade, barter, service or other item of value
37		shall be included in gross revenue;
38		8. Sales of capital assets or surplus equipment;
39		9. Reimbursement by programmers of marketing costs actually
40		incurred by the provider for the introduction of program-
41		ming; or
42		10. The sale of video service for resale to the extent the
43		purchaser certifies in writing that it will resell the ser-
44		vice and pay a video service provider fee with respect to the
45		service.
46		he case of a video service that is bundled or integrated
47		ly with other services, capabilities or applications, the
48	-	the system operator's revenue attributable to the other ser-
49		abilities or applications shall be included in gross revenues
50	unless the	provider can reasonably identify the division or exclusion

of the revenue from its books and records that are kept in the regular course of business.

2 3

1

4

5 6 (c) Revenue of an affiliate shall be included in the calculation of gross revenues to the extent the treatment of the revenue as revenue of the affiliate would have the effect of evading the payment of the video service provider fee that would otherwise be paid for video service.

(5) Payment of the fees as required in this section shall be accompa-7 nied by a written report identifying the amount of revenues by category of a 8 service and the number of customers receiving each category of service, if 9 any. A political subdivision may, upon reasonable advance written notice, 10 11 but not more frequently than once in any calendar year, review the business records of a system operator to the extent necessary to ensure proper and ac-12 curate payment of the video service provider fee. A system operator shall 13 provide sufficient information about such revenues to a political subdivi-14 sion to allow a proper compliance review by such political subdivision. The 15 16 system operator shall keep all business records reflecting any gross revenues, even if there is a change in ownership, for at least three (3) years 17 after those revenues are recognized by the system operator in its books and 18 records. All records reasonably necessary for the audit shall, at the dis-19 20 cretion of the political subdivision, be made available by the system opera-21 tor at the location within the jurisdiction where the records are kept in the ordinary course of business, or may be provided electronically to the polit-22 ical subdivision with its consent. The political subdivision and the system 23 operator shall each be responsible for their respective costs of the audit, 24 unless the audit discloses that the system operator has underpaid the video 25 service provider fee by more than seven percent (7%) during the examination 26 period, in which case the system operator shall pay all of the reasonable and 27 actual costs of the audit. Any undisputed amount or refund due to the polit-28 ical subdivision or the system operator shall be paid within sixty (60) days, 29 plus interest at the statutory rate on civil judgments. 30

(6) Any system operator may identify and collect the amount of the video
 service provider fee as a separate line item on the regular bill of each sub scriber.

(7) Any city annexing lands shall notify a system operator in writing of
 any such annexation, including a description of the territory annexed. Be ginning the first day of the calendar quarter occurring after the system op erator has received at least forty-five (45) days' notice of annexation of
 customers into the city's corporate limits, subscribers within such annexed
 territory shall, for purposes of this section, be considered to be city sub scribers.

50-3007. NONDISCRIMINATION BY GOVERNMENTAL ENTITIES RELATING TO USE 41 OF PUBLIC RIGHTS-OF-WAY. (1) A local unit of government shall allow the 42 43 holder of a certificate of franchise authority to install, construct and maintain facilities within the public rights-of-way, over which the local 44 unit of government has jurisdiction, to enable the provision of video ser-45 vices to subscribers to such services. The local unit of government shall 46 provide the holder of such certificate of franchise authority open, com-47 parable, nondiscriminatory and competitively neutral access to the public 48 rights-of-way within its jurisdiction. 49

(2) A local unit of government may not discriminate against the holder
 of a certificate of franchise authority in any manner, including:

(a) The authorization or placement of facilities in public rights-ofway that is necessary for the provision of video services;

4 5 6

7

21

3

(b) Access to a public building; or(c) The terms or conditions for access to any utility pole within control of the jurisdiction.

(3) A local unit of government may impose a permit or license fee on a 8 system operator relating to the opening, closing, inspection or repair of 9 public rights-of-way over which rights-of-way the local unit of government 10 has jurisdiction, but only to the extent it imposes such a fee on incumbent 11 cable service providers or others accessing the public rights-of-way relat-12 ing to the opening, closing, inspection or repair thereof. Any fee autho-13 rized in this section may not exceed the actual costs incurred by the local 14 unit of government issuing the permit that are directly related to the sys-15 16 tem operator's activity in the rights-of-way with which the permit is associated. In no event may a fee under this subsection be charged: 17

(a) If the system operator already has paid a permit fee in connection
with the same activity in the public rights-of-way that would otherwise
be covered by the permit fee under this section; or

(b) For general revenue purposes.

50-3008. DISCRIMINATION AMONG POTENTIAL RESIDENTIAL SUBSCRIBERS PRO HIBITED -- VIOLATIONS. (1) A system operator shall not deny access to video
 service to any group of potential residential subscribers because of the in come of the residents in the local area in which such group resides.

(2) For purposes of determining whether a system operator has violated 26 the provisions of this section, cost, density, distance, and technological 27 or commercial limitations shall be taken into account. An alleged violation 28 29 shall only be considered within the description of the service area set forth in an application or amended application for a certificate of franchise au-30 thority. The inability to serve an end user because a holder of such certifi-31 cate is prohibited from placing its own facilities in a building or property 32 shall not be found to be a violation of the provisions of this section. Use of 33 an alternative technology or service arrangement that provides comparable 34 content and functionality shall not be considered a violation of the provi-35 36 sions of this section. The requirements of this subsection shall not be con-37 strued as authorizing any build-out requirements on a system operator.

38 (3) Any potential residential subscriber or group of residential subscribers who believes it is being denied access to services in violation of 39 the provisions of this section may file a complaint with the affected local 40 governing authority, along with a clear statement of the facts and the in-41 formation upon which it is relying to support the complaint. Upon receipt 42 43 of any such complaint, the affected local governing authority shall serve a copy of the complaint and supporting materials upon the subject system op-44 erator, which shall have sixty (60) days after receipt of such information 45 to submit a written answer and any other relevant information the provider 46 wishes to submit to the affected local governing authority in response to the 47 complaint. If the affected local governing authority is not satisfied with 48 the response, the affected local governing authority shall compel the system 49

operator to participate in nonbinding mediation. If the mediation does not 1 2 resolve the matter to the satisfaction of either party, either party may file a complaint with a court of competent jurisdiction. No party shall file an 3 action in court without having participated in a mediation of the complaint. 4 If such court finds that the holder of a certificate of franchise authority 5 is in material noncompliance with this section, the holder shall have a rea-6 7 sonable period of time, as specified by the court, to cure such noncompliance. The court may also award the affected local governing authority its 8 reasonable costs and attorney's fees in seeking enforcement of the provi-9 sions of this section. 10

11 50-3009. CUSTOMER SERVICE STANDARDS. A system operator shall comply 12 with the customer service requirements set forth in 47 CFR 76.309(c), as 13 amended from time to time, and shall maintain a local or toll-free telephone 14 number for customer service contact.

15 50-3010. DESIGNATION AND USE OF CHANNEL CAPACITY FOR PUBLIC, EDUCA-16 TIONAL OR GOVERNMENTAL USE. (1) On or after the date on which a system op-17 erator first provides video service to at least one (1) subscriber within the 18 service area of a political subdivision, a system operator shall designate 19 one (1) or more channels for public, educational or governmental (PEG) use, 20 as follows:

(a) Designate channels for PEG use equal in number to those that have
been activated by an incumbent cable service provider on the date on
which the system operator first provides video service to at least one
(1) subscriber within such political subdivision.

(b) If there is no incumbent cable service provider or no channels for 25 PEG use have been activated within the jurisdictional limits of the po-26 litical subdivision located within the system operator's service area 27 on the date on which the system operator first provides video service to 28 at least one (1) subscriber therein, the system operator shall, upon re-29 quest, provide a maximum of two (2), in total, PEG channels for a polit-30 ical subdivision with a population of at least fifty thousand (50,000), 31 and one (1), in total, PEG channels for a political subdivision with a 32 population of less than fifty thousand (50,000); provided however, that 33 a political subdivision may waive PEG requirements of this section. 34

35 (c) The number of PEG channels set forth in paragraphs (a) and (b) of this subsection shall constitute the total number of PEG channels that 36 a system operator may be required to designate on any single head-end or 37 hub office, or on all commonly owned video service networks that share 38 a common head-end or hub office, regardless of the number of political 39 subdivisions served from that head-end or hub office. If more than one 40 (1) political subdivision is served by a single or common head-end or 41 42 hub office, the populations within the jurisdictions of all those political subdivisions shall be aggregated to determine the total number 43 of PEG access channels under paragraphs (a) and (b) of this subsection. 44

(d) Channels for PEG use provided by a system operator may be located by
the system operator on any service tier subscribed to by more than fifty
percent (50%) of a system operator's subscribers or may be provided as
an on-demand service which is available to its subscribers without an

additional charge. Channels for PEG use shall be of similar quality and
 functionality to that offered by commercial channels on such tier of
 service unless the signal is provided to the system operator at a lower
 quality or with less functionality.

(e) A system operator shall not change a channel location assigned to
any PEG access channel without written notice to the affected local
unit of government at least sixty (60) days before the date on which the
change is to become effective.

The PEG agency producing the PEG programming and transmitting it 9 (f) to the system operator shall ensure that all transmissions, content 10 or programming to be transmitted to the system operator are provided 11 or submitted in a manner or form that is capable of being accepted and 12 transmitted by the system operator over its video service network with-13 out alteration or change in the content or transmission signal and is 14 compatible with the technology or protocol utilized by the system oper-15 16 ator to deliver its video service. If the PEG agency cannot produce or maintain PEG programming in that manner or form, the agency shall do so 17 in a manner that conforms to industry standards. If a change in the form 18 of the transmission is required, such change will be done in a manner 19 20 that is most economical to the system operator.

(2) The production and content of any programming aired on any channel
provided for PEG use shall be solely the responsibility of the public, educational and governmental agencies receiving the benefit of such capacity.
The system operator shall bear the responsibility for the transmission of
such content only to the extent that such content complies with the requirements of subsection (3) of this section.

(3) Governmental entities utilizing channels for PEG use shall make the 27 programming of any PEG channel available to all video service providers pro-28 viding service within such governmental entity's jurisdiction in a nondis-29 criminatory manner. Each system operator shall be responsible for providing 30 31 one (1) point of connectivity to the governmental entity's PEG channel distribution point within the jurisdiction to be served. The governmental en-32 tity providing programming for use on a channel designated for PEG use may 33 request a change of the point of connectivity but shall pay the system opera-34 tors all costs associated with the change of the point of connectivity. 35

36 (4) No franchising entity may hereafter require a system operator to
 37 provide any institutional network or equivalent capacity on its video ser 38 vice network.

(5) Where technically feasible, a system operator shall use reasonable efforts to interconnect its video network for the purpose of sharing PEG programming with video service providers. Interconnection may be accomplished by direct cable, microwave link, satellite or other reasonable method of connection. System operators shall negotiate in good faith to provide interconnection of PEG channels. The system operator requesting interconnection shall pay all costs for such interconnection.

(6) The operation of any PEG channel provided pursuant to this section
and the production of any programming that appears on each such channel shall
be the sole responsibility of the governmental entity receiving the benefit
of such channel, and the system operator shall bear only the responsibility
for the transmission of the programming on each such channel to subscribers

1 and the initial cost of connecting to existing and obligated PEG access chan-2 nels.

(7) A political subdivision may require collection, on a nondiscrimi-3 natory basis, by all video service providers providing video service within 4 the jurisdictional limits of the political subdivision, of a separate fee to 5 support the political subdivision's capital costs of providing PEG access 6 7 channels. Any such public, educational or governmental support fee shall be imposed on system operators on a per subscriber basis and shall be lim-8 ited to no more than one-half of one percent (.5%) of gross revenues as de-9 fined in section 50-3006(4), Idaho Code. PEG support fees shall be imposed 10 on video service provider's holding a franchise issued by a political sub-11 division pursuant to section 50-3003(a) or (b), Idaho Code, at the rate and 12 manner as may be set forth in such video service provider's franchise agree-13 ment with the political subdivision. The PEG support fee shall be collected 14 by the video service provider or system operator and paid to the governmental 15 16 entity on the same quarterly schedule as the video service provider fee. The video service provider or system operator may designate that portion of the 17 subscriber's bill attributable to the PEG support fee as a separate item on 18 the bill and recover such amount from the subscriber. 19

50-3011. APPLICABILITY OF OTHER LAW. (1) The provisions of this chap ter are intended to be construed to be consistent with the federal cable com munications policy act of 1984, 47 U.S.C. sections 521 through 573.

(2) Except as otherwise stated herein, nothing in this chapter shall be
interpreted to prevent an incumbent cable service provider, a nonincumbent
video service provider, a system operator, a local unit of government or a
franchising entity from entering into a negotiated franchise agreement with
a political subdivision or seeking clarification of its rights and obligations under federal or state law or to exercise any right or authority under
federal or state law.

(3) Nothing in this chapter shall be construed to limit, abrogate or supersede the provisions of titles 61 and 62, Idaho Code, regarding telecommunications service within the state of Idaho, nor to require a telephone corporation to obtain a certificate of franchise authority or local authorization pursuant to this chapter for the purpose of permitting or authorizing the telephone corporation to construct, upgrade, operate or maintain its telecommunications system to provide telecommunications service.

SECTION 2. SEVERABILITY. The provisions of this act are hereby declared
 to be severable and if any provision of this act or the application of such
 provision to any person or circumstance is declared invalid for any reason,
 such declaration shall not affect the validity of the remaining portions of
 this act.
